

Full Assessment

Category	Impact	Description of Project Impact	Mitigation Measures	Mitigated Score	Procurement Action Required?	Proposed KPI/Measure
Buildings and Infrastructure	Construction	Associated with the Innovative Housing Project is the increase in affordable housing supply by The Royal Foundation with City-Wide Coalition Support. These are likely to be retro-fit than new build.	Coalition to consider low-carbon living specifically when assessing potential affordable housing options.	5		
	Use	Associated with the Innovative Housing Project is the increase in affordable housing supply by The Royal Foundation with City-Wide Coalition Support. These are likely to be retro-fit than new build.	Coalition to consider low-carbon living specifically when assessing potential affordable housing options.	5		
	Land use in development	Associated with the Innovative Housing Project is the increase in affordable housing supply by The Royal Foundation with City-Wide Coalition Support. These are likely to be retro-fit than new build.	Coalition to consider low-carbon living specifically when assessing land used for potential affordable housing options.	5		
Transport	Demand Reduction			NA		
	Decarbonisation of Transport			NA		
	Public Transport			NA		
	Increasing Active Travel			NA		
Energy	Decarbonisation of Fuel			NA		
	Demand Reduction/Efficiency Improvements			NA		
	Increasing infrastructure for renewables generation			NA		
Economy	Development of low carbon businesses			NA		
	Increase in low carbon skills/training			NA		
	Improved business sustainability			NA		
Influence	Awareness Raising			NA		
	Climate Leadership			NA		
	Working with Stakeholders	Homewards is not led by Sheffield City Council, but by a City-Wide Coalition of partners. Community Engagement on Climate Change will be led by The Royal Foundation with the City-Wide Coalition support.	No further measures specified.	6	No	Coalition Implementation of Findings.
Resource Use	Water Use			NA		
	Food and Drink			NA		
	Products			NA		
	Services			NA		
Waste	Waste Reduction			NA		
	Waste Hierarchy			NA		
	Circular Economy			NA		

10	The project will significantly increase the amount of CO2e released compared to before.
9	The project will increase the amount of CO2e released compared to before.
8	The project will maintain similar levels of CO2e emissions compared to before.
7	
6	
5	The project will achieve a moderate decrease in CO2e emissions compared to before.
4	
3	
2	The project will achieve a significant decrease in CO2e emissions compared to before.
1	
0	The project can be considered to achieve net zero CO2e emissions.
Carbon Negative	The project is actively removing CO2e from the atmosphere.

Nature/Land Use	Biodiversity			NA		
	Carbon Storage			NA		
	Flood Management			NA		

Adaptation	Exposure to climate change impacts			NA		
	Vulnerable Groups	Homewards mission to end homelessness - making it rare, brief and unrepeatd. Homewards Coalition to identify needs and support resources for those impacted in severe weather conditions.	No further measures specified	6	No	Coalition Implementation of Findings.
	Just Transition	Homewards mission to end homelessness - making it rare, brief and unrepeatd. Homewards Coalition to identify needs and support resources for carbon mitigation measures e.g. active travel.	No further measures specified	6	No	Coalition Implementation of Findings.
