PUBLIC ACCESS TO THE MEETING

The Council is composed of 84 Councillors with one-third elected three years in four. Councillors are democratically accountable to the residents of their Ward. The overriding duty of Councillors is to the whole community, but they have a special duty to their constituents, including those who did not vote for them

All Councillors meet together as the Council. Here Councillors decide the Council's overall policies and set the budget each year. The Council appoints the Leader and at its Annual Meeting will appoint Councillors to serve on its Committees. It also appoints representatives to serve on joint bodies and external organisations.

A copy of the agenda and reports is available on the Council's website at www.sheffield.gov.uk. You can also see the reports to be discussed at the meeting if you call at the First Point Reception, Town Hall, Pinstone Street entrance. The Reception is open between 9.00 am and 5.00 pm, Monday to Thursday and between 9.00 am and 4.45 pm. on Friday. You may not be allowed to see some reports because they contain confidential information. These items are usually marked * on the agenda.

Members of the public have the right to ask questions or submit petitions to Council meetings and recording is allowed under the direction of the Chair. Please see the website or contact Democratic Services for further information regarding public questions and petitions and details of the Council's protocol on audio/visual recording and photography at council meetings.

Council meetings are normally open to the public but sometimes the Council may have to discuss an item in private. If this happens, you will be asked to leave. Any private items are normally left until last. If you would like to attend the meeting please report to the First Point Reception desk where you will be directed to the meeting room.

FACILITIES

There are public toilets available, with wheelchair access, on the ground floor of the Town Hall. Induction loop facilities are available in meeting rooms.

8. NOTICE OF MOTION GIVEN BY COUNCILLOR IAN AUCKLAND

That this Council:-

- (a) notes the recent Sheffield Bus Partnership's public consultation into proposed changes to bus services around Sheffield which ended on 31st July 2015;
- (b) believes that if Sheffield Bus Partnership's proposed changes to bus services go ahead, thousands of people from all across the city face being cut off from the services they need the most, such as hospitals, doctors surgeries, shops and schools, and will leave many residents with, at best hourly, and at worst, no Sunday or evening services at all;
- (c) is concerned that many Sheffield residents who will be affected by the changes have been denied a say due to a number of reasons such as:-
 - (i) the poor timing of the bus consultation during holiday season when many people who rely on buses will be away or off work;
 - (ii) inadequate advertising of the consultation including limited and late publicity on many of the buses that serve routes facing cuts; and
 - (iii) the short consultation period of 25 days (23 days if replying by post), when Cabinet Member for Environment and Transport (Councillor Terry Fox) had up to 40 days to give his response to the proposals;
- (d) notes the hypocrisy of a recent petition by the Leader of the Council (Councillor Julie Dore) and her fellow Labour councillors, petitioning the Sheffield Bus Partnership about the proposed changes, of which her own Administration is a member;
- (e) notes the Sheffield Liberal Democrats' own bus survey which has received over 3500 replies so far, more than Sheffield Bus Partnership's own consultation;

- (f) welcomes the response from SYPTE to the consultation, reconsidering many of the proposed changes, but believes that this does not go far enough;
- (g) calls for a delay in any changes to bus services until another longer, better advertised, consultation is carried out; and
- (h) calls for a "statutory quality contract" system of bus services to be applied in Sheffield.

9. NOTICE OF MOTION GIVEN BY COUNCILLOR MAZHER IQBAL

That this Council:-

- (a) is concerned that there are around 50,000 Sheffield residents who are reliant on exploitative payday and doorstep lenders;
- (b) welcomes the establishment of Sheffield Money and believes it will make a valuable contribution in helping people escape the lure of unscrupulous lenders in the City;
- (c) believes that Sheffield Money will:
 - (i) play a key role in helping people to access affordable credit; and
 - (ii) help to tackle the root causes of personal debt by referring people to independent money and debt advice;
- (d) is encouraged that more than 250 people contacted the service in its first week of business; and
- (e) is delighted that the Sheffield Money team have already been recognised by providers and customers as being knowledgeable and very professional.

10. NOTICE OF MOTION GIVEN BY COUNCILLOR JACKIE DRAYTON

That this Council:-

- (a) is disappointed that as part of the Welfare Reform and Work Bill the Government is planning to:-
 - (i) scrap binding, measurable targets to reduce child poverty;
 - (ii) stop setting targets that aim to reduce the proportion of households with a below average income;
 - (iii) repeal the majority of the Child Poverty Act, including all the targets, the provision for the Child Poverty Commission

(replacing it with a Social Mobility Commission), and the duty to publish UK and local child poverty strategies; and

- (iv) remove the word 'poverty' from the relevant legislation, renaming the Child Poverty Act 2010 the Life Chances Act 2010;
- (b) believes the Government should amend the proposals set out in the Welfare Reform and Work Bill as follows:-
- (i) include targets against all measures so that government can be held to account for progress and we are all clear about the amount of change that is needed and by when it is needed;
 - (ii) retain the four income related measures (and the additional severe poverty measure set out in the national child poverty strategy) in addition to any new measures;
 - (iii) ensure that families who are working and in poverty are included in the measures used;
 - (iv) retain the legal duties for local authorities and named partners to cooperate to reduce and mitigate child poverty;
 - (v) retain the word 'poverty' in the name of the Act; and
 - (vi) ensure that there is sufficient time to debate and propose amendments to the elements of the Bill relating to changes to the Child Poverty Act as well as the other changes contained within the Bill;
- (c) notes the recent report by the New Policy Institute whose analysis estimates that a further 300,000 children are living in poverty since the Conservative/Lib Dem Coalition Government implemented a raft of welfare cuts in April 2013;
- (d) notes the findings of research carried out by Sheffield Hallam University last year which found that households with children in Sheffield will have lost on average £1,690 per year as a result of the Coalition Government's welfare cuts;
- (e) is concerned that more children will be pushed into poverty over this Parliament as a result of the further cuts to working-age benefits announced in the Chancellor's Budget;
- (f) agrees with the Institute for Fiscal Studies and the Resolution Foundation that cuts to tax credits will lead to increases in child poverty;

- (g) agrees with the Child Poverty Action Group that “No serious plan for the low-paid begins with making them poorer by cutting their tax credits”;
- (h) notes the recent report by the Resolution Foundation that showed that two-thirds of those affected by the cuts to tax credits are in work;
- (i) believes that tax credits:-
 - (i) improve the work incentive, and that the dismantling of the tax credit system will damage work incentives; and
 - (ii) have played a key role in reducing child poverty;
- (j) praises the impressive record of the previous Labour Government on child poverty, including the introduction of Child Tax Credit and the national minimum wage, the rolling out of Sure Start centres, and improvements to childcare, all of which helped to support families on low incomes and lift children out of poverty;
- (k) recognises the current Administration’s attempts to reduce child poverty in Sheffield, including the establishment of Sheffield Money, the Fairness Commission, and the on-going implementation of its recommendations; and
- (l) welcomes the Council’s new Tackling Poverty Strategy which will take action to make things better for children and adults who are in poverty now, and tackle some of the root causes of poverty.

11. NOTICE OF MOTION GIVEN BY COUNCILLOR STEVE AYRIS

That this Council:-

- (a) notes the new Government’s proposal to extend the Right to Buy to housing association tenants;
- (b) notes the shortage of affordable rented homes in Sheffield with around 20,000 people on this Council’s housing waiting list and is concerned that the current government plans risk making matters far worse;
- (c) notes that a recent opinion poll showed that just 16% of the public believed that extending Right to Buy to housing association tenants would be the most useful way of tackling the affordability crisis; the public’s top choice was to help housing associations or councils to build more affordable homes, selected by 46% of the public;
- (d) is concerned that by allowing housing association tenants to purchase their homes at a large discount, the Right to Buy policy

will lead to longer waiting lists for homes and fewer social houses, and do nothing to tackle our city's affordable housing needs;

- (e) believes these measures will force housing associations to simply be catching up with replacing homes rather than building affordable housing to give more people homes they need and only benefit the lucky few;
- (f) notes that even the Conservative Mayor of London has said he did not want to see councils "deprived at a rapid rate of their housing stock" if more homes were not being built to replace them;
- (g) recognizes the desire by many to own their own homes and suggests that proposals put forward by the Liberal Democrats, such as a "Rent to Own" model and Shared Ownership housing, would represent a better way of reaching this goal;
- (h) also notes that there are existing routes for housing association tenants to own their own properties – some housing association tenants already have the Right to Acquire; and
- (i) proposes that:
 - (i) this Council works with other neighbouring authorities and housing associations to oppose the current Government proposals; and
 - (ii) a copy of this motion is sent to our local MPs asking them to support the Council's position; to speak up in Parliament for more social housing and not less and to push for a genuine "one for one" replacement but not at the cost of losing more council housing.

12. NOTICE OF MOTION GIVEN BY COUNCILLOR NIKKI BOND

That this Council:-

- (a) believes that homophobic bullying is unacceptable and must be stamped out;
- (b) is proud to have received national recognition for the fifth year in a row for its work in schools to provide lesbian, gay, bi-sexual and transgender students with mental health and social support, having been ranked in the top 10 local authorities in Stonewall's Education Equality Index 2015; and
- (c) thanks all those involved, including officers, schools, young people, the Emotional Health and Wellbeing Service and Fruitbowl – Sheffield's LGBT youth group, who have worked hard for us to receive this recognition.

13. NOTICE OF MOTION GIVEN BY COUNCILLOR LEIGH BRAMALL

That this Council:-

- (a) notes the success of recent summer events, including:
 - (i) Doc Fest;
 - (ii) Sheffield Design Week;
 - (iii) Sheffield Sky Ride;
 - (iv) Tramlines Music Festival;
 - (v) Sheffield by the Seaside;
- (b) thanks all staff and volunteers who worked incredibly hard to make the events possible;
- (c) encourages local people to attend upcoming events, including:
 - (i) Art in the Gardens, 5th - 6th September;
 - (ii) Great Yorkshire Run, 27th September;
 - (iii) Last Laugh Sheffield Comedy Festival, 1st – 31st October;
- (d) welcomes the increased city centre footfall that such events provide, and the positive impacts for the local economy; and
- (e) notes that many events in the city are funded by local businesses and thanks local businesses for their contributions.

14. NOTICE OF MOTION GIVEN BY COUNCILLOR JOHN BOOKER

That this Council:-

- (a) believes that the problems with the Strong Leader and Cabinet/Executive system are:-
 - (i) the fact that the 'Cabinet' (or 'Executive') can be composed exclusively of members from one political party;
 - (ii) the fact that the leader has such a monopoly of power;
 - (iii) the fact that members of the Cabinet/Executive are chosen by the Leader;
 - (iv) the fact that the Cabinet/Executive is often not

geographically representative;

- (v) the lack of genuine debate at Cabinet/Executive meetings, with most decisions being taken in advance;
 - (vi) the under-utilisation and marginalisation of backbench Councillors;
 - (vii) the lack of opportunities for backbench Councillors to build up expertise;
 - (viii) the fact that residents do not have equality of representation - those residents with a Councillor who is a Cabinet (or Executive) Member have a Councillor with more influence than those residents with non-Cabinet (or Executive) Councillors, although this can cut both ways if a Cabinet/Executive Councillor uses their position on the Cabinet/Executive to excuse them from engaging in local issues;
 - (ix) backbench Councillors have little incentive to engage actively with their residents as they have little, or no, influence in the decision-making process; and
 - (x) the 'strong leader' model personalises local politics in an unhealthy way;
- (b) believes that the problems with Councillors are:-
- (i) that Councillors are not sufficiently representative of the community as a whole;
 - (ii) that too many Councillors fail to actively engage with the residents in their wards;
 - (iii) that too many Councillors fail to seek out and represent the concerns of their residents;
 - (iv) that too many Councillors fail to alert their residents in advance to forthcoming issues of potential importance; and
 - (v) that too few Councillors have the courage of their convictions to speak out when their party is taking a position which they personally are uncomfortable with;
- (c) believes that the problems with party politics at the local level are:-
- (i) that too many decisions are taken along party political lines, when party politics is actually irrelevant to the issue at hand;

- (ii) that there are too many angry exchanges of abuse between members of the political parties, which undermine rational debate;
 - (iii) that it is difficult for residents to stand as independent Councillors, because they have no support structure; and
 - (iv) that party politics at the local level leads to polarised debates and a lack of consensus-building;
- (d) believes that the problems which residents face in trying to influence the decisions which affect them are:-
- (i) that residents are often not aware of decisions which will affect them or their community until the decision has already been made, and this gives residents the impression that everything is a 'fait accompli';
 - (ii) that where consultation does take place, it is often too late in the decision-making process to make any real difference;
 - (iii) that consultation exercises often appear weighted in favour of the Council's preferred option; and
 - (iv) that the Council's interpretation of the results of consultation exercises appears at times to manipulate respondents' viewpoints to justify a pre-determined Council goal;
- (e) believes that the problems with encouraging public engagement are:-
- (i) that many residents feel a general sense of political apathy and are not interested in becoming engaged at the local level;
 - (ii) that many residents feel resentful about the way in which decisions have been made locally and do not trust the Council's intentions;
 - (iii) that many residents feel that their Councillors are powerless to represent them;
 - (iv) that many residents have no contact with their Councillors at all;
 - (v) that many residents do not have the confidence or the knowledge to engage with the Council;
 - (vi) that many residents have never been to a Council meeting and would not know when or where they take place;

- (vii) that many residents feel that the Council simply doesn't listen or even care what they think;
 - (viii) that many residents are not part of an active residents' association, and feel that their voice will simply not be heard; and
 - (ix) that there is a general failing to engage young people in the political process, and schools too often see politics as 'dirty!';
- (f) believes that the long-term running down of local government is due to:-
- (i) the fact that local government is starved of funding;
 - (ii) the fact that the Government uses 'carrots and sticks' to persuade and force local councils to fulfil its own goals;
 - (iii) the fact that decision-making is increasingly centralised - in spite of the provisions of the Localism Act; and
 - (iv) the fact that the local council doesn't have sufficient officers or the resources to prioritise the adoption of a pro-active approach to engaging with local people; and
- (g) believes that the committee system provides a more democratic form of governance for local authorities, and therefore requests that the necessary steps be taken for this Council to change its governance arrangements to the committee system.

15. NOTICE OF MOTION GIVEN BY COUNCILLOR VICKIE PRIESTLEY

That this Council:-

- (a) recalls previous resolutions this Council has passed denouncing the Government's planned cuts to the welfare system;
- (b) is disappointed that 4 of Sheffield's 5 Labour MPs chose to abstain on the second reading of the Government's Welfare Reform and Work Bill, including former deputy leader of the Council, Harry Harpham MP;
- (c) notes that the eight Liberal Democrat MPs, including Sheffield Hallam MP, the Rt. Hon. Nick Clegg, voted against the Bill;
- (d) recognises that these cuts will have devastating effects on many of our city's residents, as latest estimates suggest that:
 - (i) 22,000 Sheffield residents and their families will lose an

average of £260 per year;

- (ii) 3,500 of which are hardworking people whose families will have to make up an average £280 shortfall per year in lost tax credits; and
 - (iii) around 4,200 residents in the Employment and Support Allowance work related activity group, considered only temporarily too ill to work, will lose a further £30 per week as their allowance is brought down to the level of Jobseekers Allowance;
- (e) recalls previous resolutions this Council has passed remarking that the impact of the previous Coalition Government's cuts to welfare in Sheffield were 'hitting hardest the poorest in the City';
 - (f) regrets that after 5 years of attacking the Liberal Democrats in the coalition government on welfare cuts, Labour MPs have, through silence, nodded through much deeper and unnecessary ideological cuts to the welfare budget which will hit the working poor hardest;
 - (g) recognises the Liberal Democrats' role in the previous Government as a moderating force, blocking many of the harshest measures put forward by the Conservatives; and
 - (h) proposes that a copy of this resolution be sent to the four Sheffield MPs that abstained on the Welfare Bill.

16. NOTICE OF MOTION GIVEN BY COUNCILLOR JULIE DORE

That this Council:-

- (a) condemns the Government's decision to shelve indefinitely the electrification of the Midland Mainline between Sheffield and London;
- (b) is dismayed that just seven weeks after the General Election the Government reneged on its election pledge to electrify key rail lines in the North, and views the decision as evidence that the North is not considered a priority by the Government;
- (c) questions the Government's claim that they had no knowledge of this before the election;
- (d) calls on the Government to reaffirm its commitment to electrification and to provide a definitive timetable as to when Yorkshire can expect to have the rail upgrades that it needs and was promised before the General Election;
- (e) notes a report by engineering consultants Arup which estimated

that electrification would reap economic benefits totalling £95m for Sheffield City Region over a 60 year period, in addition to significant environmental benefits; and

- (f) believes that the pausing of infrastructure projects, such as the electrification of the Midland Mainline:
 - (i) makes a mockery of the Government's commitment to the "Northern Powerhouse"; and
 - (ii) has a detrimental impact on businesses and commuters in Sheffield and across the north of England.

17. NOTICE OF MOTION GIVEN BY COUNCILLOR PENNY BAKER

That this Council:-

- (a) congratulates Jessica Ennis-Hill, CBE, on becoming the 2015 world champion in the heptathlon at the World Athletics Championships; and
- (b) further congratulates Joe Root for his part in regaining The Ashes and becoming the world No 1 ranked Test batsman.

18. NOTICE OF MOTION GIVEN BY COUNCILLOR JOHN BOOKER

That this Council:-

- (a) recalls that the Labour Representation Council, formed in 1900, allowed political funds to be raised from members of the unions;
- (b) also recalls that the Trade Union Act 1913 gave Trade Unions the right to divide its subscriptions into a Social Fund and a Political Fund;
- (c) notes that the 38 affiliated Trade Unions to the Labour Party collect the political fund automatically; that all members opted in unless they "opt out", and that members do not receive any discount of their subscription fees if they "opt out", with no explanation why;
- (d) believes that nearly five million union members are unwittingly paying large amounts of money directly to the Labour Party, and further believes that this policy is undemocratic and morally bankrupt;
- (e) strongly asserts that every union member should have the choice to pay money to whichever political party they choose, or not to pay anything at all, and that these conditions should be clearly defined, so everyone understands them;

- (f) places on record that, in an attempt to balance this injustice, Trade Unions ballot their members every ten years to continue the political fund, but believes that awareness is low amongst union members and their published material, in effect, steers their members into voting yes to keep the political fund going, and that Section 72 of the Trade Union and Labour Relations (Consolidation) Act 1992 is quoted, but Section 82, which relates to "opting out", is not;
- (g) believes that this issue has had a long and troubled history, and has got to change, noting that even Winston Churchill discussed this matter a hundred years ago; and
- (h) further confirms strong support to the Trade Union Movement, but believes that democracy, transparency and fairness must be the cornerstones of these organisations when it comes to the Political Levy.

Amendment 2 September 2015

A handwritten signature in black ink, appearing to read "John Netherde", with a long horizontal flourish underneath.

Chief Executive

Dated this 24 day of August 2015

The next ordinary meeting of the Council will be held on 7 October 2015 at the Town Hall

ADVICE TO MEMBERS ON DECLARING INTERESTS AT MEETINGS

If you are present at a meeting of the Council, of its executive or any committee of the executive, or of any committee, sub-committee, joint committee, or joint sub-committee of the authority, and you have a **Disclosable Pecuniary Interest (DPI)** relating to any business that will be considered at the meeting, you must not:

- participate in any discussion of the business at the meeting, or if you become aware of your Disclosable Pecuniary Interest during the meeting, participate further in any discussion of the business, or
- participate in any vote or further vote taken on the matter at the meeting.

These prohibitions apply to any form of participation, including speaking as a member of the public.

You **must**:

- leave the room (in accordance with the Members' Code of Conduct)
- make a verbal declaration of the existence and nature of any DPI at any meeting at which you are present at which an item of business which affects or relates to the subject matter of that interest is under consideration, at or before the consideration of the item of business or as soon as the interest becomes apparent.
- declare it to the meeting and notify the Council's Monitoring Officer within 28 days, if the DPI is not already registered.

If you have any of the following pecuniary interests, they are your **disclosable pecuniary interests** under the new national rules. You have a pecuniary interest if you, or your spouse or civil partner, have a pecuniary interest.

- Any employment, office, trade, profession or vocation carried on for profit or gain, which you, or your spouse or civil partner undertakes.
- Any payment or provision of any other financial benefit (other than from your council or authority) made or provided within the relevant period* in respect of any expenses incurred by you in carrying out duties as a member, or towards your election expenses. This includes any payment or financial benefit from a trade union within the meaning of the Trade Union and Labour Relations (Consolidation) Act 1992.

*The relevant period is the 12 months ending on the day when you tell the Monitoring Officer about your disclosable pecuniary interests.

- Any contract which is made between you, or your spouse or your civil partner (or a body in which you, or your spouse or your civil partner, has a beneficial interest) and your council or authority –
 - under which goods or services are to be provided or works are to be executed; and
 - which has not been fully discharged.

- Any beneficial interest in land which you, or your spouse or your civil partner, have and which is within the area of your council or authority.
- Any licence (alone or jointly with others) which you, or your spouse or your civil partner, holds to occupy land in the area of your council or authority for a month or longer.
- Any tenancy where (to your knowledge) –
 - the landlord is your council or authority; and
 - the tenant is a body in which you, or your spouse or your civil partner, has a beneficial interest.
- Any beneficial interest which you, or your spouse or your civil partner has in securities of a body where -
 - (a) that body (to your knowledge) has a place of business or land in the area of your council or authority; and
 - (b) either -
 - the total nominal value of the securities exceeds £25,000 or one hundredth of the total issued share capital of that body; or
 - if the share capital of that body is of more than one class, the total nominal value of the shares of any one class in which you, or your spouse or your civil partner, has a beneficial interest exceeds one hundredth of the total issued share capital of that class.

If you attend a meeting at which any item of business is to be considered and you are aware that you have a **personal interest** in the matter which does not amount to a DPI, you must make verbal declaration of the existence and nature of that interest at or before the consideration of the item of business or as soon as the interest becomes apparent. You should leave the room if your continued presence is incompatible with the 7 Principles of Public Life (selflessness; integrity; objectivity; accountability; openness; honesty; and leadership).

You have a personal interest where –

- a decision in relation to that business might reasonably be regarded as affecting the well-being or financial standing (including interests in land and easements over land) of you or a member of your family or a person or an organisation with whom you have a close association to a greater extent than it would affect the majority of the Council Tax payers, ratepayers or inhabitants of the ward or electoral area for which you have been elected or otherwise of the Authority's administrative area, or
- it relates to or is likely to affect any of the interests that are defined as DPIs but are in respect of a member of your family (other than a partner) or a person with whom you have a close association.

Guidance on declarations of interest, incorporating regulations published by the Government in relation to Disclosable Pecuniary Interests, has been circulated to you previously.

You should identify any potential interest you may have relating to business to be considered at the meeting. This will help you and anyone that you ask for advice to fully consider all the circumstances before deciding what action you should take.

In certain circumstances the Council may grant a **dispensation** to permit a Member to take part in the business of the Authority even if the member has a Disclosable Pecuniary Interest relating to that business.

To obtain a dispensation, you must write to the Monitoring Officer at least 48 hours before the meeting in question, explaining why a dispensation is sought and desirable, and specifying the period of time for which it is sought. The Monitoring Officer may consult with the Independent Person or the Council's Standards Committee in relation to a request for dispensation.

Further advice can be obtained from Gillian Duckworth, Director of Legal and Governance on 0114 2734018 or email gillian.duckworth@sheffield.gov.uk.

1. SUSAN RIPPON

The Lord Mayor (Councillor Talib Hussain) reported that Sue Rippon, who had served as Lady Mayoress of the City in 2014/15, had sadly passed away on 9th June 2015. Members of the City Council observed a minute's silence in her memory.

2. APOLOGIES FOR ABSENCE

Apologies for absence were received from Councillors Isobel Bowler, John Campbell, Julie Gledhill, Roy Munn, Peter Rippon and Joyce Wright.

3. DECLARATIONS OF INTEREST

Councillors Jackie Drayton, Denise Fox, Terry Fox, Chris Peace and Vickie Priestley declared a personal interest in Item 10 on the Summons - Notice of Motion Concerning (Orgreave Truth and Justice Campaign).

4. MINUTES OF PREVIOUS COUNCIL MEETINGS

RESOLVED: On the Motion of Councillor Pat Midgley, seconded by Councillor Gill Furniss, that the minutes of the Annual Meeting of the Council held on 20th May 2015 and the ordinary meeting of the Council held on 3rd June 2015, be approved as true and accurate records.

5. DATE OF SEPTEMBER MEETING OF THE COUNCIL

RESOLVED: On the Motion of Councillor Pat Midgley, seconded Councillor David Baker and as set out in the agenda for this meeting, that the ordinary meeting of this Council in September 2015 be held on Wednesday 2nd September.

6. SUSPENSION OF STANDING ORDERS

RESOLVED: On the Motion of Councillor Pat Midgley, seconded by Councillor David Baker, that in accordance with Council Procedure Rules 4 (Suspension and Amendment of Council Procedure Rules) and 11 (Motions which may be moved without notice) Council Procedure Rule 5.5 (concerning the time at which ordinary meetings of Council will terminate) be suspended, so that this meeting of Council terminates at 5.30 p.m., with any unfinished business being voted on, without debate at the end of that time.

7. PUBLIC QUESTIONS AND PETITIONS AND OTHER COMMUNICATIONS

7.1 Petitions

7.1.1 Petition Requesting the Closure of Nether Edge Road

The Council received an electronic petition containing 6 signatures, requesting the closure of Nether Edge Road to all road users for one day a month.

The Council referred the petition to Councillor Terry Fox, the Cabinet Member for Environment and Transport. Councillor Fox stated that a 20 mph Zone had been implemented in an area to the edge of Nether Edge Road and that 20 mph zones were generally designed to be self-enforcing. There might be occasions when delivery vehicles use the road. He stated that the Council would examine this issue.

7.1.2 Petition Objecting to Council Budget Cuts

The Council received a petition containing 928 signatures, objecting to the Council budget cuts.

Representations on behalf of the petitioners were made by Chaz Lockett, who referred to previous comments by the Leader of the Council and Council's Chief Executive concerning the effect of budget reductions on the future of Council services. He stated that he believed that further budget cuts were not an option and that there was an option of resisting further cuts to funding by the government. He requested the Council to draw up a needs budget and use its borrowing powers and then to launch a mass campaign, for which he stated that Council would obtain public support. He stated that he had been told in the past that the Secretary of State would send in commissioners to run the Council's affairs if it was unable to set a balanced budget. However, he believed that the government would not risk such a constitutional crisis if it was to ignore the will of local people. He stated that in implementing budget reductions arising from government funding cuts, the Council was left to look as if it was a willing executioner. He urged the Council to 'break the law or break the poor'.

The Council referred the petition to Councillor Ben Curran, the Cabinet Member for Finance and Resources. Councillor Curran responded that the issues outlined by the petitioners had been discussed a number of times. He said that he would stand shoulder to shoulder with people who wished to obtain a better and fair deal for Sheffield. However, he said that the Council would not follow the suggestion that it should set an illegal budget. The Council had a responsibility to set a budget that was within its means and the vast majority of its funding came from central government. Furthermore, borrowing of the kind proposed was likely to cause problems in the future. He believed that the Secretary of State for Communities and Local Government, Rt Hon Greg Clark MP, would deploy commissioners to intervene in circumstances where he considered that the Council had not set a balanced budget. Members of the Council were elected to do what they could with the available resources.

7.1.3 Petition Requesting the Council to Challenge the practice of Downgrading School

Support Staff

The Council received a petition containing 1371 signatures and requesting the Council to challenge the practice of downgrading school support staff.

Representations on behalf of the petitioners were made by Lisa Smith, who stated that school support staff played a vital role in providing high quality education in schools and ensuring that children were able to reach their potential, something which could only be achieved if resources were effectively deployed.

It was not accepted that standards of education could be raised by employing staff, including teaching assistants, on low grades or phasing posts out completely. A significant number of schools were choosing to downgrade support staff and it was argued that such actions would have the effect of demotivating experienced staff and lowering standards. It was important that support staff supported the most vulnerable children, including those with special educational needs and behavioural difficulties as well as supporting mainstream learning.

The petitioners therefore called upon Members and other influential groups including the City Wide Learning Body and the Schools Forum to challenge the practice of downgrading support staff and to actively encourage the retention of experienced staff and to ensure opportunities for career progression. UNISON and the GMB trades unions supported the School Support Staff Working Party in its aims and parents and the public valued the role of Support Staff. Lisa Smith stated that the Working Party had met with the Cabinet Member for Children, Young People and Families and would be meeting with the Chief Executive in the Autumn. The Working Party wished to engage in further dialogue and hoped that the Council would give this matter its full consideration.

The Council referred the petition to Councillor Jackie Drayton, the Cabinet Member for Children, Young People and Families. Councillor Drayton confirmed that she had met with the Working Group and had been impressed with them and she had also been impressed by School Support Staff in Sheffield schools, who helped to raise children's educational attainment, and achieve their potential. Councillor Drayton said the Support Staff in schools were valued and remarked that many of these were women who had progressed in their roles. The issue would be considered by the Schools Forum and the City Wide Learning Body. She said that initiatives in schools implemented by the Coalition Government had not been supported by new money and schools budgets were not increasing, including in relation to training. This meant that schools had to make difficult spending decisions and often had to train staff in other schools and pay for cover in the classroom. The matters raised by the petitioners would be taken up with schools and the Government as it was not acceptable that due to the funding situation, School Support staff had to be reduced in number or downgraded. Councillor Drayton said that she looked forward to the next meeting with the Working Group.

7.2 Public Questions

7.2.1 Public Question Concerning Yemen

Jonathan Marsden stated that the recent events in Yemen were both a humanitarian crisis in Yemen itself and they affected the large Yemeni community in Sheffield supporting their family and friends. He referred to the steelworkers from Yemen in Sheffield who worked alongside his grandfather. He asked why such historical attachments may have been lost and asked if the Council would support events organised to support the people of Yemen, following the Sheffield Trade Council's motion on the subject.

Councillor Julie Dore, the Leader of the Council, replied that she agreed that people, including young people, should be aware of Sheffield's history, including its people and industry. She said she would be prepared to look at the idea of an event in recognition of the Yemeni community's contribution to the City's steel industry in a similar way to the City recognising women's contribution to the Sheffield during the First and Second World Wars. Councillor Dore requested that Mr Marsden contact her with details of the Trades Council's activity on the matter.

7.2.2 Public Questions Concerning Walkley Library

Marcus O'Hagan asked if (1) the Council could assure and demonstrate fully to the people of Sheffield, who were the owners of Walkley Library, that with regards to the proposed sale of the Walkley Library building:

- a. It was in the best interests of the City as a whole
- b. It was a better option than to lease to the community group at a peppercorn rent
- c. A better option was to lease to the intended purchaser
- d. It was by every applicable measure, legal; and

could the Council also demonstrate that all steps to ensure best value had been taken.

(2) Could the Council also give assurance that there are or will be safeguards in place to prevent the building being sold on or otherwise disposed of in the event of the proposed public house business and/or the community library operation failing.

(3) Could the Council confirm or ensure that planning permission for the public house/library is obtained before there is any sale of the building.

Councillor Julie Dore, the Leader of the Council, stated that she had signed a Leader's decision concerning the disposal of Walkley Library. The Cabinet Member for Neighbourhoods, Councillor Isobel Bowler was responsible for libraries. She was satisfied by assurances that this was the best option for the building and had held a briefing with officers in relation to this decision and taken appropriate legal advice. The Council would have control of the library space and would also have the first option on buying back the building, if the venture failed. Planning consent was a matter for the purchaser and the sale of the building would take place only once the relevant planning permission had been obtained.

This would be subject to the normal process of seeking planning permission. There would be a parallel process in as far as the Council would undertake preparatory work to enable it to proceed with the sale.

Councillor Ben Curran, the Cabinet Member for Finance and Resources, stated that the decision, notified to Members earlier that day concerning Walkley Library had been called in for scrutiny.

7.2.3 Public Questions Concerning Questions asked at Council Meetings

Marcus O'Hagan stated that he had asked a number of valid and reasonable questions in Council meetings since January 2014 and had repeated those questions at both Council meetings and Cabinet meetings and had resubmitted them at the request of the Leader of the Council. He said the Leader had promised on several occasions to answer the questions but that no answer had ever been provided. He asked whether some disciplinary action could be taken. Mr O'Hagan went on to make a comment about whether he could believe what the Leader said.

Councillor Julie Dore responded that in her view Mr O'Hagan had, in referring to her personally, made offensive comments. She said that she would be very concerned if Mr O'Hagan was suggesting that there was some improper relationship between the Council and the purchaser of the Walkley Library building. Councillor Dore stated that Mr O'Hagan could bring to the attention of the Council's Monitoring Officer any behaviour of hers about which he had concerns and the matter would be dealt with in the appropriate way.

7.2.4 Public Question Concerning the Police and Crime Commissioner Independent Advisory Panel for Minority Communities

Kalturn Elmi stated that a large number of the Black Asian and Minority Ethnic (BAME) community in Sheffield felt that the BAME Police Advisory Panel set up by the Police and Crime Commissioner was not fully representative of the whole community by ethnicity or religion and had no BAME Councillors represented on it. There was a strong feeling in large parts of the community that they were not adequately represented and that there was a danger that they will not be involved or engaged with the Panel. It was requested that the Leader meet with the Police and Crime Commissioner, Alan Billings, to communicate these concerns and to request that the Panel has BAME Councillors and that the whole community was represented equally, rather than just a section of it.

Councillor Julie Dore, the Leader of the Council, responded that the Police and Crime Commissioner had in place a Police and Crime Panel as part of the governance framework to ensure scrutiny of the Commissioner's activities. Councillor Isobel Bowler was the Chair of the Panel, which consisted of Councillors from across South Yorkshire and which included Sheffield City Councillor John Campbell. Sheffield aimed to achieve cross community representation on those bodies on which it was represented. Councillor Dore said that she was aware that the Police and Crime Commissioner had established a range of advisory panels (although she was not aware that any Councillors were

included on the membership of the Independent Advisory Panel for Minority Communities). However, the Commissioner had also appointed an official Black and Minority Ethnic Advisor.

7.2.5 Public Questions Concerning Sheffield Bus Company

Nigel Slack referred to consultation for a new Sheffield Bus Partnership which was awaiting approval from the City Council before it could begin. He said that he believed that Sheffield Transport Users Group had seen the proposed consultation document but could not disseminate it, until the go-ahead had been given by the Council. He said that the consultation of four weeks was short, especially as it was over the summer holidays and included some major proposed changes.

Mr Slack asked if the Council could confirm that they had approved the consultation and, if not, what was the delay and why was consultation being held over the summer and to such a tight timescale?

Councillor Terry Fox, the Cabinet Member for Environment and Transport, replied that the consultation would begin on Monday 6 July. The timescale was due to the limited period for registration and consequent timeline.

7.2.6 Public Question Concerning Academy Group, Oasis

Nigel Slack stated that the Council was hopefully aware of the poor report from Ofsted concerning the Academy Group, Oasis and he made reference to comments in a letter to the Academy Group's Chief Executive from Catherine Anwar (HM Inspector) concerning weak challenge and to slow or little improvement in nearly half of the academies. He said that the Group was failing its disadvantaged pupils. The group's objective, he said, was to create "a church that is a school and a school that is a church". Mr Slack asked how the Council intended to address this for future decisions of this nature.

Councillor Jackie Drayton, the Cabinet Member for Children, Young People and Families, replied that the Council was aware of Ofsted's findings in this case. There were 44 Oasis Schools in the country and the Council monitored performance of the schools and challenged Oasis Academy leaders and directors to achieve schools and results which were outstanding in terms of their performance. The Government had stipulated that all newly opened schools would become academies and whilst the local authority ran the process of choosing an academy provider, ultimately the decisions concerning academy status were taken by the Secretary of State for Education.

7.2.7 Public Questions Concerning Highways Trees

Nigel Slack referred to enquiries which he had sent to Cabinet members on 17 June, to which he required full responses. One of these was relevant to the upcoming debate on the City's tree policy and he asked that a response to the relevant questions be provided now or as part of the forthcoming debate.

Councillor Terry Fox replied that Mr Slack's questions were pertinent to the forthcoming debate concerning highways trees and commented that because the Council had less people to deal with enquiries, there was sometimes a delay in providing responses as quickly as people might like.

Mr Slack had asked a question about ensuring that wood which was removed was sold on behalf of the Council, rather than being sent to biomass. Councillor Fox said that timber which was removed was used in biomass. The wood was often decayed and had a high level of particulate matter. Wood was also used in construction or by artists or crafts people. Councillor Fox confirmed that answers to the other questions which he had submitted to Cabinet would be provided.

7.2.8 Public Questions Concerning Executive Boards

Nigel Slack stated that following an article in the Sheffield Telegraph on 26 June concerning the creation of five new executive boards for the City, could the Council clarify the following:

- By what decision of Cabinet or Council were these new Executive Boards constituted?
- What powers will they have, over what aspects of the City's functions and particularly over spending?
- What scrutiny arrangements have been set up for them?
- How often will they meet and where?
- Will their meetings be public?
- Will they be minuted?
- Will the public be able to contribute to these boards. If so, how?

Councillor Julie Dore, the Leader of the Council stated that she had a report on the subject for Mr Slack to take away. The Boards were City Region Boards designed to strengthen the governance of the City Region Combined Authority and the development of strategy and policy. The creation of the Executive Boards did not mean that Sheffield would cede powers them. One area of attention concerned the provision of more housing and social housing in the City Region. Councillor Dore said that she would be chairing the Transport and Business Growth Executive Boards. The Council's Chief Executive and others would be members of other Boards. The creation of the Executive Boards was agreed by the Combined Authority on 22 June 2015.

7.2.9 Public Questions Concerning Trees

Jenny Hockey stated that the Council had indicted in the local media that it did not believe heave to be an issue on Rustlings Road. Experts had suggested that it is a strong possibility. She asked to see the evidence that it was not. She asked who would be sued if the Council was wrong, Amey or the Council? The campaigners appeared to have received conflicting information as to who would be responsible.

David Garlovsky asked why the City Council's Sheffield Trees and Woodlands Strategy consultation drafted in 2000/01 had not been adopted and implemented; and was it not now the time to review and implement that document to give consistent coherence in managing street trees in Sheffield.

Freda Brayshaw asked who makes the decision about felling or retaining trees. She said that Councillor Fox had indicated that it was a Sheffield City Council arboriculturist. She asked does this person inspect the trees to be felled or scan a list before giving the go ahead, as the process was not clear.

Colin Carr stated that the City was over half way through the initial five year programme of Amey's 25 year contract. In any business project, half way through was considered a sensible point at which to do a review, did the Council not agree?

Diane Carr asked if the Council agreed that the matter was too complicated to debate at the meeting today and that a Scrutiny Committee should look at the issue and much longer should be taken to review the situation.

Louise Wilcockson stated that, whilst queries had gone unanswered, it was understood from the local media that there have been three incidents relating to the trees on Rustlings Road. The response of completely removing the trees appeared to be disproportionate. She asked for confirmation that proper risk assessments had been carried out using published industry guidance and explaining how they came to the conclusion (that trees should be felled).

David Kelly asked whether the Council had undertaken a study on the possible increased flood risk if a large number of trees in the City were replaced with saplings.

A question was asked on behalf of Jan Spencer as to why the Council was not listening to experts with no financial interest, such as Professor Ian Rotherham, rather than Amey, which was motivated by profit.

Helen McIlroy asked what was going to happen to the timber from the felled trees and whether it was being sold and that was a motive for felling so many healthy mature trees.

Madelene Johnson indicated that her question concerning homes on Rustlings Road affected by heave or flooded cellars had been asked by Jenny Hockey.

7.3 Petition Requiring Debate Concerning the Retention of Trees on Rustlings Road

The Council received a joint paper and electronic petition containing over 10,000 signatures concerning the retention of 12 Lime trees on Rustlings Road. The Council's Petitions Scheme required that any petition containing over 5,000 signatures would be the subject of debate at the Council meeting. The wording of the petition was as follows:-

"We, the undersigned, refute the assertion that the felling of Lime (Tilia sp.) trees

on Rustlings Road is necessary. Instead, we demand, and believe it imperative, that sensitive engineering solutions be adopted and implemented to enable the long-term retention of these trees.

Evidence indicates that such large trees contribute significantly to local climate regulation, filtration of atmospheric pollutants, sustainable urban drainage, biodiversity, ecology: health and wellbeing and amenity; through their beauty and our pleasure of its enjoyment, which enriches our lives.

Twelve trees are marked for destruction, for 'damage to pavements'. We believe the damage is minor and does not significantly impair accessibility for disabled people, or the use of prams and pushchairs. It is our opinion that sensitive engineering solutions, such as pavement restructuring and localized remediation near trees, with kerb stones sculpted to accommodate root morphology, would represent a sustainable solution to perceived problems.

*Loss of these Lime trees would represent a significant loss of a valuable foraging resource for bees (honey from Lime flowers is much prized) and particularly for bats, as the Lime Leaf Aphid (*Eucallipterus tiliae*) – a favored prey item - only occurs on Lime trees. Lines could be painted on the road to prevent parking under trees, thereby minimizing the risk of damage to vehicles, to a level firmly within the “broadly acceptable region” of tolerability.*

*Sub-veteran, mature trees, such as these Limes, represent our cultural heritage and are **irreplaceable**. We demand that alternative, sensitive engineering solutions be implemented as an alternative to felling.”*

Representations on behalf of the petitioners were made by Louise Wilcockson and Alan Robshaw. The proposal to fell 12 Lime trees on Rustlings Road was part of the work on the City's highways PFI (Private Finance Initiative). The petitioners believed that the trees could be retained if appropriate highways solutions were implemented. 1000s of trees were to be felled as part of the highways PFI programme and the debate about the retention of trees also concerned the quality of people's lives and the type of City people wanted to see.

The Council was obliged to conduct risk assessments and also had to have regard to ensure that proportionate decisions were made. The Council's 25 year contract with Amey would have flexibility to allow for changes in policy.

Members of the Council had been sent a paper, produced by the petitioners in support of the Save Our Rustlings Trees (SORT) campaign. In 2001, the Council had produced a consultation paper or strategy on trees, the content of which had not been adopted or implemented.

The Council was requested to exercise its power to refer the matter to a Scrutiny Committee, produce a strategy for trees and take stock of the highways contract with Amey to prevent the loss of further street trees, which were a valuable asset to the City, which was one of the greenest cities in Britain and Europe.

In accordance with Council Procedure Rule 13.1 (b), the Cabinet Member for Environment and Transport responded to the petition, following which the Shadow

Cabinet Member for Environment and Transport spoke on the matter.

Councillor Terry Fox, the Cabinet Member for Environment and Transport, responded to the petition. He acknowledged that the issue was a challenging one and applauded the residents and campaigners for all their efforts in bringing the matter to the Council. He understood the need for scrutiny of decisions made by the Council and stated that since 2012, the Streets Ahead programme had been considered three times by the relevant Scrutiny Committee.

For generations, people had demanded that the Council take action about the roads and paths and street lighting in the City and the Streets Ahead programme enabled the City's highways to be improved to a first class standard for all residents. However, there were challenges in delivering what was a large scale project, including the logistics, keeping the City moving and of the Council taking people along with it. The Council had to work within the applicable legislation including that relating to highways, equalities and health and safety. The Council was working to give people inclusive mobility.

A survey was done in 2006/7 to inform the priorities as part of the formation of the Streets Ahead contract. This found that Sheffield had a 74 percent mature tree stock, with few young trees. There was a rate of decline, evidenced by the number of trees requiring treatment, which would rapidly accelerate. The Council therefore had to pursue a programme of tree replacement and maintenance. Councillor Fox referred to the Forestry Commission's stance on the capacity of younger and mature trees to absorb carbon dioxide. Young trees absorb carbon dioxide quickly while they are growing. As a tree ages, a steady state was reached and at that point, the amount of carbon dioxide absorbed through photosynthesis was equal to that lost through respiration and decay. Over 2000 highways trees had been replaced and, as part of the Streets Ahead programme, details of trees which were to be removed were available at roadshow events. Councillors had challenged the replacement of highways trees at Scrutiny Committees.

The City was approximately half way through the first 5 years of the project, during which time 2000 streets trees which were dangerous, dead, dying, diseased or damaging to pavements or roads or causing obstruction had been removed. 2019 street trees had been planted. Since January 2015, the Council had planted 50,000 trees, creating 17 new woodlands.

In relation to process, Amey made recommendations to the Council concerning which trees should be removed from the highway and by which category. The Council then assessed each tree and make a decision about whether or not a tree should be felled.

He pointed out that the Streets Ahead programme began with cross party support as the need to improve Sheffield's highways was understood. There was a risk that in increasing access and improving mobility, some highway trees would become vulnerable. An assessment was made as to whether there was wildlife such as birds and bats living in the tree before work began and if necessary, the felling of the tree would be delayed. The felling of a tree was a last resort.

Details were provided in advance to ward councillors of any trees which were to be felled as part of the core works and residents received a work start leaflet to tell them that works were happening in their area. Meetings were held with community groups to inform them of tree felling in the area and to gather their views and comments. If requested, tree walks would be arranged to provide people with more information about why a tree needed to be felled and what it would be replaced with. Notices were also placed on trees which had been identified to be removed.

There were 30 trees on Rustlings Road. 11 had been identified to be felled and 19 were being retained by sensitive engineering solutions. If some of these trees could be retained, then they would be. Any trees that were removed would be replaced. In addition, 9 trees which were removed many years ago and were not replaced would now be replaced.

There had been a pause to the work on Rustlings Road, Wayland Road and Bowood Road until the debate at this Council meeting had taken place.

For the avoidance of doubt, Councillor Fox said that the Council did not pay Amey more, no matter how many trees were felled and any felling of a tree was as a last resort. The Council's tree experts were trained, although it was also the case that experts were likely to have differing views. The Council had to work within legal constraints.

Councillor Fox suggested that a Highway Tree Forum was established so that people including residents, lobby groups and specialist groups could have discussions and the Council was able to consult people about policy. He concluded by congratulating the residents and campaigners and acknowledged their strong feeling towards the City.

Councillor Joe Otten, the Shadow Cabinet Member for Environment and Transport, then spoke on the matter and referred to concerns about the application of criteria to the trees on Rustlings Road. Trees were able to absorb carbon dioxide and contributed to an improvement in air quality, which affected people's health. It was acknowledged that if a tree was assessed to be unsafe, then it should be removed. However, there would be concern if removal of the trees was for the convenience of the highways PFI programme. He said that the policy should be reviewed and that people should be consulted before action was taken to remove trees.

Members of the City Council then debated the matters raised by the petition, as summarised below:

The City should have had in place a planting and felling regime for decades and the Streets Ahead programme was important in so far as it was upgrading and would maintain the highways, which had been neglected. The ageing population would require accessible footpaths to enable them to be mobile. Tree walks had been arranged in order to provide opportunities for local people to gain an explanation of what would happen to trees on the highways and there was also a role for ward councillors in the programme relating to highways trees.

Members had been informed that, by default, trees on highways would remain in place, unless they were terminally diseased or presented a danger. Information requested, including a plan of the trees on Rustlings Road and details of any accidents which had been reported relating to the pavement on Rustlings Road had not yet been received.

The City was proud of its reputation as a green city which was pro-tree. The Council was also the custodian of the City's road network and had a duty of care to people using highways and footpaths and obligations under highways and disabilities legislation. It was most important that people using wheelchairs or those with a visual impairment were able to walk safely.

It was important to make sure the Streets Ahead programme was operating properly and there was an opportunity to examine how highways trees were managed across the City as part of the programme. From observations on Rustlings Road, there appeared to be discrepancies between the identified species of tree and its actual location, therefore there was risk that the incorrect tree would be removed. Mature trees should be retained, where possible. It was proposed that a 2 month moratorium be put in place before further action was taken to fell the trees on Rustlings Road, a Scrutiny Committee was requested to examine the matter and that the previous draft policy circa 2000/01 was examined.

The lack of a comprehensive tree strategy for Sheffield might mean that some services were working in isolation. There was concern that tree planting was not always in accordance with standard guidance; the ecology unit had not seen the detail of trees that Amey was considering for removal; and that replacement saplings were not an equivalent like for like replacement.

Some species of trees, which were planted on highways and in housing estates earlier in the twentieth century, were inappropriate for the highways of today and pavement surfaces were damaged by tree roots. It was necessary to replace these trees with a species more appropriate to highways.

There was concern that, in some cases, local Councillors were being obstructed in carrying out their role in relation to trees. People also felt they were not being listened to. The Council did have responsibilities in relation to the management of trees and in relation to issues of mobility and access and independent experts should be sought to examine the various issues.

Three new park areas had been opened and new woodlands created, including through the grey to green programme. It was important to maintain the highway so that it was safe for everyone and enabled people to get out and about. It was also crucial to preserve green spaces. Ten percent of highway trees required urgent attention, with a further 70 percent nearing the end of their life. The Streets Ahead contract stated that 50% (or 18,000) of highway trees could be removed as part of the programme. However, two and a half years into the five year programme of core works, only 2,000 had been removed.

The lead petitioners, exercised a right of reply, stating that this was a complex issue and that there was insufficient time to look at all of the matters in detail or to consider the written representations which the petitioners had submitted to the Council, including that a city-wide strategy for trees should also include street trees. It was suggested that referring the matter to a Scrutiny Committee would enable an effective response to the matters raised by the petition and the petitioners would be pleased to work with the Committee and Council officers.

They suggested that systems of evaluation used elsewhere were employed and pointed to the value of trees to the City and to petitioners' request for an independent external assessment, including of each replacement tree. It was considered that there were still unanswered questions arising from the process and there was also a matter of accountability for the Council, which also had a right to know that the programme was being carried out correctly.

Councillor Terry Fox, the Cabinet Member for Environment and Transport, responded to matters which were raised during the debate and stated that the various issues raised would be looked at in more detail. He proposed that a Tree Forum was established to help discuss and consult with people in relation to highways trees.

The meeting adjourned to consider the courses of action available to the Council based on the nature of the petition.

The meeting then reconvened and the following courses of action were proposed:

It was moved by Councillor Terry Fox, seconded by Councillor Tony Downing that this Council:-

- (a) notes that there are over two million trees across the City, including 36,000 highway trees, and is proud of Sheffield's status as the greenest city;
- (b) welcomes that a record number of trees are being planted across the City by the Administration;
- (c) confirms that the policy of removing trees that are dead, damaged, dying, diseased, dangerous or discriminatory is a long standing policy, and is in place to maintain a Sheffield standard and ensure the safety of local residents;
- (d) notes that the Cabinet Member for Environment and Transport has held numerous meetings with local Councillors and officers, to explore any new engineering solutions, but none were, or have been, raised;
- (e) rejects the idea put forward by one Councillor that speed humps could be introduced to cover the parts of the pavement that are damaged by trees, noting that this could have serious implications for people with disabilities, and that if implemented, would result in unthinkable costs across the City;

- (f) regrets that the main Opposition Group have sought to play politics and talk the City down over decisions that are ultimately technical in nature and based on advice put forward by technical experts;
- (g) welcomes that the Administration has asked officers to set up a “Highways Tree Forum” so we can have strategic conversations with representative bodies, also allowing residents to have a say in their own neighbourhoods;
- (h) welcomes that works were paused to listen to the concerns of the protestors; and
- (i) however, regrets that as a moratorium would have a major impact on the scheme, including risks to zonal works, confidence from the lenders and the major refinancing work going on for the budget, it is not possible to make any further delays to the programme, and therefore, the programme will continue as planned.

On being put to the vote, the motion was carried.

It was moved by Councillor Joe Otten seconded by Councillor Colin Ross that this Council refers the petition to the Economic and Environmental Wellbeing Scrutiny and Policy Development Committee for consideration having regard to the comments made by Members during the course of the debate.

On being put to the vote, the motion was negated.

The outcome of the debate agreed by the Council was as follows:

RESOLVED: That, as regards the petition now submitted containing over 8,000 signatures requesting that, as an alternative to felling, sensitive engineering solutions be implemented in order to enable the long-term retention of the 12 Lime trees on Rustlings Road, this Council:-

- (a) notes that there are over two million trees across the City, including 36,000 highway trees, and is proud of Sheffield’s status as the greenest city;
- (b) welcomes that a record number of trees are being planted across the City by the Administration;
- (c) confirms that the policy of removing trees that are dead, damaged, dying, diseased, dangerous or discriminatory is a long standing policy, and is in place to maintain a Sheffield standard and ensure the safety of local residents;
- (d) notes that the Cabinet Member for Environment and Transport has held numerous meetings with local Councillors and officers, to explore any new engineering solutions, but none were, or have been, raised;
- (e) rejects the idea put forward by one Councillor that speed humps could be

- introduced to cover the parts of the pavement that are damaged by trees, noting that this could have serious implications for people with disabilities, and that if implemented, would result in unthinkable costs across the City;
- (f) regrets that the main Opposition Group have sought to play politics and talk the City down over decisions that are ultimately technical in nature and based on advice put forward by technical experts;
 - (g) welcomes that the Administration has asked officers to set up a “Highways Tree Forum” so we can have strategic conversations with representative bodies, also allowing residents to have a say in their own neighbourhoods;
 - (h) welcomes that works were paused to listen to the concerns of the protestors; and
 - (i) however, regrets that as a moratorium would have a major impact on the scheme, including risks to zonal works, confidence from the lenders and the major refinancing work going on for the budget, it is not possible to make any further delays to the programme, and therefore, the programme will continue as planned.

7.4.1 Petition Requesting a Safe Play area, with Equipment, in Ellesmere Park

The Council received a petition containing 102 signatures, requesting the construction of two floodlit football pitches, on spare ground, at the side of Wensley Street.

The Council referred the petition to Councillor Isobel Bowler, Cabinet Member for Neighbourhoods.

8. **NOTICE OF MOTION GIVEN BY COUNCILLOR ROGER DAVISON**

Debate on Petition to Save 12 Trees on Rustlings Road (2)

It was moved by Councillor Roger Davison, seconded by Councillor Ian Auckland, that this Council:-

- (a) notes the recent petition to save 12 trees on Rustlings Road, near Endcliffe Park, signed by over 8,000 people;
- (b) notes Sheffield's reputation as one of the greenest cities in Europe and recognises the importance of the city's trees in making this city so special and unique;
- (c) notes this Administration's continued efforts to ruin this reputation by selling off parts of our city's parks and threatening the green belt surrounding Sheffield;
- (d) is concerned by the comment made by tree expert Adam Winson that the Council's current policy on trees could lead to half the city's trees being felled in a 'potential chainsaw massacre';
- (e) believes that Amey have been given free rein by the Administration to decide the fate of our city's trees without consultation of Sheffield residents; and
- (f) therefore proposes to the Administration:
 - (i) that a moratorium of at least two months is called on the felling of mature trees in Sheffield; and
 - (ii) that a scrutiny review of the citywide policy on the future of our trees takes place.

Whereupon, it was moved by Councillor Terry Fox, seconded by Councillor Tony Downing, as an amendment, that the Motion now submitted be amended by the deletion of paragraphs (c) to (f) and the addition of a new paragraph (c) as follows:-

- (c) therefore recognises that a debate of Full Council will take place on the issue and resolves to listen to the outcome of the debate before reaching a decision on this issue.

Following a Right of Reply by Councillor Roger Davison, the original Motion, as amended, was put to the vote in the following form and carried:-

- (b) adopts the changes to the Scrutiny Procedure Rules within Part 4 of the Council's Constitution, as set out in the report and appendices; and

13. NOTICE OF MOTION GIVEN BY COUNCILLOR CHRIS PEACE

Orgreave Truth and Justice Campaign

RESOLVED: On the Motion of Councillor Chris Peace, seconded by Councillor Terry Fox, that this Council:-

- (a) has previously put on record its call for a full public inquiry into the actions of the police at the Orgreave coking plant on 18th June 1984 during the miners' strike of 1984-85.
- (b) Along with ex miners, their families, campaigners from the Orgreave Truth and Justice Campaign, the people of Sheffield, has waited patiently for nearly 2 and half years for the Independent Police Complaints Commission (IPCC) to complete their "scoping" exercise, investigating whether to investigate the actions of the police on that day.
- (c) is disappointed that the IPCC announced on Friday 12th June 2015 that despite there being findings that police officers did use excessive force against picketing miners, manipulated evidence and lied in court when giving evidence, they would not be conducting an investigation into what has become known as the "Battle of Orgreave".
- (d) notes that the IPCC cited the passage of time and the fact that there had been no miscarriages of justice in the form of wrongful convictions as reasons not to investigate.
- (e) believes that the issue of Orgreave is of national importance and particular local importance to our local community here in Sheffield, many members of which were directly affected in 1984 and beyond. A full investigation into the military style policing used on that day is now long overdue and only a full public inquiry can fully investigate this; and
- (f) therefore calls on the Home Secretary, Theresa May, to order a full public inquiry into the deployment and actions of the police on 18th June 1984.

The votes on the Motion were ordered to be recorded and were as follows:

For the Motion (57)

- The Lord Mayor (Councillor Talib Hussain), The Deputy Lord Mayor (Councillor Denise Fox) and Councillors Julie Dore, Mike Drabble, Jack Scott, Helen Mirfin-Boukouris, Chris Rosling-Josephs, Ian Saunders, Bryan Lodge, Karen McGowan, Jayne Dunn, Aodan Marken, Brian Webster, Jackie Drayton, Ibrar Hussain, Lewis Dagnall, Robert Murphy, Sarah Jane Smalley, Anne Murphy, Geoff Smith, Diane Hurst, Mazher Iqbal, Mary Lea, Steve Wilson, Sheila Constance, Alan Law, Garry Weatherall, Steve Jones, Cate McDonald, Chris Peace, Bob Johnson, George Lindars-Hammond, Josie Paszek, Jenny Armstrong, Terry Fox, Pat Midgley, David Barker, Tony Downing, Nasima Akther,

Nikki Bond, Mohammad Maroof, Lynn Rooney, Paul Wood, Peter Price, Sioned-Mair Richards, Leigh Bramall, Tony Damms, Gill Furniss, Richard Crowther, Olivia Blake, Ben Curran, Neale Gibson, Adam Hurst, Zoe Sykes, Mick Rooney, Jackie Satur and Ray Satur.

- Against the Motion (0) - Nil.
- Abstained the Motion (19) - Councillors Richard Shaw, Rob Frost, Joe Otten, Colin Ross, Martin Smith, Pauline Andrews, Roger Davison, Sue Alston, Andrew Sangar, Cliff Woodcraft, Ian Auckland, Steve Ayris, Denise Reaney, David Baker, Katie Condliffe and Vickie Priestley, Jack Clarkson, Keith Davis and John Booker.

14. NOTICE OF MOTION GIVEN BY COUNCILLOR ADAM HURST

Welfare Cuts

It was moved by Councillor Adam Hurst, seconded by Councillor Mazher Iqbal, that this Council:-

- (a) recalls previous resolutions it has passed outlining that the impact of the previous Coalition Government's cuts to welfare in Sheffield are hitting hardest the poorest in the City;
- (b) notes recent reports that child poverty is on course for the biggest rise in a generation, reversing years of progress that began in the late 1990s, leading charities and independent experts claim;
- (c) further notes that calculations from the Institute for Fiscal Studies (IFS) have suggested that progress between the late 1990s and 2010 has been reversed and that the number of children living in relative poverty rose from 2.3 million in 2013 to 2.6 million in 2014, and that the Child Poverty Action Group says that with the Government committed to implementing another £12bn of cuts in a new round of austerity, the problem will grow;
- (d) notes that the Government has outlined its intentions to make £12 billion additional cuts to welfare spending, however, have refused to explain where the cuts will fall and who they will hit;
- (e) believes that the Government must come clean about its plan to cut support for working families, disabled people and carers and that its refusal to admit who'll be hit by its cuts is adding to the insecurity felt by working families around the country;

- (f) notes that this Government has failed to rule out cuts to tax credits and support for working families under Universal Credit and has failed to rule out cuts to support for disabled people and their carers;
- (g) believes that welfare costs should be reduced by tackling the root causes of rising benefit bills, such as insecure employment, low pay and lack of affordable housing; and
- (h) directs that a copy of this motion be forwarded to the Secretary of State for Work and Pensions.

Whereupon, it was moved by Councillor Joe Otten, seconded by Councillor Colin Ross, as an amendment, that the Motion now submitted be amended by:-

1. the deletion of paragraphs (a) to (c) and the addition of new paragraphs (a) to (c) as follows:-
 - (a) regrets the gap between the richest and the poorest rose during the thirteen years of the previous Labour Government and that the previous Labour Government failed to meet its target on child poverty by hundreds of thousands of children;
 - (b) notes that, despite speculation by the Institute for Fiscal Studies (IFS) that the number of children living in relative poverty would increase to 2.6 million by the end of 2014, the official figures from the Department for Work and Pension's 'Households Below Average Income' report show that the percentage of children in relative low-income households remained "flat" in 2013/14;
 - (c) notes that the IFS report 'Child poverty in Britain: recent trends and future prospects' states 'Labour struggled to find ways of substantially improving the (absolute and relative) incomes of the poor other than via [...] direct fiscal redistribution' and that 'Labour's heavy reliance on increases in benefits to reduce poverty is that (at least some of) those poverty reductions may prove fragile';
2. the addition of a new paragraph (d) as follows:-
 - (d) applauds the work of Liberal Democrats in the previous Government to support children living in poverty, including:
 - (i) funding to provide 15 hours of free childcare per week to disadvantaged 2 year olds;
 - (ii) the pupil premium, which has seen £25 million invested into Sheffield schools to help the poorest children;
 - (iii) an additional £50 million a year to provide extra tuition to 11-year-olds who are struggling with poor maths and reading skills;

- (iv) £5.4 million to provide Free Early Learning for disadvantaged two-year-olds; and
 - (v) committing to free school meals for all infant pupils;
3. the relettering of original paragraphs (d) to (g) as new paragraphs (e) to (h);
4. the addition of new paragraphs (i) and (j) as follows:-
- (i) notes Labour Party leadership candidate, Liz Kendall, backs the Government's plan to reduce the welfare cap to £23,000 a year and fellow candidates, Andy Burnham and Yvette Cooper, have failed to rule out support for reducing the welfare cap;
 - (j) believes that the best way to reduce child poverty and achieve a fairer society with greater opportunity for everyone is through the creation of a stronger economy, creating growth and in turn more investment and more job creation;
5. the relettering of original paragraph (h) as a new paragraph (k).

On being put to the vote, the amendment was negated.

The original Motion was then put to the vote and carried, as follows:-

RESOLVED: That this Council:-

- (a) recalls previous resolutions it has passed outlining that the impact of the previous Coalition Government's cuts to welfare in Sheffield are hitting hardest the poorest in the City;
- (b) notes recent reports that child poverty is on course for the biggest rise in a generation, reversing years of progress that began in the late 1990s, leading charities and independent experts claim;

- (d) notes that the Government has outlined its intentions to make £12 billion additional cuts to welfare spending, however, have refused to explain where the cuts will fall and who they will hit;
- (e) believes that the Government must come clean about its plan to cut

support for working families, disabled people and carers and that its refusal to admit who'll be hit by its cuts is adding to the insecurity felt by working families around the country;

- (f) notes that this Government has failed to rule out cuts to tax credits and support for working families under Universal Credit and has failed to rule out cuts to support for disabled people and their carers;
- (g) believes that welfare costs should be reduced by tackling the root causes of rising benefit bills, such as insecure employment, low pay and lack of affordable housing; and
- (h) directs that a copy of this motion be forwarded to the Secretary of State for Work and Pensions.

(Note: Councillors Richard Shaw, Rob Frost, Joe Otten, Colin Ross, Martin Smith, Roger Davison, Sue Alston, Andrew Sangar, Cliff Woodcraft, Ian Auckland, Steve Ayris, Denise Reaney, David Baker, Katie Condliffe and Vickie Priestley voted for paragraphs (d) to (h) and against paragraphs (a), (b) and (c) of the Motion and asked for this to be recorded.)

15. NOTICE OF MOTION GIVEN BY COUNCILLOR BEN CURRAN

Blood Supply

RESOLVED: On the Motion of Councillor Ben Curran, seconded by Councillor Garry Weatherall, that this Council:-

- (a) acknowledges plans are being considered to shut the blood supply chain manufacturing facility on Longley Lane, along with a facility in Newcastle;
- (b) acknowledges the plans would see these two facilities in Sheffield and Newcastle relocated and merged into a single facility in Manchester;
- (c) acknowledges that the single site in Manchester would provide services to the whole of the North West, North East and Yorkshire regions of the country;
- (d) expresses concern that this could potentially put 60 jobs in Sheffield at risk;
- (e) expresses concern about a single location in Manchester being a base to cover the whole of the North West, North East and Yorkshire regions, because:
 - (i) this is a physically large geography;
 - (ii) travel disruption often occurs between Manchester and Sheffield, as

- well as in other areas, during periods of bad weather;
- (iii) the strategy fails to make it clear where blood stores would be located outside of the manufacturing centre in Manchester; and
 - (iv) it is unclear how the operation of the service under these proposals would cope with a major incident;
- (f) therefore, believes that more work needs to be done before these proposals are put into place, and that scrutiny of these proposals is necessary to ensure that any changes are both workable and effective; and
- (g) directs that a copy of this motion be forwarded to all Sheffield MPs, the Secretary of State for Health, the Shadow Secretary of State for Health and the Chair of the Health Select Committee, with a request for the matter to be considered by the relevant Select Committee.

16. NOTICE OF MOTION GIVEN BY COUNCILLOR LEIGH BRAMALL

UK Steel Industry

RESOLVED: On the Motion of Councillor Leigh Bramall, seconded by Councillor Ian Saunders, that this Council:-

- (a) recognises the importance of the UK steel industry as a significant contributor to the UK economy;
- (b) understands that the UK steel industry is a provider of highly-skilled jobs and research and development, both in Sheffield City Region and across the UK;
- (c) recognises that British Steel is a quality product, manufactured to high production values in a sustainable and responsible manner;
- (d) supports the principles set out in the Charter for Sustainable British Steel; and
- (e) pledges to give effect to the principles of the Charter as fully as possible through its procurement policy.

17. NOTICE OF MOTION GIVEN BY COUNCILLOR JOE OTTEN

European Union

It was moved by Councillor Joe Otten, seconded by Councillor Cliff Woodcraft, that this Council:-

- (a) believes that it is important to Sheffield for Britain to stay in the European Union;
- (b) believes that only as a full member of a reformed European Union can we be certain Britain's businesses will have access to markets in Europe and beyond;
- (c) believes that remaining part of the European Union is vital to the long term security of Sheffield businesses and to building a stronger local economy;
- (d) therefore calls upon Sheffield businesses and public sector organisations to highlight the importance of remaining within the European Union in the run-up to the 2016 EU referendum; and
- (e) urges all Councillors to sign up to the cross-party organisation British Influence and join the Yes to Europe campaign.

Whereupon, it was moved by Councillor Leigh Bramall, seconded by Councillor Bryan Lodge, as an amendment, that the Motion now submitted be amended by the addition of a new paragraph (f) as follows:-

- (f) also supports the principle of political parties developing their own distinctive 'Yes Campaigns', as already outlined by the Labour Party.

On being put to the vote, the amendment was carried.

It was then moved by Councillor John Booker, seconded by Councillor Jack Clarkson, as an amendment, that the Motion now submitted be amended by the deletion of all the words after the words "That this Council" and the addition of the following words:-

- (a) believes that Sheffield and Great Britain have survived and prospered very well before we joined the EU and will survive and prosper to a greater degree after we leave;
- (b) notes that there are over sixty countries who are not members of the European Union that have access to markets in the EU, which include the USA, China and Russia, and believes that the EU is a shrinking market, and in years to come it will represent five percent of world trade, and that to tie our country to this union is incompetent and shortsighted;
- (c) believes that the long term future and security of Sheffield and Great Britain depends on us leaving the EU, and taking back our seat at the World Trade Organisation, and notes that we are a global trading nation, a G7 Country, the world's fifth largest economy, the fourth largest exporter of goods worldwide, the seventh largest manufacturing nation, a permanent member of the UN Security Council, a founder member of the World Bank and one of the major players in NATO, and further believes that this country has a lot to be proud of, and that the European Union is not vital to Great Britain;

- (d) notes that before Britain joined the EU we made our own trade deals and traded freely across the globe, and that we surrendered our trade negotiating rights when we signed up to what was then the EEC, and believes the rest is a sad history - the disastrous Common Fisheries Policy, that now means we have to import two thirds of the fish we consume; the Common Agricultural Policy, which imposes excessive regulations on our farmers; and the Climate Change Act, dubbed the most expensive piece of legislation in British history, which costs £18 billion a year, is anti-productive and is pushing this country into an energy crisis; and
- (e) urges all Councillors to put their faith in Great Britain, reject the "Napoleonic Blueprint" that is the EU, and reject its aim to have one flag, totalitarian control of its member states, and believes that the EU wants our sovereignty, our democracy, our currency, and with that, our economy, and suggests that the country should break free from the bureaucratic nightmare that is Brussels.

On being put to the vote, the amendment was negated.

The original Motion, as amended, was then put as a Substantive Motion in the following form and carried:-

RESOLVED: That this Council:-

- (a) believes that it is important to Sheffield for Britain to stay in the European Union;
- (b) believes that only as a full member of a reformed European Union can we be certain Britain's businesses will have access to markets in Europe and beyond;
- (c) believes that remaining part of the European Union is vital to the long term security of Sheffield businesses and to building a stronger local economy;
- (d) therefore calls upon Sheffield businesses and public sector organisations to highlight the importance of remaining within the European Union in the run-up to the 2016 EU referendum;
- (e) urges all Councillors to sign up to the cross-party organisation British Influence and join the Yes to Europe campaign; and
- (f) also supports the principle of political parties developing their own distinctive 'Yes Campaigns', as already outlined by the Labour Party.

(Note 1: Councillors Richard Shaw, Rob Frost, Joe Otten, Colin Ross, Martin Smith, Roger Davison, Sue Alston, Andrew Sangar, Cliff Woodcraft, Ian Auckland, Steve Ayriss, Denise Reaney, David Baker, Katie Condliffe and Vickie Priestley voted for paragraphs (a) to (e) and against paragraph (f) of the Substantive Motion

and asked for this to be recorded.

2. Councillors Aodan Marken, Brian Webster, Robert Murphy and Sarah Jane Smalley voted for paragraphs (a) to (d) and (f) and abstained on paragraph (e) of the Substantive Motion and asked for this to be recorded.)

18. NOTICE OF MOTION GIVEN BY COUNCILLOR BRIAN WEBSTER

Austerity Policies

It was moved by Councillor Brian Webster, seconded by Councillor Aodan Marken, that this Council:-

- (a) welcomes reports from the People's Assembly Against Austerity that up to 250,000 people took part in the 'End Austerity Now' demonstration in London on 20th June 2015, as well as other demonstrations in cities across the UK;
- (b) thanks all those who attended and helped to organise these demonstrations for their continuing commitment to fighting what this Council believes to be the Government's divisive, destructive and ideologically driven austerity agenda;
- (c) notes that speakers at the London demonstration included representatives of many different organisations, including the Green Party and the Labour Party, and believes that this indicates the strength of opposition to austerity policies across much of the political spectrum in this country;
- (d) recalls that in Sheffield, public sector spending cuts have already resulted in a 50% cut to Sheffield City Council's Revenue Support Grant between 2010 and 2015, and is deeply concerned at reports that further cuts to local government funding may be announced as part of the 'Summer Budget' on 8th July 2015;
- (e) notes that austerity measures in Sheffield and across the country continue to hit the poorest and most vulnerable the hardest, and believes that this is deeply wrong;
- (f) therefore calls upon all political parties to support alternatives to the economics of austerity and spending cuts, including raising taxes on the wealthiest in society, cracking down on tax avoidance, and investing in infrastructure, home insulation, and renewable energy; and
- (g) directs that a copy of this motion be forwarded to the Chancellor of the Exchequer and to the leaders of all Parliamentary parties.

Whereupon, it was moved by Councillor Ben Curran, seconded by Councillor Ian Saunders, as an amendment, that the Motion now submitted be amended by the

insertion in paragraph (f), between the words “spending cuts” and “including raising”, of the words “which will predominantly involve a long term sustainable growth strategy, based around successful businesses generating future prosperity and creating wealth,”.

On being put to the vote, the amendment was carried.

It was then moved by Councillor Steve Ayriss, seconded by Councillor Richard Shaw, as an amendment, that the Motion now submitted be amended by the deletion of all the words after the words “That this Council” and the addition of the following words:-

- (a) notes that as a result of the previous Coalition Government’s policies, the wealthiest are paying more in tax, whilst lower earners are paying less, than at the start of the last Parliament, thanks to measures such as:-
 - (i) cutting income tax by £825 for over 26 million low and middle income earners and removing over 3 million of the lowest earners from paying income tax altogether, by increasing the lower tax allowance;
 - (ii) cutting tax breaks for the highest earners, meaning someone earning £1 million a year had to pay £381,000 more tax during the last Parliament than under the previous Labour Government; and
 - (iii) tackling tax avoidance by a tenfold increase in prosecutions relating to tax crimes and closing 33 tax loopholes, resulting in an extra £9billion from the richest people in the UK being raised each year;
- (b) notes that the independent Office for National Statistics’ calculations of the Gini index shows that the UK, by the end of the Coalition Government’s term, was enjoying the lowest income inequality since 1986;
- (c) believes that the Green Party’s support for economic growth is lukewarm at best, but that a strong economy is a necessary prerequisite for opportunity for all and generates the revenues necessary for public services, and that, therefore, the consequences of Green Party policies would be economic failure and, as a consequence, much greater austerity; and
- (d) regrets the ideological austerity which this Council believes is being offered by the current Government, which is going beyond what is necessary to balance the books.

On being put to the vote, the amendment was negated.

The original Motion, as amended, was put as a Substantive Motion in the following form and carried:-

RESOLVED: That this Council:-

- (a) welcomes reports from the People's Assembly Against Austerity that up to 250,000 people took part in the 'End Austerity Now' demonstration in London on 20th June 2015, as well as other demonstrations in cities across the UK;
- (b) thanks all those who attended and helped to organise these demonstrations for their continuing commitment to fighting what this Council believes to be the Government's divisive, destructive and ideologically driven austerity agenda;
- (c) notes that speakers at the London demonstration included representatives of many different organisations, including the Green Party and the Labour Party, and believes that this indicates the strength of opposition to austerity policies across much of the political spectrum in this country;
- (d) recalls that in Sheffield, public sector spending cuts have already resulted in a 50% cut to Sheffield City Council's Revenue Support Grant between 2010 and 2015, and is deeply concerned at reports that further cuts to local government funding may be announced as part of the 'Summer Budget' on 8th July 2015;
- (e) notes that austerity measures in Sheffield and across the country continue to hit the poorest and most vulnerable the hardest, and believes that this is deeply wrong;
- (f) therefore calls upon all political parties to support alternatives to the economics of austerity and spending cuts, which will predominantly involve a long term sustainable growth strategy, based around successful businesses generating future prosperity and creating wealth, including raising taxes on the wealthiest in society, cracking down on tax avoidance, and investing in infrastructure, home insulation, and renewable energy; and
- (g) directs that a copy of this motion be forwarded to the Chancellor of the Exchequer and to the leaders of all Parliamentary parties.

19. NOTICE OF MOTION GIVEN BY COUNCILLOR JOHN BOOKER

Sports Facilities in Page Hall

It was moved by Councillor John Booker, seconded by Councillor Jack Clarkson, that this Council:-

- (a) believes the area of Page Hall, Fir Vale, would benefit from having two floodlit football pitches built on spare ground at the side of Wensley Street, with shelters or possible cafe type area adjacent, so all communities would

have a meeting place where they could socialise and get to know each other better;

- (b) also believes, after speaking with local residents, that this planned development would go some way to reducing social tensions, and focus actions positively on an inclusive project;
- (c) hopes areas like S4, where the mover of this Motion lived and worked in his youth, can one day make the headlines for the right reasons, i.e. social inclusion and prosperity for all;
- (d) further wishes for cross party support on this action plan, and hopes funds can be found for smaller projects as easily as they seem to be acquired for larger ones;
- (e) notes that Britain is a compassionate, caring nation, and that in the course of our island's history we have welcomed millions of people to these shores and we are proud of that fact;
- (f) further notes that UKIP believes, and will comply fully with, the 1951 UN Convention relating to the status of refugees, and will continue to honour the country's obligations to bona fide asylum seekers; and
- (g) notes that a petition, with over a hundred signatures and three photographs of the proposed site, has been submitted to the Council in support of the planned development.

Whereupon, it was moved by Councillor Jackie Drayton, seconded by Councillor Ibrar Hussain, as an amendment, that the Motion now submitted be amended by the deletion of all the words after the words "That this Council" and the addition of the following words:-

- (a) notes that organised football sessions already take place three times a week from the floodlit pitches at Fir Vale School, and that these sessions are supported by the Council and South Yorkshire Police and have provided local young people with the opportunity to take part in structured activity with a focus on health and community engagement;
- (b) notes that the immediate area is not short on sports facilities, with additional sports grounds at the bottom of Wensley Close, at Hindewood Close and at Firth Park;
- (c) welcomes that the Council and its partners are working hard to engage positively with members of the community living in the area;
- (d) notes the complex challenges experienced in the area and believes it is important that the Council, partners and members of the community continue to work together to ensure that the positive aspects of the area and the people who live there are recognised and celebrated; and

- (e) recognises the importance of providing and supporting activities and services that make a positive contribution to improving community engagement and local aspirations and, despite the economic pressures, is open to considering requests that fit this.

On being put to the vote, the amendment was carried.

The original Motion, as amended, was then put as a Substantive Motion in the following form and carried:-

RESOLVED: That this Council:-

- (a) notes that organised football sessions already take place three times a week from the floodlit pitches at Fir Vale School, and that these sessions are supported by the Council and South Yorkshire Police and have provided local young people with the opportunity to take part in structured activity with a focus on health and community engagement;
- (b) notes that the immediate area is not short on sports facilities, with additional sports grounds at the bottom of Wensley Close, at Hindewood Close and at Firth Park;
- (c) welcomes that the Council and its partners are working hard to engage positively with members of the community living in the area;
- (d) notes the complex challenges experienced in the area and believes it is important that the Council, partners and members of the community continue to work together to ensure that the positive aspects of the area and the people who live there are recognised and celebrated; and
- (e) recognises the importance of providing and supporting activities and services that make a positive contribution to improving community engagement and local aspirations and, despite the economic pressures, is open to considering requests that fit this.

(Note: Councillors Aodan Marken, Brian Webster, Robert Murphy and Sarah Jane Smalley voted for paragraph (e) and abstained on paragraphs (a) to (d) of the Substantive Motion and asked for this to be recorded.)

20. NOTICE OF MOTION GIVEN BY COUNCILLOR RICHARD SHAW

Remember Srebrenica Campaign

RESOLVED: On the Motion of Councillor Richard Shaw, seconded by Councillor David Baker, that this Council:-

- (a) notes that July 2015 marks the 20th anniversary of the fall of the Bosnian town of Srebrenica;

- (b) notes that in the days following, more than 8,000 Bosnian Muslim men and boys were systematically massacred and buried in mass graves, and that thousands of women, children and elderly people were forcibly deported and a large number of women were raped;
- (c) recognises the importance of campaigns such as Remember Srebrenica in reminding us all to never be complacent and that the international community must strive, constantly, for peace and the defence of human rights;
- (d) recognises the importance of human rights, and the European Union and European Convention on Human Rights (ECHR) in promoting peace and internationalism;
- (e) regrets that, in 2015, the Government wishes to scrap the Human Rights Act and withdraw the UK from the ECHR; and
- (f) encourages all Councillors to sign the Remembering Srebrenica pledge to ensure that lessons learned from Srebrenica with regards to the importance of tackling intolerance, prejudice and hatred, are implemented in British society.

(Note: Councillors Pauline Andrews, Jack Clarkson, Keith Davis and John Booker voted for paragraphs (a) to (c) and (f) and against paragraphs (d) and (e) of the Motion and asked for this to be recorded.)

21. NOTICE OF MOTION GIVEN BY COUNCILLOR RICHARD SHAW

Mental Health

It was moved by Councillor Richard Shaw, seconded by Councillor Roger Davison, that this Council:-

- (a) notes that one in four people will suffer with mental health problems at some point during their lives;
- (b) notes that despite their prevalence, mental health problems are still stigmatised in today's society;
- (c) praises the previous Government's work to improve the status of mental health, including measures such as:
 - (i) introducing the first waiting time targets for mental health treatment;
 - (ii) putting an extra £1.25bn into children and adolescent mental health services;

- (iii) improving access to talking therapies and early intervention; and
- (iv) improving diversion of people with mental health problems from the criminal justice system;
- (d) believes there is much more work needed to be done to achieve a parity of esteem for mental and physical health problems;
- (e) recognises the increasing pressure health and social care budgets are facing in the next 5 years;
- (f) fears that unless more than the £8 billion to cover the initial shortfall in the health and social care budget is granted to the NHS, this historic opportunity to build on the previous Government's good work on mental health will be lost;
- (g) notes the concern of the Mental Health Policy Group that the £1.25 billion, earmarked in the previous Government's March 2015 budget for children's mental health services, may not be found; and
- (h) therefore:
 - (i) urges the Chancellor of the Exchequer to recommit to providing the £1.25 billion in the emergency budget on 8th July; and
 - (ii) calls for a copy of this motion to be sent to the Chancellor of the Exchequer and the Secretary of State for Health.

Whereupon, it was moved by Councillor Mary Lea, seconded by Councillor Olivia Blake, as an amendment, that the Motion now submitted be amended by:-

1. the deletion of paragraph (c) and the addition of a new paragraph (c) as follows:-
 - (c) welcomes any positive actions taken to improve treatment for mental health, however regrets that yet again the previous Government's record does not match the rhetoric put forward by the main opposition group on this Council, and reminds the main opposition group of reports in 2012, by leading mental health charities, that spending on mental health had fallen under the previous Government for the first time in a decade, and that, under the previous Government, there were thousands fewer mental health nurses and hundreds fewer mental health doctors in the NHS, and that a recent Health Service Journal survey found 3,640 fewer nurses and 213 fewer doctors working in mental health in April this year compared to staffing levels two years ago;
2. the deletion of paragraph (f) and the addition of a new paragraph (f) as follows:-
 - (f) fears that, unless more than the £8 billion initial shortfall in Health and

Social Care budgets is granted to the NHS Health and Local Government Social Care Budgets, all people needing health and social care now and in the future will suffer.

On being put to the vote, the amendment was carried.

(Note: Councillors Aodan Marken, Brian Webster, Robert Murphy and Sarah Jane Smalley voted for part 2 and abstained on part 1 of the amendment and asked for this to be recorded.)

The original Motion, as amended, was then put as a Substantive Motion in the following form and carried:-

RESOLVED: That this Council:-

- (a) notes that one in four people will suffer with mental health problems at some point during their lives;
- (b) notes that despite their prevalence, mental health problems are still stigmatised in today's society;

(Notes: 1. Councillors Richard Shaw, Rob Frost, Joe Otten, Colin Ross, Martin Smith, Roger Davison, Sue Alston, Andrew Sangar, Cliff Woodcraft, Ian Auckland, Steve Ayris, Denise Reaney, David Baker, Katie Condliffe and Vickie Priestley voted for paragraphs (a), (b) and (d) to (h) and against paragraph (c) of the Substantive Motion and asked for this to be recorded.

2. Councillors Aodan Marken, Brian Webster, Robert Murphy and Sarah Jane Smalley voted for paragraphs (a), (b) and (d) to (h) and abstained on paragraph (c) of the Substantive Motion and asked for this to be recorded.

3. Councillors Pauline Andrews, Jack Clarkson, Keith Davis and John Booker voted for paragraphs (a), (b), (d), (e), (g) and (h) and against paragraphs (c) and (f) of the Substantive Motion and asked for this to be recorded.)

22. NOTICE OF MOTION GIVEN BY COUNCILLOR KEITH DAVIS

Rat Control Charges

It was moved by Councillor Keith Davis, seconded by Councillor Jack Clarkson, that this Council:-

- (a) believes that vermin (Rat) infestation is primarily caused by poor personal domestic housekeeping and incorrect disposal of waste and discarded foodstuffs;
- (b) understands that certain areas of Sheffield, namely Page Hall, are receiving a mass treatment for Rat infestation because the problem is so great, at no charge to any household or individual;
- (c) further understands that, throughout this treatment, just 5 charges have been brought for litter/tipping offences, one of which remains unpaid;
- (d) further understands that, because of austerity cuts, not all households should be in receipt of free vermin treatment, however suggests that people in receipt of a state pension should not be charged for any treatment, in line with others who receive the treatments free of charge; and
- (e) believes that where the cause of infestation that requires treatment is attributed directly to the household in question because of bad practice regarding waste/food disposal, then charges should apply irrespective of the status of the said householder.

Whereupon, it was moved by Councillor Terry Fox, seconded by Councillor Ben

Curran, as an amendment, that the Motion now submitted be amended by the deletion of all the words after the words "That this Council" and the addition of the following words:-

- (a) confirms that the rat control charge was introduced with regret, however, believes that this was unavoidable due to the unprecedented level of cuts imposed on the Council;
- (b) further notes that the charges have been in place for a number of years now and this has not resulted in increases in rat infestations throughout the city;
- (c) notes that removing charging for any group would have a financial implication for the Council, which is not accounted for in the motion;
- (d) notes that any measure to remove charges for rat control could have been introduced as part of the 2015/16 budget, set at the Full Council meeting on 6th March 2015, where the UKIP Group had the opportunity to put forward alternative budget proposals; and
- (e) recalls that the UKIP Group failed to put forward an alternative budget.

On being put to the vote, the amendment was carried.

(Note: Councillors Aodan Marken, Brian Webster, Robert Murphy and Sarah Jane Smalley voted for paragraphs (a) to (d) and abstained on paragraph (e) of the above amendment and asked for this to be recorded.)

It was then moved by Councillor Steve Ayriss, seconded by Councillor Richard Shaw, as an amendment, that the Motion now submitted be amended by the deletion of all the words after the words "That this Council" and the addition of the following words:-

- (a) acknowledges that there is a problem with rat infestation in some areas of the city, such as Page Hall; and
- (b) urges the Council to take reasonable steps to solve the issue.

On being put to the vote, the amendment was negatived.

The original Motion, as amended, was then put as a Substantive Motion in the following form and carried:-

RESOLVED: That this Council:-

- (a) confirms that the rat control charge was introduced with regret, however, believes that this was unavoidable due to the unprecedented level of cuts imposed on the Council;
- (b) further notes that the charges have been in place for a number of years

1. **Introduction**

- 1.1 This is the third Annual Report of the Standards Committee and covers the period from January 2014 to May 2015.
- 1.2 Changes to the Standards regime were introduced in July 2012 following the Localism Act 2011. Although it was no longer a statutory requirement to have a Standards Committee, Full Council approved the retention of a Committee to deal with complaints and adopted a new Members' Code of Conduct and a Procedure for Dealing with Standards Complaints. The three Parish and Town Councils adopted a Joint Members Code of Conduct and a Joint Procedure for Dealing with Standards Complaints.
- 1.3 Three Independent Persons were appointed jointly with Barnsley Council and the South Yorkshire Joint Secretariat to assist the Monitoring Officer in dealing with complaints.

2. **Role of the Standards Committee**

- 2.1 The responsibilities of the Committee, as set out in the Constitution, are:
- (a) Promoting and maintaining high standards of conduct by Councillors, Co-opted Members Representatives on Committees and Sub-Committees.
 - (b) Assisting Councillors, Co-opted Members and Representatives to observe the Councillors' Code of Conduct.
 - (c) Advising the Council on the adoption or revision of the Councillors' Code of Conduct and Protocols relating to Councillor and Officer Behaviour.
 - (d) Monitoring the operation of the Councillors' Code of Conduct.
 - (e) Advising, training or arranging to train Councillors, Co-opted Members and Representatives on matters relating to the Members' Code of Conduct.
 - (f) Discharging the functions of, hearing complaints against Councillors concerning the Members' Code of Conduct referred to them by the Monitoring Officer.
 - (g) The exercise of the above functions in relation to the Parish Councils wholly or mainly in its area and the Members of those Parish Councils.
 - (h) Advising the Council on the adoption and revision of its Whistle-blowing Policy and monitoring the operation of that Policy.
 - (i) Monitoring and reviewing procedures relating to gifts, hospitality and personal interests, for Councillors and officers.
 - (j) Monitoring the Council's response to complaints to the Ombudsman.
 - (k) Undertaking such other functions as the Council may delegate to the Committee.

3. **Members of the Committee**

3.1 The Committee has 12 members comprising eight City Councillors and 4 non-voting co-opted members (including 1 representative of the three Parish and Town Councils drawn from a pool of three representatives). In 2014/15, the membership was:

- Councillor Bryan Lodge (Chair)
- Councillor Alan Law (Deputy Chair)
- Councillor Penny Baker
- Councillor Ben Curran
- Councillor Mary Lea
- Councillor Pat Midgley
- Councillor Vickie Priestley
- Councillor Colin Ross

(In addition there is a pool of four substitutes that could be used if a City Councillor was unable to attend and these were Councillors David Baker, Andrew Sangar, Talib Hussain and Peter Price).

Co-opted Members:-

- John Atkinson
- Alan Casbolt
- Edward Fleming
- Councillor Malcolm Glover (Bradfield Parish Council), Councillor Andy Bainbridge (Ecclesfield Parish Council) and Councillor Nigel Owen (Stocksbridge Town Council).

4. **Monitoring Officer/Support to the Committee**

4.1 Gillian Duckworth is the Council's Monitoring Officer and Director of Legal and Governance. The Monitoring Officer is a statutory role that:-

- Supports the Standards Committee and the three Independent Persons
- Contributes to the promotion and maintenance of high standards of conduct within the Council
- Maintains systems and processes for dealing with allegations of breaches of the Code of Conduct for Members
- Investigates and reports to the Standards Committee on allegations of breaches of the Code of Conduct for Members
- Has rights of access to any information from Members and/or officers in connection with a standards complaint
- Establishes and maintains registers of members' interests, gifts and hospitality
- Acts a point of contact for advice and/or queries by elected members
- Maintains and updates the Constitution
- Advises on various issues, poor administration and impropriety
- Attends all meetings of the Cabinet whether public or private

4.2 Further support to the Committee is provided by Jason Dietsch (Head of Member Services) and Dave Ross (Democratic Services).

4.3 The Council is required by the Local Government and Housing Act 1989 Act to provide the Monitoring Officer with “such staff, accommodation and other resources as are, in their opinion, sufficient to allow those duties to be performed”. The Monitoring Officer has confirmed that she has the necessary resources to meet the requirements of her role.

5. Complaints

5.1 The Procedure for Dealing with Standards Complaints adopted by Full Council in July 2012 sets out how the Council will deal with complaints alleging a breach of the Members’ Code of Conduct. The Procedure sought to be more flexible than the previous statutory scheme and able to deal with complaints quicker and be less resource intensive. This involved the Monitoring Officer, in consultation with the Independent Person, taking steps to mediate and resolve issues with only the more serious matters referred to the Standards Committee.

5.2 For comparison, the number of complaints made per year and a breakdown by the type of complainant is set out below:-

Complainant	2013	2014	2015 (Jan-May)
Member of the public	9	5	3
Community organisation	1	3	0
Councillor	11	2	0
Trade Union	0	1	0
Total	21	11	3

5.3 The outcome of the 14 complaints received from January 2014 to May 2015 is set out below:-

Outcome	No.
No further action as insufficient information received	1
No further action as insufficient information received to identify the Councillor	1
Not a Standards Matter	1
Written complaint not received	1
Apology offered	1
No potential breach of the Code	6
Referred for Investigation and no failure to comply with the Code of Conduct	3

5.4 During the year a review was undertaken by the Monitoring Officer of the Procedure for Dealing with Standards Complaints. A revised Procedure was considered by the Standards Committee at its meeting on 22 January 2015 and adopted by Full Council on 25 March 2015. The revised Procedure incorporates both the City and Joint Parish and Town Councils' Procedure and provides greater clarity of the process for the complainant and Member who is the subject of the complaint. The Monitoring Officer will review the Procedure in a year's time.

6. **Independent Persons**

6.1 The three Independent Persons, Stuart Carvell, Marvyn Moore and David Waxman, provide invaluable assistance to the Monitoring Officer in dealing with Standards complaints. An Independent Person is involved in each complaint and consulted at each stage of the process.

7. **Parish and Town Councils**

7.1 The Monitoring Officer provides advice and support to the three Parish and Town Councils and this included the two Standards complaints dealt with in 2014 relating to Stocksbridge Town Council.

8. **Training and Development**

8.1 As part of the induction for new Councillors, information was provided on the Members' Code of Conduct, the Standards regime, the Register of Interests, the key principles of good governance, the Member/Officer Relations Protocol and how the Council and decision making works.

8.2 It is proposed that there will be an annual training session for the Standards Committee on Standards related issues. Training will also be offered to the Parish and Town Councillors.

9. **Other Areas of Work**

9.1 The Monitoring Officer has ensured that all new Councillors had submitted their Register of Interests form relating to Disclosable Pecuniary Interests and Other Interests and that existing Councillors had reviewed and updated their interests.

9.2 The Monitoring Officer maintains a regular dialogue with the Council's other Statutory officers to consider and review governance arrangements. The Monitoring Officer also maintains regular dialogue around Governance with the Group Leaders at the Corporate Members' Group which is scheduled on a quarterly basis.

10. **Lessons Learned**

10.1 The learning from dealing with the complaints made prior to 2015 has been incorporated into the revised Procedure for Dealing with Standards Complaints that was adopted by Full Council in March 2015.

11. **The Year Ahead**

11.1 As the Committee only met once during the year, the Chair is keen for regular meetings in the future. A work programme has been developed based on four core meetings that will receive updates on Standards complaints and include reports on a Review of the Whistleblowing Policy, the Annual Report on Complaints to the Ombudsman and a review of the Standards complaints procedure. Meetings of the Consideration and Hearing Sub-Committees would be arranged as and when required to deal with complaints.

12. **Recommendation**

12.1 That Council receives and notes this report on the work of the Standards Committee in 2014/15.

SHEFFIELD CITY COUNCIL

COUNCIL MEETING – 2ND SEPTEMBER, 2015

List of Amendments received by the Chief Executive

ITEM OF BUSINESS NO.8 – NOTICE OF MOTION GIVEN BY COUNCILLOR IAN AUCKLAND

1. Amendment to be moved by Councillor Robert Murphy, seconded by Councillor Brian Webster

That the Motion now submitted be amended by:-

1. the addition of a new paragraph (b) as follows:-

“(b) recognises the need to better organise bus services in Sheffield and welcomes the efforts to do so on behalf of the Sheffield Bus Partnership, however;”

2. the deletion of all the words after the words “the short consultation period of 25 days (23 days if replying by post)” in original paragraph (c)(iii);

3. the addition of a new paragraph (c)(iv) as follows:-

“(c)(iv) the very limited information provided on the reasoning behind the review and specific proposals;”

4. the deletion of original paragraph (d);

5. the relettering of original paragraphs (b) and (c) as new paragraphs (c) and (d);

6. the addition of the following words at the end of paragraph (g) “, targeting communications to passengers on routes still affected by changes and setting out options with clear information on reasoning behind the proposals”.

2. Amendment to be moved by Councillor Terry Fox, seconded by Councillor Julie Dore

That the Motion now submitted be amended by the deletion of all the words after the words “That this Council” and the addition of the following words:-

“(a) notes reports that across the country, bus routes have been reduced and cut back, leading to drastic reductions in bus patronage across the

country and acknowledges that this issue has been prominent in national media in recent weeks;

- (b) welcomes that due to action taken through the Bus Partnership Agreement, Sheffield has bucked this trend, however, regrets that as Sheffield and Sheffield City Region as a whole has been hit hard due to Government cuts, it has not been possible to exempt Sheffield and the wider region from reductions in services, which will inevitably have an impact on routes;
- (c) welcomes that instead of complaining on the sidelines, the present Administration has taken action to listen to local feedback and force changes from the original proposals and secure the new £2 per day weekly ticket which ensures local people can travel on any local bus service at a price which has been cut by 17%;
- (d) recalls comments by former Liberal Democrat Transport Minister, Norman Baker, "The Sheffield Bus Agreement is good news for the city and shows what can be achieved when local councils, bus operators and transport authorities work together for the benefit of passengers. This partnership will transform passengers' experience by making bus travel easier and cheaper" and recalls that the Liberal Democrats in government favoured pursuing the Bus Partnership Agreement, making it extremely difficult for local authorities to deliver a workable Quality Contract scheme; and
- (e) supports measures that would genuinely bring bus services back under local control which are not currently in place through the statutory Quality Contract."

ITEM OF BUSINESS NO.9 – NOTICE OF MOTION GIVEN BY COUNCILLOR MAZHER IQBAL

3. Amendment to be moved by Councillor Andrew Sangar, seconded by Councillor Colin Ross

That the Motion now submitted be amended by the addition of a new paragraph (f) as follows:-

- “(f) whilst welcoming the establishment of Sheffield Money and wishing it success, suggests that regular reports on the state of Sheffield Money be brought to the relevant Scrutiny Committee and to the Audit Committee.”

ITEM OF BUSINESS NO.10 – NOTICE OF MOTION GIVEN BY COUNCILLOR JACKIE DRAYTON

4. Amendment to be moved by Councillor Colin Ross, seconded by Councillor Steve Ayris

That the Motion now submitted be amended by the deletion of all the words after the words “That this Council” and the addition of the following words:-

- “(a) recalls previous resolutions this Council has passed denouncing the Government’s planned cuts to the welfare system;
- (b) is disappointed that four of Sheffield’s five Labour MPs failed to oppose on the second reading of the Government’s Welfare Reform and Work Bill, including former deputy leader of the Council Harry Harpham MP;
- (c) notes that the eight Liberal Democrat MPs, including Sheffield Hallam MP, the Rt. Hon. Nick Clegg, voted against the Bill;
- (d) recognises that these cuts will have devastating effects on many of our city’s residents, as latest estimates suggest that:
 - (i) 22,000 Sheffield residents and their families will lose an average of £260 per year;
 - (ii) 3,500 of which are hardworking people whose families will have to make up an average £280 shortfall per year in lost tax credits; and
 - (iii) around 4,200 residents in the Employment and Support Allowance work related activity group, considered only temporarily too ill to work, will lose a further £30 per week as their allowance is brought down to the level of Jobseekers Allowance;
- (e) recalls previous resolutions this Council has passed remarking that the impact of the previous Coalition Government’s cuts to welfare in Sheffield were ‘hitting hardest the poorest in the City’;
- (f) regrets that after five years of attacking the Liberal Democrats in the Coalition Government on welfare cuts, Labour MPs have, through silence, nodded through much deeper and unnecessary ideological cuts to the welfare budget which will hit the working poor hardest;
- (g) recognises the Liberal Democrats’ role in the previous Government as a moderating force, blocking many of the harshest measures put forward by the Conservatives, such as:-
 - (i) reducing Employment Support Allowance to £30 a week,

- bringing it in line with Job Seekers Allowance;
- (ii) withdrawal of housing benefit from 18 – 21 year olds; and
- (iii) scrapping of maintenance grants for students;
- (h) notes the Labour Party leadership’s position of abstaining on the Welfare Bill because they agreed with measures such as:-
 - (i) reducing the welfare cap to £20,000 per household (£23,000 in London); and
 - (ii) limiting child tax credits to two children;
- (i) calls on the Leader of the Council to write to Nick Clegg and Louise Haigh, MPs, to thank them for voting against the Welfare Bill; and
- (j) calls on the Leader of the Council to send a copy of this resolution to the four Sheffield MPs who failed to oppose the Welfare Bill.”

- “(a) is opposed to the Government’s Welfare Reform and Work Bill and believes it will push more people into poverty;

 - (i) implemented the hated and unfair bedroom tax;
 - (ii) cut tax credits;
 - (iii) froze the uprating of working-age benefits at 1%, breaking the vital link between benefits and inflation;
