ADVICE TO MEMBERS ON DECLARING INTERESTS AT MEETINGS

New standards arrangements were introduced by the Localism Act 2011. The new regime made changes to the way that members' interests are registered and declared.

If you are present at a meeting of the Council, of its executive or any committee of the executive, or of any committee, sub-committee, joint committee, or joint sub-committee of the authority, and you have a **Disclosable Pecuniary Interest** (DPI) relating to any business that will be considered at the meeting, you must not:

- participate in any discussion of the business at the meeting, or if you become aware of your Disclosable Pecuniary Interest during the meeting, participate further in any discussion of the business, or
- participate in any vote or further vote taken on the matter at the meeting.

These prohibitions apply to any form of participation, including speaking as a member of the public.

You **must**:

- leave the room (in accordance with the Members' Code of Conduct)
- make a verbal declaration of the existence and nature of any DPI at any meeting at which you are present at which an item of business which affects or relates to the subject matter of that interest is under consideration, at or before the consideration of the item of business or as soon as the interest becomes apparent.
- declare it to the meeting and notify the Council's Monitoring Officer within 28 days, if the DPI is not already registered.

If you have any of the following pecuniary interests, they are your **disclosable pecuniary interests** under the new national rules. You have a pecuniary interest if you, or your spouse or civil partner, have a pecuniary interest.

- Any employment, office, trade, profession or vocation carried on for profit or gain, which you, or your spouse or civil partner, undertakes.
- Any payment or provision of any other financial benefit (other than from your council or authority) made or provided within the relevant period* in respect of any expenses incurred by you in carrying out duties as a member, or towards your election expenses. This includes any payment or financial benefit from a trade union within the meaning of the Trade Union and Labour Relations (Consolidation) Act 1992.

*The relevant period is the 12 months ending on the day when you tell the Monitoring Officer about your disclosable pecuniary interests.

- Any contract which is made between you, or your spouse or your civil partner (or a body in which you, or your spouse or your civil partner, has a beneficial interest) and your council or authority -
 - under which goods or services are to be provided or works are to be executed; and
 - which has not been fully discharged.
- Any beneficial interest in land which you, or your spouse or your civil partner, have and which is within the area of your council or authority.
- Any licence (alone or jointly with others) which you, or your spouse or your civil partner, holds to occupy land in the area of your council or authority for a month or longer.
- Any tenancy where (to your knowledge) -
 - the landlord is your council or authority; and
 - the tenant is a body in which you, or your spouse or your civil partner, has a beneficial interest.
- Any beneficial interest which you, or your spouse or your civil partner has in securities of a body where -
 - (a) that body (to your knowledge) has a place of business or land in the area of your council or authority; and
 - (b) either -
 - the total nominal value of the securities exceeds £25,000 or one hundredth of the total issued share capital of that body; or
 - if the share capital of that body is of more than one class, the total nominal value of the shares of any one class in which you, or your spouse or your civil partner, has a beneficial interest exceeds one hundredth of the total issued share capital of that class.

If you attend a meeting at which any item of business is to be considered and you are aware that you have a **personal interest** in the matter which does not amount to a DPI, you must make verbal declaration of the existence and nature of that interest at or before the consideration of the item of business or as soon as the interest becomes apparent. You should leave the room if your continued presence is incompatible with the 7 Principles of Public Life (selflessness; integrity; objectivity; accountability; openness; honesty; and leadership).

You have a personal interest where –

- a decision in relation to that business might reasonably be regarded as affecting the well-being or financial standing (including interests in

land and easements over land) of you or a member of your family or a person or an organisation with whom you have a close association to a greater extent than it would affect the majority of the Council Tax payers, ratepayers or inhabitants of the ward or electoral area for which you have been elected or otherwise of the Authority's administrative area, or

- it relates to or is likely to affect any of the interests that are defined as DPIs but are in respect of a member of your family (other than a partner) or a person with whom you have a close association.

Guidance on declarations of interest, incorporating regulations published by the Government in relation to Disclosable Pecuniary Interests, has been circulated to you previously, and has been published on the Council's website as a downloadable document at -<http://councillors.sheffield.gov.uk/councillors/register-of-councillors-interests>

You should identify any potential interest you may have relating to business to be considered at the meeting. This will help you and anyone that you ask for advice to fully consider all the circumstances before deciding what action you should take.

In certain circumstances the Council may grant a **dispensation** to permit a Member to take part in the business of the Authority even if the member has a Disclosable Pecuniary Interest relating to that business.

To obtain a dispensation, you must write to the Monitoring Officer at least 48 hours before the meeting in question, explaining why a dispensation is sought and desirable, and specifying the period of time for which it is sought. The Monitoring Officer may consult with the Independent Person or the Council's Standards Committee in relation to a request for dispensation.

Further advice can be obtained from Lynne Bird, Director of Legal Services on 0114 2734018 or email lynne.bird@sheffield.gov.uk

Please give a general description of the premises (please read guidance note 1)

The premises currently operate as a café with associated dell.

A full food service is offered from breakfast through to early dining. The premises have operated evening 'Supper Clubs' on an occasional basis.

The premise specialises in café style food which is freshly prepared and of very high quality. The Operator is also widely recognised for their cupcakes and associated baked goods.

The premises offer on site dining within the café and a takeaway service in the attached dell. Alfresco dining is available on the curtilage of the premises.

The Applicant seeks a licence to permit the retail sale of alcohol on and off the premises as described in drawings FC-001. Licensable activities shall be limited to the ground floor only.

It is anticipated that the sale of alcohol will be ancillary to the purchase and consumption of food. The choice, price and display areas for alcoholic product will be commensurate with its ancillary role. Alcohol offered will match the business' high quality policy and will feature quality wines and local artisan brewers.

The premises have allowed customers, primarily those attending the above mentioned "Super Club", to bring their own alcohol to accompany their meals. Alcohol has been consumed responsibly and has not lead to any adverse issues.

The provision of alcohol is a service that customers have requested and is the driving force behind this application.

Sales of alcohol in the early morning are anticipated to be limited with a 'champagne breakfast' offered on limited occasions being an example of when alcohol may be required for consumption on the premises. Persons purchasing alcohol for consumption with other dell products (as part of an intended picnic) for consumption of the premises are anticipated to be more frequent in summer months throughout the morning and afternoon.

The operation of the dell will close before the proposed 11pm trading of the café.

Late night refreshment is sought to allow the consumption of coffees and deserts which may take place after 23:00hrs.

What licensable activities do you intend to carry on from the premises?

Dear Sir/Madam

Re: Fancies , Ecclesall Rd,application for extended hours and regulated drinking

I am emailing to strongly object to the regulated drinking and extended hours application from the above premises. I own 6 Denham Road which is adjacent to Fancies and I have major concerns over noise nuisance and general disturbance if this application is granted.

We have had a lot of problems with Fancies this year with rubbish overflowing and smell and noise nuisance emanating from the kitchen door which is constantly left open. These problems will increase if opening hours are extended. In our experience management controls at the premises are very weak and this is also illustrated by a failing Food Hygiene Rating. I therefore have little confidence in these increased hours being well managed.

There are already too many restaurants and pubs on Ecclesall Road and I cannot see the need for an additional one. The premises original planning application was for a café, but gradually they have increased their opening hours until 9 o clock, thereby multiplying all the problems. These will be even worse if the hours are further increased .

I am also concerned that if they put an extraction unit on the kitchen this will be positioned close to my property and cause an even greater noise nuisance then the kitchen door being constantly left open.

Yours faithfully,
Karen McGuinness

Subject: Fancies Ecclesall Rd, Sheffield Licencing Application

Hi Emma,

Further to my previous e mails , we would like to formally object on the grounds that we are concerned about public disorder and noise from people arriving and leaving the premises late at night, and with so many other bars in the area this has a cumulative effect. It is a relatively quiet street for the area and we have concerns that it will encourage unruly students who already have plenty of places to to go. Also we have concerns over smoking outside the premises, rubbish being strewn around from people leaving the premises , parking issues, and the possibility of vandalism especially if customers have too much to drink. There is a complete overload of bars in this area effecting residents reasonable expectation for peace and quiet and with Fancies being adjacent to our property we are particularly concerned. The rear area of Fancies backs directly on to the front door of our premises and is completely open, and we have constant problems with smell, noise and at times overflowing bins and extending the opening hours will only exacerbate these problems. Consideration should be given as to whether this licence would have been granted when Fancies first took over the bridal shop, it seems they have got a foot in the door by applying as a cafe , they then started opening until 9 o clock and now they want a licence and late opening, when there are already too many bars and restaurants in the area having a negative impact on residents.

Kind regards,
Karen Mcguinness

Dear Sir

**Licensing Act 2003- Application for New Premises Licence
Your Reference-CG/GEN/FAN8**

**Premises: Fancie Canteen & Bakery, 359-363 Ecclesall Road, Sheffield, South
Yorkshire, S11 8PT**

I write with reference to the above application, and would inform you that at this stage I have no alternative than to make a formal representation (objection) as the Responsible Authority towards public safety.

The premises comprises of ground floor, first floor and associated deli. This application does not seek to licence the 1st floor. It has been indicated that the 1st floor shall be used for events, afternoon teas and as an overflow facility to the ground floor during busy periods. Customer toilet facilities are also located on the 1st floor.

In the absence of a food hoist between the ground floor and 1st floor, I have concerns with respect to public safety implications regarding the transportation of food and drinks using the public staircase from the ground floor to the 1st floor whilst members of public are on site.

If the 1st floor was to be licensed and a small bar servery provided, then it would prevent the need for customers to purchase alcohol on the ground floor and carry it up the stairs.

Likewise, there is currently a dis-used food preparation area on the 1st floor. This could be utilised as a holding kitchen to prevent food being carried up the stairs.

These feasible options have been discussed in detail with your client recently during a site meeting and if the 1st floor was to be licensed for the sale of alcohol, with the use of a holding kitchen and existing 1st floor toilets, it would enable the 1st floor to be more or less self-sufficient.

I will also require the proposed conditions set out below to be imposed on the new premises licence. This representation will be withdrawn subject to the following conditions being agreed and a satisfactory solution to the transportation of food offered.

1. The first floor will be stocked and serve alcohol using the first floor bar servery, as shown on the plan lodged with the application. The first floor bar server will be stocked outside normal permitted hours only.
2. Transportation of food and alcoholic drinks shall not be permitted using the staircase when members of public are on the premises in order to ensure public safety.

Other issues noted that will require attention but will not be required to be conditions on the licence:-

Toilet Facilities

Current toilet facilities would accommodate a capacity of 40. An additional w/c would accommodate a capacity of up to 60.

Floor Surfaces

In order to control the risks from slips, trips and falls, you must ensure that access routes and staircases are free from obstructions, suitably constructed and have adequate lighting. The surfaces of floors need to be free from holes and give the appropriate slip resistance. Anti-slip mats will be required in all entrances.

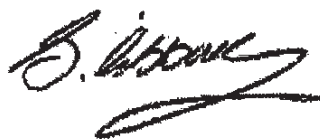

New floor surfaces in public areas and thoroughfares should have a suitable non-slip finish.

Disabled Access

The City Council encourages the provision of disabled access and facilities to licensed premises within Sheffield and when a new application is being made or when substantial alterations are taking place, reasonable provision must be made under the Equality Act 2010 (Which repealed the Disability Discrimination Act 1995) for people to access and use the building and its facilities.

Yours faithfully

Subject: Premises Licence application for Fancie 359-361 Ecclesall road.

This emailed representation is made in accordance with the agreement with the Licensing Authority on the 18th October 2006 to accept representations by email.

I have the following representation to make with regards to Public Nuisance for the application for a Premises Licence for the above premises.

The premises are surrounded by residential property, and the upper floor shares a party wall with residential accommodation, and the first floor terrace overlooks neighbouring residential outside space. As such there is an enhanced potential for increased, prolonged activity at the premises to give rise to complaints relating to public nuisance. In particular I am concerned that adjoining neighbours and residents in close proximity will potentially be affected by excessive noise disturbance from the noise from customers, staff and associated working noise transmitting through the party wall of the premises and affecting adjoining neighbours, and increased noise from more customers later into the night and in an intoxicated state in the outside areas on the rear first floor terrace and to the front of the premises at ground floor.

I also have concerns about the way in which the premises intend to deal with the cooking odour for the augmented menu and increased hours of cooking. The kitchen does not currently benefit from having an appropriate fume extraction system. The current method for allowing a change in air seems to be having the external doors propped open and windows left open. This is not appropriate as a method for controlling cooking odours from a commercial kitchen.

As you will be aware the premises currently have planning consent to open only until 21:00hours. This means that the noise from customers and staff upstairs ceases at this time as does the noise from people outside the premises and the odour from cooking. Without appropriate measures and works taking place to reduce the impact of increased hours on neighbours I will have to object to the licensing application as it currently stands.

I have spoken at length to the owner of the business and discussed the issues from both a planning and licensing perspective. To allow for an increase in the hours the premises operate the potential for unacceptable noise transfer from the commercial premises to the adjoining residential accommodation needs to be addressed, as does the arrangement for the control of odour from the kitchen. I would suggest that a suitably qualified acoustic consultant looks at the issue and compiles a report to quantify the acoustic performance of the party wall.

I would therefore propose the below conditions to help control activities at the premises:

The premises licence shall not take effect unless sound insulation measures have been implemented, details of which shall have been submitted to and approved in writing by the Environmental Protection Service prior to installation. Thereafter the approved sound insulation measures shall be retained.

The premises licence shall not take effect unless a scheme for the installation of equipment to control the emission of fumes and odours from the premises is submitted for written approval by

D2

the Local Planning Authority. These details shall include plans showing the location of the fume extract terminating above the adjacent velux opening window and shall include a low resistance cowl. The use shall not be commenced until the approved equipment has been installed and is fully operational.

The use of the first floor terrace shall cease to be used after 21:00hrs on all days of the week.

The use of the ground floor outside area to the front of the premises shall cease to be used for customers to drink and eat after 21:00hrs on all days of the week.

If you wish to discuss the matter further please reply to this email or call on the number below.

Jon.
