For example (but not exclusively) where the activity will occur on additional days during the summer months.

NONE

Non standard timings. Where you intend to use the premises to be open to the members and guests at different times from those listed in the column on the left, list below

For example (but not exclusively), where you wish the activity to go on longer on a particular day e.g. Christmas Eve.

NONE

#### Section 18 of 21

#### LICENSING OBJECTIVES

Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b,c,d,e)

List here steps you will take to promote all four licensing objectives together.

Having a capacity of 25 will mean that we will be able to promote all of the four licensing objectives easily and correctly. Keeping it at capacity or lower to prevent over crowding. Having all staff health and safety trained. Having disable access, with relevant hand rails and course-ways spacious. Having security and a strict 'challenge 25' policy. Keep windows and doors closed during opening times. Have CCTV, install correct emergency lights, smoke and heat detectors and fire points. Stop serving food and drinks at 11pm, allowing for customers to leave at a reasonable time respectfully to not disturb nuisance to neighbors.

b) The prevention of crime and disorder

Will take all necessary steps to prevent any anti-social behaviour or breach our licensing conditions, criminal offence (which will be reported to the police first). We will also have a security on weekends to further prevent any crime and disorder. We will also have CCTV throughout the building.

c) Public safety

Myself and the staff will all be first aid trained. We will keep to our strict 25 person capacity to prevent over crowding, we will also install correct ventilation to ensure not only suitable working conditions but nice environment for our customers. We will also ensure the correct training for staff on the Licencing act and Health and Safety. There will also be a fire safety risk assessment for staff and customers. Easy access for any emergency vehicles. All doors, lighting, heating, sanitary, wash facilities and seating will all be kept in good and safe condition.

d) The prevention of public nuisance

Prominent, clear and legible notices will be displayed at all exits requesting the public to respect the needs of nearby residents and to leave the premises and the area quietly. Deliveries of materials necessary for the operation of the business will be carried out at such a time or in such a manner as to prevent nuisance and disturbance to nearby residents. (Between 9am - 6pm) I will ensure that staff who arrive early morning or depart late at night when the business has ceased trading conduct themselves in such a manner to avoid causing disturbance to nearby residents. Customers will be asked not to stand around talking in the street outside the premises; and asked to leave the vicinity quickly and quietly to not disturb neighbors. There will be no bright lights shining away from the building, all waste and empties of the bin will be done before 11pm. All doors and windows will be closed at all times to ensure no nuisance.
