

## PLANNING AND HIGHWAYS COMMITTEE 17 May 2016

### SUPPLEMENTARY INFORMATION

#### APPLICATIONS UNDER VARIOUS ACTS / REGULATIONS – SUPPLEMENTARY INFORMATION

**1. Application Number: 16/00071/FUL**

**Address: 77 Walden Road, Sheffield S2 3PL**

#### **ADDITIONAL REPRESENTATIONS**

Since the agenda was published, a total of 10 letters of support, including 6 from residents of Walden Road and 1 from the applicant, have been submitted in relation to the proposals and making the following comments:

- There is not a major parking issue on the road. Some residents choose to park on the road rather than on their drives, which might be part of the problem.
- The house is for a family home and not for a house in multiple occupation. The family currently live in a caravan on their family run farm and have 3 children and another on the way, hence the need for a house with a substantial number of bedrooms.
- The family have immediate family in the area and the children already attend a local school. They were brought up in the immediate area so have a strong connection to the local community.
- The family only have 2 cars so can easily accommodate these on the proposed double drive without causing any congestion or problems to neighbours.
- The family are happy to talk to neighbours who have objected to the proposal to put their minds at rest.

**2. Application Number 16/00375/FUL**

**Address site of Old Westfield School and Sports Centre, Westfield Crescent,  
Sheffield, S20 5AQ**

#### **AMENDED CONDITION**

Reason: In order to define the permission.

**ADDITIONAL CONDITION**

Prior to the commencement of development details of the final finished floor levels will be submitted to and approved in writing by the Local Planning Authority. Thereafter the development shall be constructed in accordance with the approved details.

Reason: in order to define the permission

## **UPDATE**

It is noted that site levels have been given on the sections drawings, however these are indicative only.

The affordable housing section of the report contains an error. The report states that the affordable housing will comprise 11 x two-bedroom dwellings and 6 x four-bedroom dwellings, however it will in fact be 9 x two-bedroom dwellings and 6 x four-bedroom dwellings. It is highlighted that the total number of affordable units will be 15 and that this amounts to 10% which is in line with Policy CS40.

## **ADDITIONAL REPRESENTATION**

One additional letter of representation has been received from LeGeWAP (Lets Get Westfield a Park). LeGeWAP have 28 members and are campaigning to get a park for Westfield. The group have carried out extensive consultation and research and believe that there is a serious need for a playground in Westfield. Several pocket parks were created when the estate was built, but all have fallen into disrepair and there is no play equipment remaining.

There is unanimous local support for a new park and the new development will attract more families and hence increase demand for a playground.

The group are aware that CIL is the main mechanism used to secure all developer contributions, with the exception of affordable housing. The Regulation 123 List does not allocate any CIL funding towards open space provision in Westfield. As a result of this and the previous lack of investment in parks and playgrounds in Westfield, the group welcome the opportunity to be involved with any future discussions regarding how the CIL contribution from this application will be spent.

## **RESPONSE**

The CIL and Planning Obligations SPD states at section 4.13, that a portion of CIL funds will be spent in the area where the development is taking place following agreement with the local community on local infrastructure priorities. This "neighbourhood portion" will typically be 15% of CIL receipts received as a result of development in that area. Where there is no Parish Council, the Council will hold the CIL money on behalf of the local community and the Council will work with the local communities to determine how this is spent. The spending of the money will largely be determined by the Local Area Partnerships who will focus on tackling 3 or 4 key priorities, which have been informed by the ward plans.

The committee is advised that a signed legal agreement with regards to the provision of affordable housing has not yet been received. However, work on this document is ongoing and the decision will not be released until the legal agreement has been received.

**3. Application Number: 15/04196/FUL**

**Address: Creevela Works, Parsonage Street**

**Additional condition**

Notwithstanding the indication on the approved plans, the balconies indicated shall be “Juliet style” balconies and shall not project from the rear wall of the building, as confirmed in the email from the agent dated 17 May 2016.
