

Health and Wellbeing Board – 7th December 2023

Petitions and Questions Received from Members of the Public

Name	Question	Response
<p>Kathryn Giles Bowman</p>	<p>Petition (received 82 signatures) Title: Better provision for Pharmacy services in Stocksbridge and Deepcar.</p> <p>Statement: It's been an ongoing issue for some time that local pharmacy provision isn't adequate for our area affecting the most vulnerable in our society, lack of pharmacists to dispense, waiting times for dispensing prescriptions, restricted opening times and no weekend services. This isn't aimed at the staff of our current pharmacies they are working hard, but there just isn't enough of them.</p> <p>Details: The object of this petition is to encourage Sheffield Health and Well-being Service to relook at the current provision and repeat the Pharmaceutical Needs Assessment (PNA) so further pharmacy licenses can be granted in the area. With a rising population and new homes coming to the area, this should ensure a safer better future for our community and its members.”</p> <p>Response: Response will be given at the meeting and published in the minutes.</p> <p>Agenda for Sheffield Health and Wellbeing Board on Thursday 7 December 2023, 10.00 am Sheffield City Council</p>	<p>Dr Zak McMurray (Co-Chair).</p>
