This will include strengthening the council's strategic relationship with the VCFSE sector in the city, and will build on the approach to community engagement adopted by the committee in July 2024.</p> <p>The report will set out the current issues and seek the committee's permission to undertake a more detailed piece of work over the coming months that will form a fundamental (Tier 1) part of the Council's strategic framework.</p> <p>It will also describe how communities and the council responded to this summer's violent disorder and identify any key lessons</p>	Tom Smith/ James Henderson	<p>This report will lay the foundations for a fundamental (Tier 1) strategy to support all Council Plan outcomes. It will have particular relevance to:</p> <ul style="list-style-type: none"> •A place where all children belong and all young people can build a successful future •Great neighbourhoods that people are happy to call home •People live in caring engaged communities that value diversity and support wellbeing 	Leaders' Briefing itm	This will be a report seeking permission to begin a more detailed piece of work, which will include public and community participation as a core part of the activity to be delivered.	<p>This Committee (Decision)</p> <p>Cross cutting issue - This report will have an impact across many aspects of the Council's work, and will propose a more strategic approach to the way in which the whole of the council works with and relates to the city's communities.
