Purpose of Report:

The Terms of Reference for Local Area Committees (LACs) provide that each LAC must agree a Community Plan outlining priorities for the area of the committee, monitor delivery of that plan and keep it under review, and that the decisions it makes in relation to funding must fit with the priorities set out in the Community Plan and following engagement with the community.

Through public consultation, the South LAC has developed a draft Community Plan that seeks to identify some of the key issues within the area, and develop a series of priorities that will inform the direction of the LAC, and direct the spending of delegated budgets, where the LAC has authority to do so.

This Report recommends the approval of the draft South Community Plan, attached as an Appendix to this report.

Recommendations:

It is recommended that the South Local Area Committee:

Approves the South LAC Community Plan as a reflection of priorities of the area, subject to any amendments being agreed by Members at the meeting on 16th March 2022;

Authorises the Community Services Manager to produce a final version of the Community Plan document, incorporating any amendments approved by the LAC at its meeting of 16th March 2022, and to publish it on the webpages of the South Local Area Committee; and

Notes that future LAC decisions relating to funding must fit with the priorities set out in the Community Plan and following engagement with the community.

1. PROPOSAL

- 1.1 The Terms of Reference for Local Area Committees (LACs) provide that each LAC must agree a Community Plan setting priorities for the area of the committee, monitor delivery of that plan and keep it under review, and that the decisions it makes in relation to funding must fit with the priorities set out in the Community Plan and following engagement with the community.

Through public consultation, the South LAC has developed a draft Community Plan that seeks to outline some of the key issues within the area, and develop a series of priorities that will inform the direction of the LAC, and direct the spending of delegated budgets, where the LAC has authority to do so.

Individual members of the LAC have played an active role in developing the content of the Plan, but the LAC must make a decision to approve the Plan as a whole as a reflection of the priorities of the South area.

This Report recommends the approval of the draft South Community Plan, attached as an Appendix to this report.

The Community Plan seeks to identify specific priorities and develop a series of actions, whereby the LAC can work with residents; businesses; community organisations; Council departments and other statutory organisations to effect change.

The Community Plan is intended to be realistic in terms of what can be achieved within the timescales, having regard to financial, legal and logistical implications.

2. HOW DOES THIS DECISION CONTRIBUTE?

Local Area Committees directly support the Communities and Neighbourhoods and Our Council commitments in the 'Our Sheffield: One Year Plan' but to be effective they need to have the capability to respond quickly to emerging local issues.

3. HAS THERE BEEN ANY CONSULTATION?

- 3.1 The Community Plan has been developed through community consultation that has comprised of an online survey through the Council's Citizenspace platform; a paper-based survey for those less digitally-enabled; engagement activity with local businesses and representative organisations and in-person meetings.

Partner organisations and Council departments that have been identified as offering potential solutions to some of the issues identified have also been consulted, to establish whether suggestions can be realistically implemented.

4. RISK ANALYSIS AND IMPLICATIONS OF THE DECISION

4.1 Equality of Opportunity Implications

Decisions need to consider the requirements of the Public Sector Equality Duty contained in Section 149 of the Equality Act 2010.

This is the duty to have due regard to the need to:

- Eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under the Act;
- Advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it;
- Foster good relations between persons who share a relevant protected characteristic and persons who do not share it.

The Equality Act 2010 identifies the following groups as a protected characteristic: age; disability; gender reassignment; marriage and civil partnership; pregnancy and maternity; race; religion or belief; sex and sexual orientation.

- 4.1.1 The overall impact of this decision is likely to be positive and not disproportionate from an equality, diversity and inclusion perspective. In developing a Community Plan, local communities have been given the opportunity for a greater say in local decision making for services which impact their daily lives.

The devolution of responsibilities will improve inclusion for local people and the work of the Sheffield Equality Partnership will support and enhance the approach from a citywide and underserved communities' perspective.

However, in order to ensure this approach takes into account people who share protected characteristics under the Public Sector Duties the Local Area Committee Community Plan will be supported by appropriate equality monitoring of budget.

An Equality Impact Assessment (EIA 916) was previously carried out in respect of the establishment of Local Area Committees.

4.2 Financial and Commercial Implications

- 4.2.1 There are no additional financial implications. This report relates to the decision to approve the Community Plan. The decision to allocate specific budgets to the Local Area Committees has already been made.

Procurement of supplies and/or services will be carried out in line with Standing Orders.

4.3 Legal Implications

- 4.3.1 The LAC must operate in accordance with its Terms of Reference, approved as a change to Council's Constitution by Full Council at its meeting on 18th March 2021. The Terms of Reference provide that each LAC must agree a Community Plan setting priorities for the area of the committee, monitor delivery of that plan and keep it under review, and that the decisions it makes in relation to funding must fit with the priorities set out in the Community Plan and following engagement with the community.

4.4 Other Implications

- 4.4.1 None

5. ALTERNATIVE OPTIONS CONSIDERED

- 5.1 None. A key element in establishing LACs is the principle that each LAC will develop a Community Plan.

6. REASONS FOR RECOMMENDATIONS

- 6.1 The proposal to approve the South LAC Community Plan is recommended on the basis that the Plan provides a clear framework in how the LAC will direct its resources to address key issues identified through community consultation.

1. What are Local Area Committees?

Listening – we will listen to local communities to understand local issues and concerns

Partnerships – we will develop strong partnerships, working with communities and partners, including the voluntary, community & faith sector

Coordination – we will help ensure a more co-ordinated approach to address local issues

Celebrate – we will help celebrate and promote local news, activities and achievements

Sheffield City Council has established 7 Local Area Committees (LACs) across the city. The LACs are a way for local people to get involved in making a difference to their communities.

LACs are led by local Councillors and each LAC covers 4 electoral wards.

LACs are about listening to local people and organisations and working in partnership to respond to local concerns. They will provide opportunities to influence decision making, share opinions and contribute to positive change in communities.

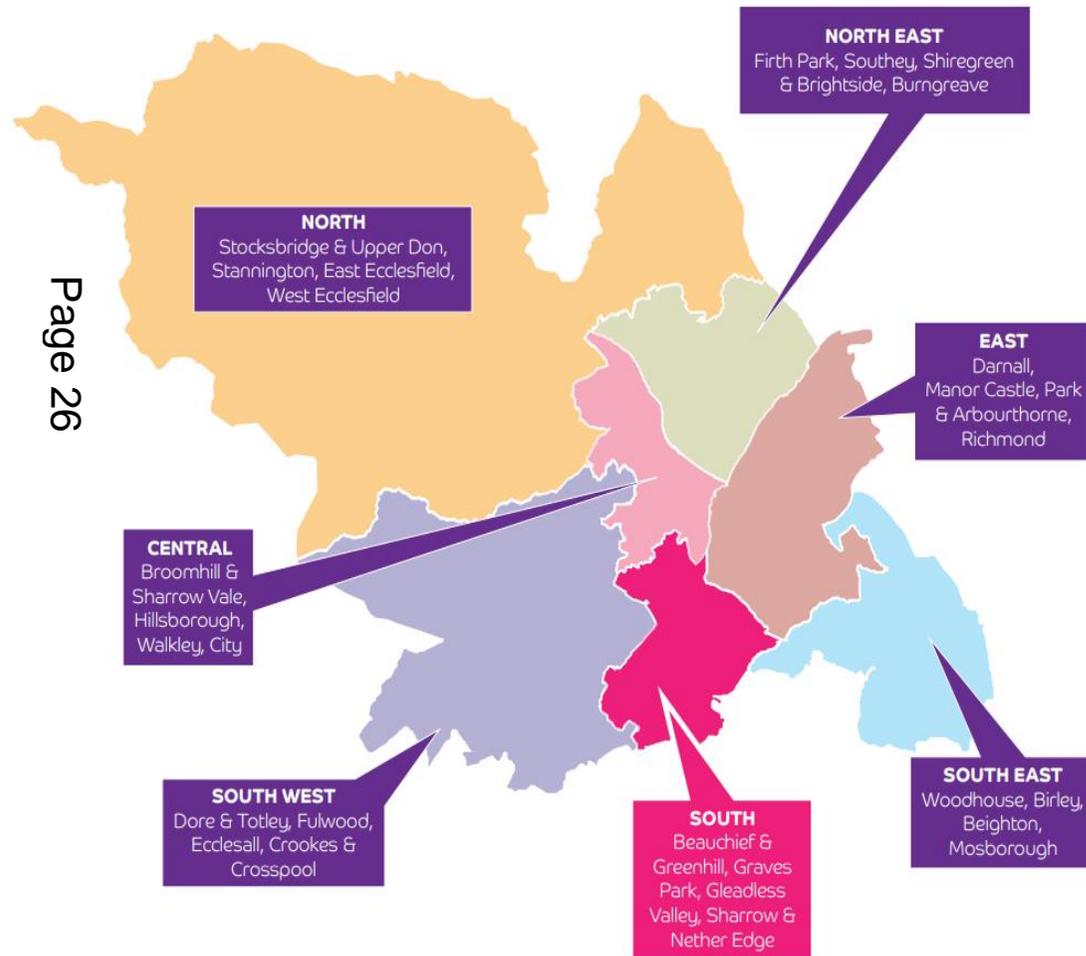

A number of powers and budgets have already been devolved to LACs to help them respond to local issues and concerns. The plan is for these devolved powers to evolve over time.

Each LAC has now developed a Community Plan to show how we plan to respond to the concerns local people and organisations have raised.

Further details about LACs and how you can get involved can be found here - [Local Area Committees Homepage](#).

4. Community Conversations

Through our engagement activities during 2021-22 we have spoken with over 2,000 people, this has included:

Online Citywide Survey

This ran from August to October 2021 and paper copies were also made available. 976 responses were received for South LAC

South LAC Public Meetings

Held in Gleadless Valley Methodist Church in October 2021 and online in January 2022

Talking to Local Businesses

Elected Members & the LAC Team spoke to local businesses in Sharrow, Woodseats and Gleadless Valley

In Person Surveys / Conversations

Led by 7 local VCFS (voluntary, community and faith sector) organisations
These groups spoke to over 665 people

Drop ins at local Libraries

Informal sessions supported by LAC Team and local Elected Members

Sheffield Equality Partnership

Citywide targeted work has been undertaken with communities who are less likely to have their voice heard

These conversations will continue, as we want to work with local people and organisations as we develop and deliver the priorities and projects outlined in our plan.

4. Community Conversations

From our community conversations these are some of the things people have spoken to us about:

Some of the things people feel positive about:

- Sense of community
- Local shopping centres and businesses
- Local amenities
- Local environment - greenery and trees
- Parks and open spaces

Some of the areas for improvement:

- Litter
- Activities for young people
- Parking
- Traffic calming and speeding
- Crime and community safety
- Community activities

A more detailed presentation on the findings from our community engagement is available, please get in touch if you would like a copy.

5. Our Action Plan - Key Themes

Based on our community engagement and reviewing some key data, our community plan is based around the following 5 key themes.

5. Our Action Plan – Budgets

To support the delivery of our Community Plan the South LAC has a dedicated budget of £100,000 for 2022-23. The LAC is also able to influence a council budget of around £57,000 for targeted work around fly tipping and graffiti hotspots.

Where possible the South LAC will be looking to work in partnership to identify and secure “match funding”.

Funding 2022/23	Amount	This funding can be used for
South LAC Budget	£100,000	This funding must be spent on priorities and projects highlighted in the South LAC Community Plan.
Fly Tipping and Graffiti Fund	Circa. £57,000	This funding will be used to work with Environmental Protection services to identify specific projects to address fly tipping and graffiti hot spots.

Page 43

Ward Councillors also oversee two local budgets, Ward Pots and Community Infrastructure Levy (CIL), which may be able to support some of the activities outlined in this plan.

Ward Pots	Beauchief & Greenhill - £10,017 Gleadless Valley - £11,069 Graves Park - £5,183 Nether Edge & Sharrow - £7,614	This funding allocation is linked to deprivation levels. It can be used for specific projects in each Ward, based on local priorities.
Community Infrastructure Levy (CIL)	Beauchief & Greenhill - £117,985 Gleadless Valley - £85,980 Graves Park - £38,088 Nether Edge & Sharrow - £33,869	This funding is for supporting infrastructure projects as a result of development. There are a number of live projects in progress. The funding available has in part been accrued since the end of 2015-16..

6. Next Steps

The South LAC Committee will work to deliver the projects and priorities outlined in this plan; our commitments are:

- **We will work with partners**, including the VCFS (voluntary, community and faith sector) and local communities to deliver the priorities and projects outlined in our plan.
- **We will continue to listen and connect** with communities to understand their priorities
- **We will hold a minimum of 4 public meetings** a year to hear the views and concerns of local people and to provide updates on the Community Plan
- **We will work to shape and influence council services**, as outlined in the plan to help us respond to the needs of local people
- **We will aim to represent the interest of local people and organisations** with external organisations, as appropriate, to achieve the objectives outlined in the plan.

Equality, Diversity & Inclusion – Our Commitment

We have worked to engage with our diverse communities to inform and shape our Community Plan. This has included conversations with both individuals and the VCFS (voluntary, community and faith sector) who work with those who are less likely to have their voice heard.

We are committed to holding our public meetings and events in accessible buildings and will provide reasonable adjustments for people to ensure they can be involved in the work of our LAC.

As specific projects and areas of work are progressed, we will carry out further community engagement, monitoring and evaluation as needed. We will undertake proportionate Equality Impact Assessments to inform the development of projects and areas of work. Where appropriate, this will include targeted work with specific groups of people with shared characteristics, for example age, ethnicity or sexual orientation, to help us understand both needs and impact.
