## **1     What is the role of Scrutiny?**

- 1.1   Scrutiny Committees exist to hold decision makers to account, investigate issues of local concern, and make recommendations for improvement.
- 1.2   Scrutiny Committees can operate in a number of ways – through formal meetings with agenda items, single item ‘select committee’ style meetings, task and finish groups, and informal visits and meetings to gather evidence to inform scrutiny work. Committees can hear from Council Officers, Cabinet Members, partner organisations, expert witnesses, members of the public – and has a link to patient and public voice through observer members from HealthWatch sitting on the Committee. Scrutiny Committees are not decision making bodies, but can make recommendations to decision makers.
- 1.3   This Committee has additional powers and responsibilities in relation to scrutinising NHS services. The Committee can scrutinise the planning, provision and operation of any NHS services, and where a ‘substantial variation’ to NHS services is planned, the NHS is required to discuss this with the Scrutiny Committee. If the Committee considers that the proposed change is not in the best interests of the local area, or that consultation on the proposal has been inadequate, it can refer the proposal to the Secretary of State for Health for reconsideration.

## **2     The Scrutiny Work Programme**

- 2.1   Attached is the draft work programme for the Committee’s consideration. The response to the Covid-19 emergency has implications for how scrutiny operates. There is a recognition that working through virtual meetings requires a different approach to traditional Town Hall meetings, and a suggestion that Committees should meet for a maximum of two hours, with a more limited number of agenda items. The draft work programme reflects this.
- 2.2   Given the constantly evolving nature of the Covid-19 emergency, we will take a flexible approach in planning scrutiny work, to enable us to respond appropriately as new issues emerge. Members of the Committee can also raise any issues relating to the work programme via the Chair or Policy and Improvement Officer at any time.

## **3     Recommendations**

The Committee is asked to:

- Consider and comment on the draft work programme
