

Rose Garden Café Restoration & Refurbishment

The Rose Garden Café Partnership

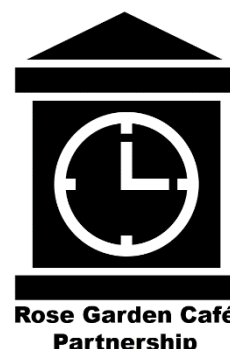

Rose Garden Café Survey

The Rose Garden Café Partnership is working towards the restoration and refurbishment of the Rose Garden Café in Graves Park. We need your help to understand how you use the café and what you'd like to see happen with the restoration and refurbishment. Your view is important to us and will inform the design proposals, future use of the building and help with funding bids.

Please complete this brief survey to assist us with this process. If you would prefer to fill the survey in online or would like to find out more information please use the QR code or use the link <https://haveyoursay.sheffield.gov.uk/rose-garden-cafe>

The survey closes April 19th 2024, the consultation results will be published on the Rose Garden Café Have Your Say webpage.

Design Considerations - The new design for the restoration and refurbishment of the café will need to balance and prioritise a functioning building whilst preserving its heritage, history, appearance and improving energy efficiency. The 8 design themes below describe different design considerations for the restoration and refurbishment.

Please let us know which of the design themes are important to you and share your ideas.

Access

- Greater accessibility for a wider range of people.
- Making a comfortable space for people to use.

Community & enterprise

- Making the inside of the café as adaptable as possible meaning it can have a wider range of uses enabling community use and/or more chances to raise income.

Heritage & identity

- Respecting the café's history and importance in people's lives.
- Community space or display opportunities
- Restoring the clock tower.

Interior design

- The use of colour, light and decoration to make the inside of the café enjoyable to be in.
- Design and art works inside the café that show its history.

Maintenance

- Using high quality sustainable materials.
- Making sure work is carried out to a high standard.
- Making sure things that need maintenance are easy to get at.

Park context & history

- Better connections between the outside and inside.
- Recreating the best of the café's past features.

Security

- Protecting the café building and the wellbeing of the people using it.
- Use things like window shutters and resilient materials to protect against vandalism.

Sustainability

- Finding ways to make the restored café more energy efficient and easier to maintain.
- Improving waste disposal systems.
