Cabinet request for scrutiny	
Full Council request for scrutiny	
Call-in of Cabinet decision	
Briefing paper for the Scrutiny Committee	
Other	X

The Scrutiny Committee is being asked to:

- Consider and comment on the work programme for 2019/20

Category of Report: OPEN

1 What is the role of Scrutiny?

1.1 Scrutiny Committees exist to hold decision makers to account, investigate issues of local concern, and make recommendations for improvement. The Centre for Public Scrutiny has identified that effective scrutiny:

- Provides 'Critical Friend' challenge to executive policy makers and decision makers
- Enables the voice and concern of the public and its communities
- Is carried out by independent minded governors who lead and own the scrutiny process
- Drives improvement in public services and finds efficiencies and new ways of delivering services

1.2 Scrutiny Committees can operate in a number of ways – through formal meetings with several agenda items, single item 'select committee' style meetings, task and finish groups, and informal visits and meetings to gather evidence to inform scrutiny work. Committees can hear from Council Officers, Cabinet Members, partner organisations, expert witnesses, members of the public – and has a link to patient and public voice through observer members from HealthWatch sitting on the Committee. Scrutiny Committees are not decision making bodies, but can make recommendations to decision makers.

1.3 This Committee has additional powers and responsibilities in relation to scrutinising NHS services. The Committee can scrutinise the planning, provision and operation of any NHS services, and where a 'substantial variation' to NHS services is planned, the NHS is required to discuss this with the Scrutiny Committee. If the Committee considers that the proposed change is not in the best interests of the local area, or that consultation on the proposal has been inadequate, it can refer the proposal to the Secretary of State for Health for reconsideration.

2 The Scrutiny Work Programme 2019/20

2.1 Attached is the work programme for 2019/20. The work programme remains a live document, and there is an opportunity for the Committee to discuss it at every meeting, this might include:

- Prioritising issues for inclusion on a meeting agenda
- Identifying new issues for scrutiny
- Determining the appropriate approach for an issue – eg select committee style single item agenda vs task and finish group
- Identifying appropriate witnesses and sources of evidence to inform scrutiny discussions
- Identifying key lines of enquiry and specific issues that should be addressed through scrutiny of any given issue.

Members of the Committee can also raise any issues relating to the work programme via the Chair or Policy and Improvement Officer at any time.

3 Recommendations

The Committee is asked to:

- Consider and comment on the work programme for 2019/20

HC&ASC Draft Work Programme
