<p>9 Dec 2024</p> <p>Communities, Parks and Leisure Policy Committee</p>	<p>Public Space Protection Order</p> <p>Seeking approval to make a Public Spaces Protection Order covering the city centre.</p> <p>Evidence demonstrates an issue with certain types of antisocial behaviour in the city centre. Consultation feedback supports this, with a majority supporting the implementation of a Public Spaces Protection Order (PSPO).</p>	<p>Neighbourhoods Services Jason Siddall Jason.siddall@sheffield.gov.uk</p>
<p>3 Feb 2025</p> <p>Communities, Parks and Leisure Policy Committee</p>	<p>Tree Contractor Procurement Framework</p> <p>Seeking approval to develop a frame work to manage the future procurement of tree maintenance work across all council land (except highways). Currently all tree maintenance work on council land (except highways) is procured through a quote-based process using multiple local contractors. Changes in climatic conditions and introductions of new pests and diseases has seen a significant rise in costs in carrying out essential remedial/safety work to make trees safe. In order to follow procurement regulations it is now necessary to carry out the procurement of tree work through a long-term framework agreement.</p>	<p>Neighbourhoods Services Rowan Longhurst Rowan.Longurst@sheffield.gov.uk</p>
