## How It Feels Now: Community Services

## What do We Hope for The Future?

- A joint approach to prevention
- A city wide approach to social prescribing & prevention
- A different approach to where we spend our money
- Better alignment and joint working between different “neighbourhoods”
- Models that recognise PAM - starting with Long Term Conditions
- A single model of care for Active Support and Recovery
- Quality, consistency and access to support in care homes
- Accountable Care Partnership

# Questions for the Board

- How could the Better Care Fund better support delivering our health and wellbeing priorities?
- Are there further opportunities that we could or should be looking at?
