That the motion now submitted be amended by the addition of new paragraphs (6) to (16) as follows:-

- (7) thanks be recorded to all the members of the public and expert witnesses who contributed ideas, knowledge and thoughts into the process;
- (8) thanks be recorded to all Members on the Governance Committee for their leadership and patient work on these issues, which were an excellent example of cross-party working;
- (9) Council affirms its commitment to the new committee system improving democratic accountability of the Council and engagement with the public;
- (10) as part of the six-month review of the new system (as per recommendation 2) the Governance Committee should specifically consider the merits of devolving more decision-making powers to Local Area Committees (LACs), to enable services to be more responsive to local need and engage more directly with the people they are used by, specifically greater responsibility at the LAC level for:
  - a. parks & open spaces,
  - b. the discharge of functions of the Council as a Charity Trustee,
  - c. local libraries,
  - d. small highway projects,
  - e. parking regulation and
  - f. street-scene;

- (11) as part of any future delegation to LACs, consideration should be given to reducing the remit of some policy committees accordingly;
- (12) at the point of any future delegation to LACs and reduction in remit of some policy committees, consideration should be given to combining two or more committees in order to free up officer resource to support the LACs further;
- (13) were policy committees to be combined as a result of the six month review, the new merged policy committees could cover the work of more than one Executive Director;
- (14) it be noted that, were policy committees to be combined as a result of the six month review, this may provide an opportunity for co-chairing as each chair could liaise with one team of officers;
- (15) the Governance Committee be requested to bring forward proposals relating to the above recommendations 10-14 in time for them to be considered alongside the budget proposals for the next financial year; and
- (16) Council reaffirms its commitment to continuing to be responsive to the people of Sheffield and providing good governance to this City.
