### **Summary:**

Foundation Trusts are required to produce an Annual Quality Report, which sits alongside the Annual Report, and specific reporting requirements are detailed in Monitors NHS Foundation Trust Annual Reporting Manual 2014/15.

The Quality Report has two key aims; to report on the quality of services delivered by Sheffield Teaching Hospitals in the year 2014/15 and to identify the Quality Report Objectives for 2015/16.

A draft of the Quality Report 2014/15 has been produced and is enclosed for the Committee to consider and provide views, comments and recommendations on the contents for the report. The most up to date data has been used, where available, throughout this report. Please note that in most cases this is quarter 3 data (the first 3 quarters of the financial year 2014/15) which will be updated when the data becomes available. Due to the changes in the data the supporting narrative may also change slightly in the final version. Figures and sections that require updating are marked in **RED**.

The overall report production is supported by the Quality Report Steering Group which advises on content, format and design. The Quality Report Steering Group membership is supported by Healthwatch and a number of Trust Governors who contribute widely to the process of production. The final Quality Report requires presenting to the Board of Directors in May 2015. In line with statutory requirements the draft Quality Report and various supporting documents will be submitted to KPMG for external assurance and audit.

The Quality Report 2014/15 is presented to the Scrutiny Committee to request their views and comments.
