ADVICE TO MEMBERS ON DECLARING INTERESTS AT MEETINGS

If you are present at a meeting of the Council, of its executive or any committee of the executive, or of any committee, sub-committee, joint committee, or joint sub-committee of the authority, and you have a **Disclosable Pecuniary Interest (DPI)** relating to any business that will be considered at the meeting, you must not:

- participate in any discussion of the business at the meeting, or if you become aware of your Disclosable Pecuniary Interest during the meeting, participate further in any discussion of the business, or
- participate in any vote or further vote taken on the matter at the meeting.

These prohibitions apply to any form of participation, including speaking as a member of the public.

You **must**:

- leave the room (in accordance with the Members' Code of Conduct)
- make a verbal declaration of the existence and nature of any DPI at any meeting at which you are present at which an item of business which affects or relates to the subject matter of that interest is under consideration, at or before the consideration of the item of business or as soon as the interest becomes apparent.
- declare it to the meeting and notify the Council's Monitoring Officer within 28 days, if the DPI is not already registered.

If you have any of the following pecuniary interests, they are your **disclosable pecuniary interests** under the new national rules. You have a pecuniary interest if you, or your spouse or civil partner, have a pecuniary interest.

- Any employment, office, trade, profession or vocation carried on for profit or gain, which you, or your spouse or civil partner undertakes.
- Any payment or provision of any other financial benefit (other than from your council or authority) made or provided within the relevant period* in respect of any expenses incurred by you in carrying out duties as a member, or towards your election expenses. This includes any payment or financial benefit from a trade union within the meaning of the Trade Union and Labour Relations (Consolidation) Act 1992.

*The relevant period is the 12 months ending on the day when you tell the Monitoring Officer about your disclosable pecuniary interests.

- Any contract which is made between you, or your spouse or your civil partner (or a body in which you, or your spouse or your civil partner, has a beneficial interest) and your council or authority –
 - under which goods or services are to be provided or works are to be executed; and
 - which has not been fully discharged.

- Any beneficial interest in land which you, or your spouse or your civil partner, have and which is within the area of your council or authority.
- Any licence (alone or jointly with others) which you, or your spouse or your civil partner, holds to occupy land in the area of your council or authority for a month or longer.
- Any tenancy where (to your knowledge) –
 - the landlord is your council or authority; and
 - the tenant is a body in which you, or your spouse or your civil partner, has a beneficial interest.
- Any beneficial interest which you, or your spouse or your civil partner has in securities of a body where -
 - (a) that body (to your knowledge) has a place of business or land in the area of your council or authority; and
 - (b) either -
 - the total nominal value of the securities exceeds £25,000 or one hundredth of the total issued share capital of that body; or
 - if the share capital of that body is of more than one class, the total nominal value of the shares of any one class in which you, or your spouse or your civil partner, has a beneficial interest exceeds one hundredth of the total issued share capital of that class.

If you attend a meeting at which any item of business is to be considered and you are aware that you have a **personal interest** in the matter which does not amount to a DPI, you must make verbal declaration of the existence and nature of that interest at or before the consideration of the item of business or as soon as the interest becomes apparent. You should leave the room if your continued presence is incompatible with the 7 Principles of Public Life (selflessness; integrity; objectivity; accountability; openness; honesty; and leadership).

You have a personal interest where –

- a decision in relation to that business might reasonably be regarded as affecting the well-being or financial standing (including interests in land and easements over land) of you or a member of your family or a person or an organisation with whom you have a close association to a greater extent than it would affect the majority of the Council Tax payers, ratepayers or inhabitants of the ward or electoral area for which you have been elected or otherwise of the Authority's administrative area, or
- it relates to or is likely to affect any of the interests that are defined as DPIs but are in respect of a member of your family (other than a partner) or a person with whom you have a close association.

Guidance on declarations of interest, incorporating regulations published by the Government in relation to Disclosable Pecuniary Interests, has been circulated to you previously.

You should identify any potential interest you may have relating to business to be considered at the meeting. This will help you and anyone that you ask for advice to fully consider all the circumstances before deciding what action you should take.

In certain circumstances the Council may grant a **dispensation** to permit a Member to take part in the business of the Authority even if the member has a Disclosable Pecuniary Interest relating to that business.

To obtain a dispensation, you must write to the Monitoring Officer at least 48 hours before the meeting in question, explaining why a dispensation is sought and desirable, and specifying the period of time for which it is sought. The Monitoring Officer may consult with the Independent Person or the Council's Audit and Standards Committee in relation to a request for dispensation.

Further advice can be obtained from Gillian Duckworth, Director of Legal and Governance on 0114 2734018 or email gillian.duckworth@sheffield.gov.uk.

1.0 PURPOSE OF REPORT

1.1 To consider an application for the grant of a Static Street Trading Consent trading as Grill Time to trade on land in front of 75-77 The Common, Ecclesfield, Sheffield, S35 9JW.

3.0 THE APPLICATION

3.1 A static street trading application was submitted by Mrs Shanell Eddy trading as Grill Time on the 18th June 2020; a copy of the application is attached at Appendix 'A'.

3.2 The application is a request to sell fast food which includes burgers, donuts, hotdogs, etc. from a catering trailer described in the application from Tuesdays to Fridays inclusive 09.00 to 16.30.

3.3 The site is located on a private piece of land and permission for the use of the land has been granted to the applicant by the landowners.

3.4 The application was circulated, in the usual manner, to South Yorkshire Police, South Yorkshire Fire and Rescue, Highways and SCC Planning Department on the 18th June 2020.

3.5 Notices of the application have also been placed at the site to allow for public consultation.

4.0 REASONS FOR REFERRAL

4.1 The application has been referred to the Sub-Licensing Committee as we have received the following objections to the application:

9 x objections against the application – by local residents and businesses.
Copies are attached at Appendix 'B'

4.2 The content of the objections submitted refer to factors which can be taken into consideration in determining a street trading consent; these are detailed in section 2.8.2 of the Street Trading policy. Members are to also note that the objections also refer to requirements contained in our City Wide Qualitative Criteria listed at Appendix 7 of the Street Trading Policy.

4.3 Three letters of support of the application have been also been submitted; this is attached at Appendix 'C' of this report.

4.4 Members should consider all the information provided by the applicant both in their written application and in person at the hearing.

4.5 The applicant, objectors and the supporters have been invited to attend the Licensing Committee hearing. Copies of the invites are attached at Appendix 'D'.

4.6 A copy of the hearing procedure is attached at Appendix 'E'.

5.0 FINANCIAL IMPLICATIONS

- 5.1 Street trading fees are set and reviewed annually on a full cost recovery basis. The level of fee takes into account the location, duration of consent, the trading hours and articles to be sold as well as the enforcement of the terms and conditions.
- 5.2 Fees for static consents are determined at the grant of the application therefore there are no financial implications arising from this report.

6.0 RECOMMENDATIONS

- 6.1 That Members consider all the relevant information available, any representations that may be made and the street trading policy.

Dear Sir/Madam

Regarding the Proposed application for the Street Trading License for a burger van to be sited on the corner of the crossroads The Common , Ecclesfield, Sheffield, (facing 14&half metres from residential property on Nether Road.)

I am writing this letter to strongly oppose to it being here, as I am a resident who lives on Nether Road, and the problems that occurred when Riggs Gourmet Grill was trading was actually a relief when he closed his business in October 2019.

For instance, when Mr Riggs applied for planning, the site was classed as The Common , Nether Lane so none of the residents had any news that a burger van was going to be sited due to the fact it's actually Nether Road not Nether Lane as the road splits in to two?

The Gourmet Grill was only supposed to be there temporary, but ended up been there 11 years.

There are double yellow lines outside the properties on Nether Road, even though there was allocated parking, big HGV Lorries was parking on the pavement outside the properties to go and purchase a burger. This was very frightening and very dangerous for some of the residents and the general public as some of them are old who live there and could not step out of there front gates as there was no room to walk on the pavement, so I feel if you was to permit a Licence for Food Trading that we are going to have the same problem.

There have been a quite a few road accidents on the crossroads and I feel that a large catering van will obscure a lot of their vision of oncoming traffic as they will not be able to see other oncoming traffic.

The New applicant has already traded there for a day, on 9th June 2020 they came around 8am and had to stop all the traffic to get the large catering van parked up, and didn't leave until 7.30pm.

During that time a large noisy and smelly Generator was used, it was just unacceptable to hear this so close to the properties, I could hear it in my front room with the TV on and it was going on all day and just could not relax in our own homes. It was a nuisance; all the residents and even the general public who walked passed was much upset at the site and size of it. After the catering van had left there was black bags in the middle of the road and some of what the customers had purchased some of them threw there rubbish on the floor and ended up in residents front gardens. Also my concern is the pollution from the generator, it is a very busy road and the pollution is bad enough without adding more pollution to it.

Also I would like to point out a very concerning issue regarding selling our properties, How could anybody sell their properties with a large burger van parked outside their homes it would just devalue the properties that people have worked hard for, so how can this be justified when we feel that we could never sell out properties for the right market price.

Please can you understand how strongly our concerns are and that you can see reason to reject the proposed licence, surely there are better allocations far more ideal for this kind of business where that they are not so close to people's homes.

Thank you

Yours Sincerely :

Re; Street Trading Application Shanell Eddy T/A Grill Time, 75-77 The Common, Ecclesfield, S35 9WJ

Dear Sir/Madam,

As resident/owner of a property on Nether Road directly the opposite the proposed Catering Unit Trailer I wish to object strongly to the application for the following reasons in no particular order of complaint.

- When Gideon Riggs was previously granted permission on 27th May 2008 the trading hours were limited from 7.30 to 14.00. The applicant although proposing a 9.00am start wishes to close at 16.30. I believe this would be to capture the trade from school children who finish around 15.00. These customers are likely to walk with their purchase & potentially create litter away from the proposed site.
- The siting of the van negates the car parking spaces that Gideon Riggs previously had for his customers. This is unacceptable as street parking on double yellow lines was a problem even with approx 8 spaces available & causing congestion around the junction of Nether Road & The Common. We also have what I consider a high number of emergency vehicles passing through the junction & any extra congestion would add to their response times.
- When Gideon Riggs had the van sited previously there was no customer toilet available & on several occasions customers would use the pathway or "jennel" to urinate at the side of my house creating an environmental problem.
- Gideon Riggs was granted permission owing to "special circumstances". I believe these to be that he wished to diversify his butchers business to avoid having to close down & for this reason alone.
- The applicant is proposing a diesel generator to power the catering van. Why is this necessary when there is power within the existing building? Apart from creating more pollution on an already high traffic junction is this to avoid paying higher rent & business rates by renting the building instead of just the car park?

- Although this is a very busy junction for traffic the noise we get from vehicles is a passing noise & has to be accepted however, a sited diesel generator even a silent running one would create a constant noise in & around my house which is unacceptable to me. Indeed when the catering van arrived on 9th of June without approval this was the case & I could even hear it in my back garden.
- The siting & look of the van I feel is not in fitting with the other properties around Nether Road & The Common. We have mostly stone fronted properties including the Aldi Supermarket which was built several years ago having stone frontage.
- I feel that allowing this catering van outside my property (15m boundary to boundary) would be detrimental to the price & desirability of not just my house but property within the surrounding area.
- I feel that the siting of the van would be detrimental to the vision of motorists. We have had several accidents on the junction; thankfully none too serious but the siting of the van I feel would only add to the potential for an accident. (See Attached picture)
- The proposed siting of the catering van either with or without cooking extraction would create undesirable smells & as well as the extra pollution from the diesel generator.
- The siting & removal of the van daily will create traffic problems. The road would be blocked for potentially several minutes in the morning & again in the afternoon which would create more congestion on the junction.

In summary, I strongly object to the proposal having already seen & heard what detriment the catering van will bring to the area on the 9th June when it arrived without permission.

I hope the council will agree that the proposal is both visually & environmentally unacceptable & refuse the applicants proposal.

Yours Sincerely

Grill time would like to thank all our customers that purchased from us yesterday whilst we was open with our catering unit at the former Petter Riggs Buchers Ecclesfield.

The owner of the site has given us full permission to trade on the site and is very keen to get us back to bussines, once we have required the specific static street traders licence required.

We would also like to apologise to any local residents that were upset by the noise of our generator. We have fully took on board any complaints and will make other arrangements to use a silent running generator in the future. In addition to this we will also adhere to trading times that will be 9am to 5.30pm.

We will keep you all posted when we are going to be back on site, see you soon Grill Time.

Dear Sir/Madam

We are writing to object to the proposal of the burger van on the old Riggs Butches Land, 77 The Common in Ecclesfield, Sheffield S35 9WJ. We have many concerns regarding this matter which was brought to our attention when they traded without a licence on Tuesday 09/06/20. They traded without a licence between the hours of 9am to 6.30pm. They arrived at this location at 7.45am and did not leave until 7.30pm. The hours they said they were trading were 10.30 until 6.30. This was well over the hours proposed and the noise was outrageous due to the generator.

The main concerns:

1 The noise of the generator

The generator was brought trailered by a van, the burger van brought on a lorry. The generator is so loud and made our houses shake. It was horrendous.

2 Distraction to the traffic and pedestrians

On the day of trading "illegally" the van was placed on the corner, so it was very distractive to drivers and pedestrians including children on foot.

Cars were driving by taking more notice of the big burger van, than they were the road. Bearing in mind this is an extremely dangerous place on the crossroads, not just for drivers but for pedestrians crossing the road too. A school child walking home from school could have very easily been knocked down if it were a normal time and we wasn't lockdown due to covid- 19 at the time of them trading.

3 Invasion of privacy

If the burger van were to be put down the side of the building at Riggs Butches, it's that big that it would be an invasion of privacy on all our properties.

The staff working on the van would look up and be directly looking in our houses. Also, the customers would turn around and be doing the same. This would then cause all of us to close our curtains/blinds. This would then block out all our natural sunlight due to a burger van trading there. It is particularly important for our health to have sunlight therefore it should not be allowed.

4 Litter

Litter will definitely be an issue in our area if they were to trade as there as packaging would get blown out of hands and on to the streets and the school children would just throw it on the ground. Left over food would also be around causing it to smell and encourage rats.

5 Traded Illegally already

So, Grill Time, already took a day's wage by trading illegally. If they get the go ahead to this proposal what is to say they will not be there more days and longer hours? People want to relax after they finish work, not listen to the noise of the generator, then start cleaning up litter etc.

6 Illegal Parking

When Riggs was there it caused lots of illegal parking and I couldn't even get up my path to my car with a single pushchair so when I had a double pushchair I had to walk on the road into oncoming traffic putting children in danger.

7 Photographing my home

On the day of trading illegally, as they were going home at 7.30pm they stopped on the road and took a photograph at my house and shouted out which number it was. I believe this is because I questioned them on the days and hours, they were trading. This is an invasion of privacy and if there doing this on day one of trading what will happen if they trade there on a regular basis. Will they then continue taking pictures of people in their homes? Was this some kind of threat?

8 Attracting people from all areas

As above parking was always an issue with a small food van even though there was a car park for the customers. A bigger van means more customers from all over causing concern about parking and safety of pedestrians.

9 Local businesses

There are already a small sandwich shop and chip shop just on the other side of the road. If the burger van were to get this permit it would jeopardise these 2 small local businesses.

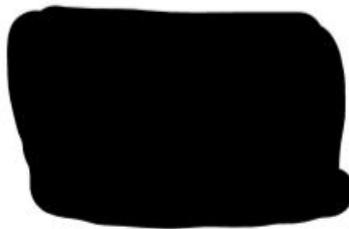

10 House prices

Our Terrace house price would drop in price if we wanted to sell them due to this van. This kind of van is for funfairs, seaside resort fronts, not for a small village of Ecclesfield. It would not suit the Village.

Yours sincerely

we live directly across the road, where
there are double yellow lines on either side where
by law there is nowhere to park legally, only

There are traffic lights on the cross

Goodwin's Deli

Ecclesfield
Sheffield
S35 9XP

Date: 05/07/2020

Ref: Applicant: Shannell Eddy T/A Grill Time

Proposed Location: 75-77 The Common, Ecclesfield, Sheffield, S35 9WJ

Dear Sir/Madam,

I write with regard to the above reference and proposed location.

I am the owner of Goodwin's Deli (address as above) which is located across the road from the proposed location where the static street trading license application is wanting to trade from.

I whole-heartedly object to the proposed application for a variety of reason's and urge you to consider the following when determining the outcome of the application:

1) Previous planning for the proposed location of: 77 The Common, Ecclesfield, Sheffield, S35 9WJ

08_00078_FUL__ 286216 stated:

"...a mobile catering van sited to the front of the building, is unacceptable in terms of its appearance and would be overly prominent and of visual detriment to the street scene. The scheme is therefore contrary to Policies BE5 and S10 of the Sheffield Unitary Development Plan.

Recommendation

Refuse"

Furthermore, 08_00078_FUL__ 290284 states:

- *The mobile catering van shall be removed on or before the 31st May 2011. In the interests of the amenities of locality.*
- *This planning permission shall enure solely for the benefit of Mr Gideon Riggs. Owing to the "special" circumstances of the (then) applicant.*

Please see the attached photo of when the Grill Time catering van illegally traded at the proposed location on 9th June 2020 which is clearly contrary to the above with regard to it's appearance, prominence and visual detriment to the local street scene. In addition, I question why the Sheffield City Council have failed to ensure the conditions under 08_00078_FUL__ 290284 have been adhered to (given that Rigg's catering van was still trading up until October 2020)?

2) Highway's

With regard to Highways, 08_00078_FUL__ 286216 also stated:

"The siting of the van (should)... not obstruct sight lines for vehicles entering / leaving the highway. The adjacent signal control junction is also protected by Traffic Regulation Orders to prevent indiscriminate on-street parking. Situated in a popular residential and commercial area, the site is close to good public transport links."

However, when present on 9th June 2020, Grill Time **did obstruct** and **did not prevent on-street** parking as car's, lorry's and other large construction vehicles were parking on double yellow lines on Mill Road, Nether Road and The Common to eat their purchases from Grill Time, putting both the oncoming traffic at all concerned junctions and pedestrians at risk.

Further to the previous planning conclusion for the siting of a mobile catering van for the named location, 08_290284__ FUL states that:

"...the mobile catering van shall be removed on or before the 31st May 2011. In the interests of the amenities of the locality"

And that the ***"planning permission shall enure solely for the benefit of Mr Gordan Riggs (previous land owner) owing to the special circumstances of the (then) applicant"***

Given the above it is clear that not only did Gordan Riggs continue to illegally trade beyond 31st May 2011 from the mobile catering van but Grill Time have also illegally traded on the proposed site (9th June) without a license nor current planning permission. I wish to re-emphasise that the Grill Time catering van is not a feature which is *"in the interests of the amenities of the (Ecclesfield) locality"* (please refer to the photo attached and to the previous planning application for the proposed site).

3) Health and Environment

Further concern and objection is with regard to the welfare and safety of the local community and environment with the ongoing use of a generator to supply on a regular daily basis within the same proximity over a period of time.

As specified under SGS generator guidance:

There's three main safety concerns when dealing with a generator;

- Carbon Monoxide (CO) emissions and the potential for CO poisoning
- Electrical hazards and the potential for electric shocks / electrocution
- Fire and explosion hazards

I particularly want to focus on the first point of, Carbon Monoxide (CO) emissions and the potential for CO poisoning where it is stated:

"Carbon Monoxide Poisoning...is by far, the most serious danger involved with using a generator is carbon monoxide poisoning (CO). Every year, people die because they incorrectly use a generator and get CO poisoning. Generators, as with many engine run machines, produce a lot of carbon monoxide very quickly. It's completely odourless and you can't see the gas. Even if you can't smell the exhaust fumes, it doesn't mean you're not exposed".

I therefore feel that the use of a generator over a period of time in a designated area will increase the potential risk of carbon monoxide poisoning to the community whilst in addition recognizing and questioning the electrical and fire/explosion risk as per HSE requirements.

4) Personal Business Perspective:

I purchased my business Goodwin's Deli (formerly known as "Lucy's Sandwich Bar") in July 2019. After spending several months renovating the property, I finally opened in December 2019. However, the opening was delayed by a month (originally planned for November) as the property was subject to flooding caused by the culvert running through the neighbouring house. As this was a new business venture, it was taking some time to build trade up and unfortunately was yet again hit by flooding in February 2020. Finally, when trade was beginning to improve the world was hit by the COVID-19 pandemic and I subsequently had to close the doors for a period of 7 weeks until it was deemed that my business (being take-away food) was able to trade with social distancing measures in place. However, on the morning of 9th June a burger van (Grill Time) appeared on the premises of 77 The Common (on the opposite side of the road) and was trading to the public. As you can imagine this was yet another blow to my new business (albeit for one day) and I made the necessary enquiries to the local authorities.

It transpired that, although the recent new owner of the land/property of 75-77 The Common had given permission for their trading on the land, "Grill Time" did not have a valid/current license to street trade there. Thus, despite my misfortunes in purchasing a business that has been subject to recent flooding and a pandemic, an "illegal trader" assumed to inflict yet further difficulty on my business.

Since the 9th June, Grill Time have not re-appeared and have submitted their application for license to trade. However, I am pleased to report my business has now begun to see an improvement in trade and should the application for Grill Time be approved for the land of 75-77 The Common then I fear this would crucify not only my business financially but myself personally.

In addition, there are currently ample food businesses within the area where there is "just about" enough passing trade and footfall for us all to survive. For example, also located on Mill Road is the Village Friery who sell fish and chips, there is the Aldi and Morrisons both located on The Common with ample parking facilities, in addition to Le Petit Café on Church Street and The Mobri Bakery also offering hot and cold sandwiches. However, as small local businesses we strive to support one and other and do not aim for competition but rather work together as a community.

I once again urge you to consider the above objections and points raised when determining the license application. I recognise that Grill Time have stated on Social Media recently that they are "only trying to make a living", in response, I urge you to also recognise that "we" as small local businesses are also struggling and striving to make a living (particularly during these difficult (pandemic) times and ask for the local and district council to support us and reject the license application.

I live [REDACTED] of Ecclesfield Common and Nether Road. The van is set up in the car park of the butchers and old RBS building across the road.

My concerns and reasons for opposing the burger van are as follows.

- Increased traffic and parking problems.
- Noise pollution from generator.
- Youths gathering/creating anti-social behaviour.
- Vermin.
- Litter.
- The odour coming through open windows.

I came out of Mornings a good

that sounded like a motor bike
revving up as I got closer to

Neither here the noise was unbelievable coming from a huge generator. The noise was terrible and the vibration it had brought all the residents out from the terraced houses opposite. You could not hear yourself speak it was way above the decibels accepted in a residential area. and from an Environmental health point of view not only do these houses get all the noise and fumes from the gas stoves at the traffic lights now your proposing this so called racket, the houses are not worth much anyway but you will now be claiming them worthless to the people that have lived in them for a long period, yes some old people. You could hear the generator on Miller Lea Farm Drive that's how loud it was. Then we have the problem of

It states on you website Stalls must enhance the visual appearance of the street rather than detract from it and constructed in a subtle style and appropriate materials this is not the case for this application not what you would expect to find in a village is it.

Please have a look at all my points if this application gets passed it will be shown on you this individual will have a will make plenty of money from his activities but they are not required in the Parish of Ecclesfield.

Hi

I would like to offer my support to the application for a Burger Van at 75-77 The Common in Ecclesfield.

Any objections in regards competition should surly be ignored. As a business it is up to each one to strive to attract customers and should not have outside influences protecting their business. We need to adapt to new challenges.

There is only a sandwich shop opposite that could have any real complaint and then a chip shop. A burger van offers different options to the local community and could in fact enhance their trade.

In regards any traffic concerns; this area used to support 2 businesses in RBS Bank and a local butchers, these have now move on and the corner stands uninhabited. A business of any kind should be welcomed than rather a neglected plot of land.

Kind Regards

I am writing this email as the site owner of Nos. 75 and 77, The Common, Ecclesfield, S35 9WJ.

Shanell Eddy contacted me and asked my permission to put her food retailing trailer on the site on a temporary basis, I met with Shanell and her husband and listened to what they had to say and quickly realised that their business had been decimated by Covid 19 and was very happy to help.

They both came across as decent and hard-working individuals that just want to earn a living and to be fair I thought that the least I could do would be to grant them my permission and to try and help them get back on their feet, please can you accept this email as my wholehearted support for their application for a licence on my site.

To whom his may concern i write to you In support of 'Grill Time' catering van opening for business in Ecclesfield at the former Peter Riggs Butchers site.

At a time where people are struggling in a worldwide pandemic I am fully supportive of businesses that are at risk of sinking. Fortunately or unfortunately for me I haven't been furloughed and continued to work the last few months meaning I am recieving full pay from my employer. Because I am in a position to do so I have continued to support local businesses, I have continued to pay my daughters childcare provision when they had to close due to staffing issues. I continue to support local shops for my family essentials and I have continued to support small takeaway businesses. Grill time being one of these.

There were 2 main issues raised one being traffic, as this is a high traffic area anyway I'm not sure this would make much of a difference but there is parking available for customers. This traffic would be no different to that of the previous bank or butchers shop traffic.

The other issue noted was the noise, the company have now advised they have purchased a quieter generator to solve that problem. They have adjusted opening hours to daytime so noise should not really disturb anyone.

The location is placed at the heart of many business in the area and I think Grill Time would thrive being temporarily based here.

These businesses have continued to trade throughout the lockdown with most of these employees still on full pay. These people are key to keeping our economy going and if this is how they can support local why wouldnt we encourage this.
