

- antisocial behaviour from inebriated patrons.

Granting a licence would provide a further source of alcohol and noise within an area already heavily populated with licensed premises. There are four premises located within 50 meters of 78 Nether Edge Road that are already licensed to serve alcohol and play music until 23.00 or 23.30 seven days a week. These are:

- Café #9, 9 Nether Edge Road, S7 1RU
- Nether Edge Bowling Club, 8 Nether Edge Road, S7 1RU
- Homemade by Thelma's, 4 Nether Edge Road, S7 1RU
- The Union Public House, 1 Union Rd, Nether Edge, Sheffield S11.

As residents, we already suffer noise nuisance and antisocial behaviour as a consequence of alcohol being served at these premises. In our household, we are already taking measures such as keeping windows closed, having acoustic glass installed in our windows, wearing earplugs, and turning our television up to combat existing noise from existing premises. Litter, urination and bottles being left around make our neighbourhood look unpleasant, and makes it less pleasant to live here. We are kept awake at least twice a week by noise from the premises listed above, including loud conversations from customers as they arrive at and leave the premises; increased road noise from additional customer traffic; and antisocial behaviour from inebriated customers. This has led to disturbed sleep and lack of peace and quiet, including the disturbance of our two-year old child. It has also meant us having to keep our windows shut in summer and our car being damaged during an altercation in the street. Adding an additional bar/restaurant to the road will inevitably increase this disturbance.

In view of the above, I would urge the Licensing Authority to refuse the application.

Yours faithfully,
