

PART A - Initial Impact Assessment

Proposal Name: Housing Policy Committee Year Ahead 2024/25

EIA ID: 2818

EIA Author: Peter Brown (HSG)

Approval Status: Approved

Proposal Outline: In 2023/24, the Council made significant progress, working with communities and partners to agree long-term City Goals for Sheffield and a four-year Council Plan aligned to our Medium-Term Financial Strategy. Our progress was recognised by the LGA in our Corporate Peer Challenge Progress Review (Dec 23) and demonstrated by the delivery of real impact for citizens; from our 'good' OFSTED rating for children's services to the transformation of our city centre and creating the UK's first Investment Zone. This paper outlines a forward agenda for the Housing Policy Committee for the 2024/25 year, setting out the key steps this committee needs to take to build on the progress made last year and to deliver our Council Plan. This includes the need to prioritise our resources on our Council Plan outcomes and become a community and customer focused organisation to deliver high quality services for the people of Sheffield and address the financial pressure facing the Council.
