ADVICE TO MEMBERS ON DECLARING INTERESTS AT MEETINGS

If you are present at a meeting of the Council, of its executive or any committee of the executive, or of any committee, sub-committee, joint committee, or joint sub-committee of the authority, and you have a **Disclosable Pecuniary Interest (DPI)** relating to any business that will be considered at the meeting, you must not:

- participate in any discussion of the business at the meeting, or if you become aware of your Disclosable Pecuniary Interest during the meeting, participate further in any discussion of the business, or
- participate in any vote or further vote taken on the matter at the meeting.

These prohibitions apply to any form of participation, including speaking as a member of the public.

You **must**:

- leave the room (in accordance with the Members' Code of Conduct)
- make a verbal declaration of the existence and nature of any DPI at any meeting at which you are present at which an item of business which affects or relates to the subject matter of that interest is under consideration, at or before the consideration of the item of business or as soon as the interest becomes apparent.
- declare it to the meeting and notify the Council's Monitoring Officer within 28 days, if the DPI is not already registered.

If you have any of the following pecuniary interests, they are your **disclosable pecuniary interests** under the new national rules. You have a pecuniary interest if you, or your spouse or civil partner, have a pecuniary interest.

- Any employment, office, trade, profession or vocation carried on for profit or gain, which you, or your spouse or civil partner undertakes.
- Any payment or provision of any other financial benefit (other than from your council or authority) made or provided within the relevant period* in respect of any expenses incurred by you in carrying out duties as a member, or towards your election expenses. This includes any payment or financial benefit from a trade union within the meaning of the Trade Union and Labour Relations (Consolidation) Act 1992.

*The relevant period is the 12 months ending on the day when you tell the Monitoring Officer about your disclosable pecuniary interests.

- Any contract which is made between you, or your spouse or your civil partner (or a body in which you, or your spouse or your civil partner, has a beneficial interest) and your council or authority –
 - under which goods or services are to be provided or works are to be executed; and
 - which has not been fully discharged.

- Any beneficial interest in land which you, or your spouse or your civil partner, have and which is within the area of your council or authority.
- Any licence (alone or jointly with others) which you, or your spouse or your civil partner, holds to occupy land in the area of your council or authority for a month or longer.
- Any tenancy where (to your knowledge) –
 - the landlord is your council or authority; and
 - the tenant is a body in which you, or your spouse or your civil partner, has a beneficial interest.
- Any beneficial interest which you, or your spouse or your civil partner has in securities of a body where -
 - (a) that body (to your knowledge) has a place of business or land in the area of your council or authority; and
 - (b) either -
 - the total nominal value of the securities exceeds £25,000 or one hundredth of the total issued share capital of that body; or
 - if the share capital of that body is of more than one class, the total nominal value of the shares of any one class in which you, or your spouse or your civil partner, has a beneficial interest exceeds one hundredth of the total issued share capital of that class.

If you attend a meeting at which any item of business is to be considered and you are aware that you have a **personal interest** in the matter which does not amount to a DPI, you must make verbal declaration of the existence and nature of that interest at or before the consideration of the item of business or as soon as the interest becomes apparent. You should leave the room if your continued presence is incompatible with the 7 Principles of Public Life (selflessness; integrity; objectivity; accountability; openness; honesty; and leadership).

You have a personal interest where –

- a decision in relation to that business might reasonably be regarded as affecting the well-being or financial standing (including interests in land and easements over land) of you or a member of your family or a person or an organisation with whom you have a close association to a greater extent than it would affect the majority of the Council Tax payers, ratepayers or inhabitants of the ward or electoral area for which you have been elected or otherwise of the Authority's administrative area, or
- it relates to or is likely to affect any of the interests that are defined as DPIs but are in respect of a member of your family (other than a partner) or a person with whom you have a close association.

Guidance on declarations of interest, incorporating regulations published by the Government in relation to Disclosable Pecuniary Interests, has been circulated to you previously.

You should identify any potential interest you may have relating to business to be considered at the meeting. This will help you and anyone that you ask for advice to fully consider all the circumstances before deciding what action you should take.

In certain circumstances the Council may grant a **dispensation** to permit a Member to take part in the business of the Authority even if the member has a Disclosable Pecuniary Interest relating to that business.

To obtain a dispensation, you must write to the Monitoring Officer at least 48 hours before the meeting in question, explaining why a dispensation is sought and desirable, and specifying the period of time for which it is sought. The Monitoring Officer may consult with the Independent Person or the Council's Audit and Standards Committee in relation to a request for dispensation.

Further advice can be obtained from Gillian Duckworth, Director of Legal and Governance on 0114 2734018 or email gillian.duckworth@sheffield.gov.uk.

NOTES ON DEMONSTRATING ENTITLEMENT TO WORK IN THE UK

Continued from previous page...

Entitlement to work/immigration status for individual applicants and applications from partnerships which are not limited liability partnerships:

A licence may not be held by an individual or an individual in a partnership who is resident in the UK who:

- does not have the right to live and work in the UK; or
- is subject to a condition preventing him or her from doing work relating to the carrying on of a licensable activity.

Any premises licence issued in respect of an application made on or after 6 April 2017 will become invalid if the holder ceases to be entitled to work in the UK.

Applicants must demonstrate that they have an entitlement to work in the UK and are not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity. They do this in one of two ways: 1) by providing with this application copies or scanned copies of the documents listed below (which do not need to be certified), or 2) by providing their 'share code' to enable the licensing authority to carry out a check using the Home Office online right to work checking service (see below).

Documents which demonstrate entitlement to work in the UK

- An expired or current passport showing the holder, or a person named in the passport as the child of the holder, is a British citizen or a citizen of the UK and Colonies having the right of abode in the UK [please see note below about which sections of the passport to copy].
- An expired or current passport or national identity card showing the holder, or a person named in the passport as the child of the holder, is a national of a European Economic Area country or Switzerland.
- A Registration Certificate or document certifying permanent residence issued by the Home Office to a national of a European Economic Area country or Switzerland.
- A Permanent Residence Card issued by the Home Office to the family member of a national of a European Economic Area country or Switzerland.
- A **current** Biometric Immigration Document (Biometric Residence Permit) issued by the Home Office to the holder indicating that the person named is allowed to stay indefinitely in the UK, or has no time limit on their stay in the UK.
- A **current** passport endorsed to show that the holder is exempt from immigration control, is allowed to stay indefinitely in the UK, has the right of abode in the UK, or has no time limit on their stay in the UK.

Your right to work will be checked as part of your licensing application and this could involve us checking your immigration status with the Home Office. We may otherwise share information with the Home Office. Your licence application will not be determined until you have complied with this guidance.

Home Office online right to work checking service

As an alternative to providing a copy of the documents listed above, applicants may demonstrate their right to work by allowing the licensing authority to carry out a check with the Home Office online right to work checking service.

To demonstrate their right to work via the Home Office online right to work checking service, applicants should include in this application their 9-digit share code (provided to them upon accessing the service at <https://www.gov.uk/prove-right-to-work>) which, along with the applicant's date of birth (provided within this application), will allow the licensing authority to carry out the check.

In order to establish the applicant's right to work, the check will need to indicate that the applicant is allowed to work in the United Kingdom and is not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity.

An online check will not be possible in all circumstances because not all applicants will have an immigration status that can be checked online. The Home Office online right to work checking service sets out what information and/or documentation applicants will need in order to access the service. Applicants who are unable to obtain a share code from the service should submit copy documents as set out above.

Subject: Alcohol licence for Chicken Villae 383 - 385 Ecclesall Road

Objection to Application for Premises Licence
Sale of alcohol
Chicken Villas 383 Ecclesall Road S11 8NX

Alcohol on/off Thur - Sat 09:00 - 00:30,

I write on behalf of the members of the Botanical Gate Community Association, representing residents in Khartoum, Thompson, Wadbrough and Walton Roads.

These roads are about 500m from 383 Ecclesall Road.

We already experience the public nuisance of noise and litter as groups of students and others return to their homes in this area after nights out in the city centre. The market for alcohol sales after midnight is for those who have already been drinking at city centre locations and wish to continue their drinking whilst they walk home and within their home. Their social inhibitions will be further relaxed by more drinking, leading to an unacceptable increase in the public nuisance experienced by local residents.

We urge the Licensing Authority to reject this and any application to allow alcohol sales in the Ecclesall Road after midnight, ie the hours proposed for Mon – Wed.

Subject: Glass Frog Licensing Objection

Dear Sir/Madam,

I am writing to object to the late night alcohol (3.00 am) licensing request for the Glass Frog on Abbeydale Road in the Nether Edge and Sharrow Ward. I am a resident of the ward and live close to the Glass Frog. This is a densely residential, diverse area with lots of families with young children which is evident by the primary school and two nurseries in close proximity to the Glass Frog. The noise pollution is already pretty bad in the area and I often struggle with my small child waking up in the night because of it. A late night/early morning alcohol license will disproportionately impact people with young families, vulnerable people living alone and the many key workers in the area who work shifts.

I hope the council will consider the welfare of the local residents in this matter.

Best wishes,

Dr Rizwana Lala

Subject: Objection to Glass Frog late license

To whom it may concern,

I am writing to object to the late night alcohol licensing request for the Glass Frog on Abbeydale Road in the Nether Edge and Sharrow Ward. I am a resident of the ward and live four minutes walk from 303 Abbeydale Road, where the Glass Frog will open. This is a densely packed, residential, diverse area with lots of families with young children (there is a primary school and two nurseries just round the corner from Glass Frog). A late licence will make the area noisier, dirtier, more crowded, more dangerous, and it will have a knock-on effect for others in the area--see West Street for comparison.

From a personal perspective, I can say that the noise in this area is already bad and I dread it getting worse, for the sake of my small child who is often woken up from it. I hope you consider the fact that a late night/early morning alcohol license will disproportionately impact people with young families, vulnerable people living alone, and the many key workers in the area who work late shifts.

I hope the council will consider the welfare of the local residents in this matter and block this proposal.

Kind regards,
Christopher

Hello Licensing

The councillors in NE&S have received a number of emails from residents concerned about the licensing application for the Glass Frog which is asking for very late opening hours – Thursday's until 1am, and Friday and Saturday until 3am.

While Abbeydale Rd is classified as a retail area, there are a considerable number of residential properties all around, plus people living in flats above retail properties.

Can you please let me know when the application will be discussed by the committee? Will I be permitted to attend?

Best wishes, Alison

Subject: Glass Frog - 363 Abbeydale Rd, S7 1FS
Importance: High

Hi Licensing,

I would like to object the Glass Frog application for a grant of any premises licence past 2200hrs Monday to Sunday, as well as any application for outdoor seating past 2100hrs. I would also like to make clear that the sale of alcohol should only be permitted for drinking on the premises, and not for sale off it.

Let me start with reminding Licensing that this is a new application, the residents, including babies and young children, have lived in and around this premises for far longer than the premises itself, and there have already been far too many premises licensed in this small area of Abbeydale Road leading to incidences of late-night noise and disorder. Families and young children should not have to deal with noise past 2200hrs and the adverse effect of sleep disturbance on the education and health of our children will lead to poor future outcomes. Increasing the current noise levels for residents of this area is objectionable and is tantamount to ill-treatment from this Council.

Additionally, as there has been no information provided on the detail of how the premises will be laid out, it is extremely difficult to say that it will not put public safety at risk in case of fire due to the premises itself being very small for a licenced premises, generally no larger than a small, terraced house, of which it once used to be. Having large quantities of alcohol stored in a small area, with the addition of a significant number of patrons under the influence of alcohol, is a recipe for disaster when the need for evacuation occurs.

I would also like to point out that as Abbeydale Rd and its surroundings are still primarily residential, there will be many children under the age of 16 who will be able to access this premises, how does the licensee plan on stopping unaccompanied children from entering onto the premises, even when not purchasing?

The limitation of hours will go a great deal in keeping public safety in check, helping with the prevention of public nuisance, and protecting this City's children from harm.

Please note, I would like to attend the hearing and make representations in person.

Hi Jo

Having thought about our conversation and doing a few checks locally I notice that a local bar to us, Rum BA next to the Two Thirds Bar has a license operating until 2am, I also know that on regular occurrences is often still serving until 3/4am, the reason I know this is because we have friends who live over the Gin Bar on the other side of the road and are regularly woken up at these times due to the noise they make. Is there an option for us to have our license until 2am without further representation to the authorities? Please advise

Patrick,

That's great. Just to be belt and braces I'll copy all agreements in below and if you could just reply with your agreement to all the amendments to hours and conditions for clarity for the licensing officers benefit then we should be able to resolve it this afternoon.

- No loudspeakers shall be fixed externally nor directed to broadcast sound outside the building at any time.
- Any outside seating area shall only be used by customers between 09:00-21:00hrs on any day of the week.
- Within 6 months of the premises licence being granted, a noise survey of the site will have been undertaken to ensure the below levels can be complied with. Where the noise levels cannot be complied with a scheme of sound attenuation works shall be installed and thereafter retained. Such a scheme of works shall:
 - a) Be based on the findings of an approved noise survey of the application site, including an approved method statement for the noise survey.
 - b) Be capable of restricting noise breakout from the commercial use to the street to levels not exceeding the prevailing ambient noise level when measured at 1m from the façade of the nearest residential property when measured:
 - (i) as a 15 minute LAeq, and;
 - (ii) at any one third octave band centre frequency as a 15 minute LZeq.
 - c) Be capable of restricting noise breakout, including amplified sound, and transmission from the premises to all adjoining residential accommodation to levels complying with the following:

Hello Patrick,

Thanks for the reply.

In terms of the planning situation I'm not sure that the premises next door has planning consent to operate as a bar either! If they are nearly ready to open then it doesn't sound like they are likely to have the necessary planning in place prior to opening, I believe there is a minimum 12

week turn around for planning applications, and I would recommend a similar requirement for a noise survey. There appears to be a chimney on the roof on google street view so I'm not sure how 'cosmetic' a chimney breast could be, it would be unusual for someone to create a chimney breast and put something on the roof for visual purposes! The implication is that even if the breast at ground floor has been removed the way the floor above has been replaced might not have the same acoustic benefit as if the floor boards/ joists run to the extent of the property walls, and cavity in the wall above can provide a conduit for sound to travel in.

I'm pleased your client has indicated they would accept the proposed reductions in hours and conditions on outside speakers and customer curfew. In terms of the requirement for a noise survey I've proposed an amended condition to allow for a period for the survey to take place and any necessary works carried out, but I would point out that carrying out any works retrospectively is likely to be more costly and likely to result in the business having to close while they take effect. In terms of someone carrying out the noise survey, we are not allowed to recommend, but if the applicant looks at the planning online website at the similar premises which have recently gained planning change of use a couple of hundred yards up the road further out of town then they will see similar noise reports from well respected locally based noise consultants.

Would your client be happy to accept the below reworded condition:

- Within 6 months of the premises licence being granted, a noise survey of the site will have been undertaken to ensure the below levels can be complied with. Where the noise levels cannot be complied with a scheme of sound attenuation works shall be installed and thereafter retained. Such a scheme of works shall:
 - a) Be based on the findings of an approved noise survey of the application site, including an approved method statement for the noise survey.
 - b) Be capable of restricting noise breakout from the commercial use to the street to levels not exceeding the prevailing ambient noise level when measured at 1m from the façade of the nearest residential property when measured:
 - (i) as a 15 minute LAeq, and;
 - (ii) at any one third octave band centre frequency as a 15 minute LZeq.
 - c) Be capable of restricting noise breakout, including amplified sound, and transmission from the premises to all adjoining residential accommodation to levels complying with the following:
 - (i) Bedrooms: Noise Rating Curve NR25 (2300 to 0700 hours);
 - (ii) Living Rooms & Bedrooms: Noise Rating Curve NR30 (0700 to 2300 hours);
 - (iii) Other Habitable Rooms: Noise Rating Curve NR35 (0700 to 2300 hours);
 - (iv) Bedrooms: LAFmax 45dB (2300 to 0700 hours).

Before such scheme of works is installed full details thereof shall first have been submitted to and approved in writing by the Environmental Protection Service.

[Noise Rating Curves should be measured as an LZeq at octave band centre frequencies 31.5 Hz to 8 kHz.]

I think the closing date is next week 3/8/21 but I'm on leave after tomorrow (30/7/21) until 9/8/21. I look forward to your reply.

Regards,

Jon.

Jon

I hope this email finds you well.

Noting the contents of your representation and your concerns, just to let you know that in speaking to my client, the chimney breast is a false one for cosmetic purposes and therefore should not be a weak spot in terms of sound transmission. Your comments in relation to planning consent are noted and I have forwarded thee to my client.

In terms of the revisions to the application suggested, my client is minded to accept the reduction in hours proposed and the conditions relating to loud speakers outside and the outside speaking if you are happy to have some movement on the other condition about a noise survey / scheme of attenuation works.

As a little bit of background, my clients operate the Abbeydale Tap and Snap as well which is actually part of the same building as the Glass Frog and which is licensed and secured a variation earlier this year for extended hours so that they can actually operate on Thursday to Saturday until 01:00 for licensable activities (sale of alcohol and late night refreshment).

Neither the tenant above the Abbeydale Tap and Snap nor Glass Frog have any issues with the Tap and Snap and my client has a very good relationships with them. My client always also seeks to be a good neighbour and is mindful of the proximity of the tenants above (who share the same Landlord as the premises) in terms of when they put out bins and bottles etc. They are, therefore, not aware of any noise complaints in relation to the operation of the Abbeydale Tap and Snap (but I am happy to be corrected if you have any on your record).

Just to emphasis the point I mention above as well that the tenant in the accommodation above shares the same Landlord as my client so it would not be in their interest to upset their own Landlord by making the accommodation uninhabitable through noise issues.

The applicant premises (Glass Frog) itself is fairly modest in size and could not accommodate too many customers. Further, there is no intention to provide any loud music in the venue - it would never be any more than background because the proposal is to have a place where customers can socialise and not have to raise their voices.

They are at a point where they feel they would be able to open and trade next month but clearly the condition you suggested would be problematic for that in that the way it is worded would prohibit the Premises Licence being operational until a noise survey was obtained and scheme of a sound attenuation works undertaken (if required) all to be approved by yourselves. This could therefore take some time.

In the circumstances, bearing in mind the style of operation of the venue and their good track record at the Abbeydale Tap and Snap – and particularly that they are willing to curtail the hours to those suggested

- would you be open to not seeking such a condition on the licence so that they could open and trade. Clearly, the situation could be monitored and they would be more than happy to liaise with you further down the line if there were any noise issues.

In addition, if the condition was not imposed on the licence they are certainly not precluding actually obtaining a noise report or undertaking any possible sound attenuation works. In fact, they are not sure who could assist in that so in your professional capacity if you have any knowledge of reputable contractors who could help them then that is something they would look into. However, there is the caveat that they still would want to open and trade whilst that position is being investigated and clearly if there were significant noise complaints then you would have numerous tools at your disposal to take action (Review, Noise Abatement Notice etc) - not that they anticipate it would come to that as they would be more than happy to work with you should there be noise transmission issues.

If you are potentially reluctant withdraw that condition, would you be potentially amenable to not having it as a requirement to the premises operating but build in a timescale where such a report needs to be approved and any relevant action undertaken in a timely fashion within, say, 6 months of any licence grant date?

Happy to discuss if that assists.

I look forward to hearing from you.

Kind Regards

Patrick Robson

Subject: RE: Grant Premises Licence, Glass Frog, 363 Abbeydale Road, S7 1FS SRUs 690962

This emailed representation is made in accordance with the agreement with the Licensing Authority on the 18th October 2006 to accept representations by email.

I have the following representation to make with regards to Public Nuisance for the application for a premises licence for the above premises.

The premises are located in close proximity to residential accommodation. I am therefore concerned that nearby residents could potentially be affected by excessive noise disturbance from the use of the premises, noise breaking out of the premises and noise from people outside the venue.

I have checked the planning history of the premises and there doesn't appear to be consent to operate as a bar. This means that there is unlikely to be adequate separation between the proposed commercial activity and the residential accommodation above. I also note from the plans that there is an existing chimney breast, which is an obvious weak spot in terms of sound transmission. To protect the nearby residents, the building's ability to restrict the noise breaking out of the premises and transferring through the building needs to be considered. The hours applied for are also much later than those approved under recent planning applications for similar venues in the vicinity, so it is unlikely that a future application to formalise the planning use of the premises will get consent for the hours applied for here.

I will have to object to the application as it currently stands. To protect nearby residents from being unacceptably affected by noise I would propose the below amendments to licensable activities and conditions are attached to the premises licence:

- The hours for the sale of alcohol should be reduced to 23:00hrs on all days, and the hours the premises are open to the public are reduced to 23:30hrs on days.

Proposed conditions:

- Before the premises licence comes into effect, a scheme of sound attenuation works shall have been installed and thereafter retained. Such a scheme of works shall:
 - a) Be based on the findings of an approved noise survey of the application site, including an approved method statement for the noise survey.
 - b) Be capable of restricting noise breakout from the commercial use to the street to levels not exceeding the prevailing ambient noise level when measured at 1m from the façade of the nearest residential property when measured:
 - (i) as a 15 minute LAeq, and;
 - (ii) at any one third octave band centre frequency as a 15 minute LZeq.
 - c) Be capable of restricting noise breakout, including amplified sound, and transmission from the premises to all adjoining residential accommodation to levels complying with the following:
 - (i) Bedrooms: Noise Rating Curve NR25 (2300 to 0700 hours);
 - (ii) Living Rooms & Bedrooms: Noise Rating Curve NR30 (0700 to 2300 hours);
 - (iii) Other Habitable Rooms: Noise Rating Curve NR35 (0700 to 2300 hours);
 - (iv) Bedrooms: LAFmax 45dB (2300 to 0700 hours).

Before such scheme of works is installed full details thereof shall first have been submitted to and approved in writing by the Environmental Protection Service.

[Noise Rating Curves should be measured as an LZeq at octave band centre frequencies 31.5 Hz to 8 kHz.]

- No loudspeakers shall be fixed externally nor directed to broadcast sound outside the building at any time.
- Any outside seating area shall only be used by customers between 09:00-21:00hrs on any day of the week.

If you are happy to accept the above conditions please reply back with your agreement and copy in all parties. Alternatively if you wish to discuss the matter further, or wish to recommend alternative wording to achieve the same please reply to this email.

Regards,

Jon.
