1. TITLE

Approval of Annual External Grant Receipts (2020/21)

2. DECISION TAKEN

That approval be given for:-

(a) the acceptance of the grant offers detailed in the report and as set out in Appendices 1 to 3;

(b) the Council to act as the Accountable Body in respect of the grant offers which are detailed in the report and set out in Appendices 1 to 3;

(c) the Council to act as the Accountable Body for a third party in respect of a grant offer, guarantee the liabilities of that third party and where required make grant payments to that party, where indicated in Appendices 1 to 3 to the report; and

(d) the Executive Directors of the Place, Resources, and People Services Portfolios, in respect of the grant offers set out in Appendices 1 to 3, made in connection with their Portfolio, to have authority to complete the funding agreements, in consultation with the Director of Legal and Governance and the Director of Finance and Commercial Services.

3. Reasons For Decision

The reasons for the recommendations relating to the bulk approval of grants are summarised as follows:

- The grants are essential for funding service provision. Without this funding, services would experience large scale budget reductions.
- A limited number of grants at Appendices 1-3 require the Council to be the Accountable Body for third parties, guaranteeing their liabilities and also to

make grant payments to third parties, the report also seeks approval for this.

- The relevant Executive Director requires authority, in consultation with the Director of Finance and Commercial Services and Director of Legal and Governance to finalise the grant funding agreement in accordance with Council procedures.

4. Alternatives Considered And Rejected

The following options for grant approval were also considered:

- (i) Do not accept the grants.
- (ii) Return to an individual grant approval process whereby each grant identified in this report would require its own individual report produced by individual Service Managers with individual sign off at the appropriate level. This will be more time consuming and will reduce the time that Service Managers can spend on frontline service delivery.

Given the efficiencies identified by the bulk approval of grants it is recommended that this approval route is adopted rather than the approaches identified above – option 1 is not economically viable and option 2 will take up more time for Portfolios.
