Committee

Local Clean Air Plan Review Report 2024

Sheffield City Council (SCC) and Rotherham Metropolitan Borough Council (RMBC) are jointly issued with a Ministerial Direction from His Majesties Government (HMG) to implement a local Clean Air Plan (CAP) to reach legal annual average limits of 40µg/m³ for nitrogen dioxide (NO₂) from road transport in the shortest possible time and within 2023.

Whilst significant reductions in NO₂ from road transport were observed at CAP monitoring locations across the whole of Sheffield in 2023, some locations remain above legal limits.

Following from the first monitoring report in December 2023, this report will update on findings of the 2024 local Clean Air Plan (CAP) monitoring survey of vehicle types and emissions standards travelling in the Sheffield Local Authority area in late September / early October 2024. It will recap on the observed change in nitrogen dioxide (NO₂) levels from road transport observed in the 2023 annual average monitoring data.

City Futures

<p>19 Feb 2025</p> <p>Transport, Regeneration and Climate Policy Committee</p>	<p>South Yorkshire Collaborative Procurement of Electric Vehicle Charging Infrastructure</p> <p>It is proposed that the council procure an external provider on behalf of South Yorkshire Mayoral Combined Authority, Barnsley Metropolitan Borough Council, City of Doncaster Council, Rotherham Metropolitan Borough Council and Sheffield City Council to work with to deliver electric vehicle charging infrastructure in South Yorkshire through a commercial agreement.</p> <p>The proposal provides opportunity to support the development of a larger, more commercially sustainable network of public electric vehicle chargepoints in South Yorkshire and access government funding such as through the Local Electric Vehicle Infrastructure Fund (LEVI).</p>	<p>City Futures Jenny Wood, Tom Finnegan-Smith jenny.wood2@sheffield.gov.uk, tom.finnegan-smith@sheffield.gov.uk</p>
<p>26 Mar 2025</p> <p>Transport, Regeneration and Climate Policy Committee</p>	<p>2024/25 Quarter 3 Budget Monitoring</p>	<p>City Futures Jane Wilby jane.wilby@sheffield.gov.uk</p>
<p>26 Mar 2025</p> <p>Transport, Regeneration and Climate Policy Committee</p>	<p>20mph Policy Update 2024</p> <p>The Road Safety Action Plan was approved by the Transport, Regeneration and Climate Committee in March 2024. One of the actions listed in the plan was to:</p> <ul style="list-style-type: none"> Review 20mph area policy and update where necessary. <p>A review of the 20mph policy and criteria for introducing sign only 20mph schemes in Sheffield has been completed and this report details the findings and proposed changes to the current policy going forward.</p>	<p>City Futures Susie Pryor susie.pryor@sheffield.gov.uk</p>
