Current Work Programme 2019/20: Safer & Stronger Communities Scrutiny Committee - Thursday 19th September 2019

1.0 What is the role of Scrutiny?

1.1 Scrutiny Committees exist to hold decision makers to account, investigate issues of local concern, and make recommendations for improvement. The Centre for Public Scrutiny has identified that effective scrutiny:

- Provides 'Critical Friend' challenge to executive policy makers and decision makers
- Enables the voice and concern of the public and its communities
- Is carried out by independent minded governors who lead and own the scrutiny process
- Drives improvement in public services and finds efficiencies and new ways of delivering services

1.2 Scrutiny Committees can operate in a number of ways – through formal meetings with several agenda items, single item 'select committee' style meetings, task and finish groups, and informal visits and meetings to gather evidence to inform scrutiny work. Committees can hear from Council Officers, Cabinet Members, partner organisations, expert witnesses, members of the public. Scrutiny Committees are not decision making bodies, but can make recommendations to decision makers.

2.0 Legislative Powers relevant to Safer and Stronger Communities Scrutiny and Policy Development Committee

2.1 Under the Police and Justice Act 2006, every local authority is required to have a Crime and Disorder Committee with the power to scrutinise the local Crime and Disorder Reduction Partnership or Community Safety Partnership as they are now referred. In Sheffield the Crime and Disorder Committee is the Safer & Stronger Communities Scrutiny Committee and the local Crime and Disorder Reduction Partnership (CDRP) is the Safer and Sustainable Communities Partnership.

2.2 The requirements of the 2006 Act were enacted by the Crime and Disorder (Overview and Scrutiny) Regulations 2009 which came into force for local authorities in England on 30 April 2009. Under the Act the Crime and Disorder Committee (in Sheffield the Safer & Stronger Communities Scrutiny Committee) can:

- Scrutinise decisions made and actions taken in connection by the responsible authorities that make up the CDRP / Community Safety Partnership
- Request information from the responsible authorities
- Require attendance of officer or employees or responsible authorities to answer questions or to provide information.

- 2.3 The Safer and Sustainable Communities Partnership is made up of all the public services in the city, with representatives from the private and voluntary sectors. The Partnership considers issues across the breadth of community safety, such as: crime, anti-social behaviour, drug and alcohol misuse, community cohesion, preventing offending and reoffending, and protecting vulnerable people.
- 2.4 The bodies represented on the Partnership have a statutory duty to work together to prevent crime and disorder in their area. The Partnership is also required by statutory regulation to produce an annual assessment of the levels and patterns of crime, disorder and substance misuse, and agree an annual partnership plan. This is referred to as the Joint Strategic Intelligence Assessment. The Committee usually considers an annual reporting item from the partnership, and would expect this January/March 2020. The work programme could incorporate a more present through the year scrutiny of Sheffield's community safety partnership (The Safer and Sustainable Communities Partnership).
- 2.5 The Police and Crime Panel was established with the statutory function to scrutinise and hold to account the Police and Crime Commissioner for South Yorkshire. The Committee have at times received an update on the work of the Police and Crime Panel.

3.0 Determining the work programme

- 3.1 Attached to this report at Appendix 1 is a current work programme 2019/20.
- 3.2 It is important the work programme reflects the principles of effective scrutiny, outlined above at 1.1, and so the Committee has a vital role in ensuring that the work programme is looking at issues that concern local people, and looking at issues where scrutiny can influence decision makers. The work programme remains a live document, and there will be an opportunity for the Committee to discuss it at every Committee meeting, this might include:
- Prioritising issues for inclusion on a meeting agenda
 - Identifying new issues for scrutiny
 - Determining the appropriate approach for an issue – e.g. select committee style single item agenda vs task and finish group
 - Identifying appropriate witnesses and sources of evidence to inform scrutiny discussions
 - Identifying key lines of enquiry and specific issues that should be addressed through scrutiny of any given issue.
- 3.3 Members of the Committee can also raise any issues for the work programme via the Chair or Policy and Improvement Officer at any time.

4.0 Meeting Dates 2019/20

4.1 Meetings have been scheduled for Thursdays 5-7pm on the following dates:

- 24th October 2019

5.0 Recommendations

5.1 The Scrutiny Committee is being asked to:
