Is the EIA joint with another organi	sation (eg NHS)?	

## Brief aim(s) of the proposal and the outcome(s) you want to achieve

To gain authority to retender for a competitive Tenants Contents Insurance scheme that SCC will administer on behalf of a broker / insurer, to allow the tenants of Sheffield City Council access to a value for money inclusive product to help protect their financial stability.

## **Impact**

Under the <u>Public Sector Equality Duty</u> we have to pay due regard to the need to:

- eliminate discrimination, harassment and victimisation
- advance equality of opportunity
- foster good relations

More information is available on the <u>Council website</u> including the <u>Community Knowledge</u> <u>Profiles</u>.

Note the EIA should describe impact before any action/mitigation. If there are both negatives and positives, please outline these – positives will be part of any mitigation. The action plan should detail any mitigation.

#### **Overview**

# Briefly describe how the proposal helps to meet the Public Sector Duty outlined above

Sheffield City Council currently administer a Tenants Contents Insurance Scheme via a broker, AON and an insurer, Aviva. This is a historic agreement and has not had recent market testing to ensure the product offered to SCC tenants is competitive within the market. The current contract is due to expire on 31 March 2023. If SCC were not to administer a Tenants Contents Insurance Scheme, our tenants may for financial or other reasons, be unable to access contents insurance on the open market. This means our low-income tenants would not be covered in the event of fire, flood, damage or burglary and this may impact on their ability to pay rent and other priority debt, putting their homes at risk. Debt and an inability to manage crisis, can also have an impact on a tenants health, mentally and physically.

### **Impacts**
