## 1. Change and Strategy Delivery

| Project Title  | Target<br>31/03/23<br>(£000s) | Forecast<br>31/03/23<br>(£000s) | % By<br>31/03/23 | % By<br>31/03/24 | Achieved<br>to Date<br>(£000s) | Timeline for completion   | Challenges  |
|--|-------------------------------|---------------------------------|------------------|------------------|--------------------------------|---|---|
| Operating model and MER – efficiencies and staff reduction | 1500                          | 1500                            | 100%             | 100%             | 925                            | Project on track to be in place for 1st April 2023  | n/a   |
| Reduced Agency Spend                                       | 303                           | 0                               | 0%               | 100%             | 0                              | Reduction in agency staff planned by 1 <sup>st</sup> April 2024 related to workforce strategy and new future design of social care. | Recruitment issues require that agency staff are still required to fulfil statutory duties. |

## 2. Living and Ageing Well

| Project Title  | Target<br>31/03/23<br>(£000s) | Forecast<br>31/03/23<br>(£000s) | % By<br>31/03/23 | % By<br>31/03/24 | Achieved<br>to Date<br>(£000s) | Timeline for completion  | Challenges   |
|--|-------------------------------|---------------------------------|------------------|------------------|--------------------------------|--|--|
| Review of new High-Cost<br>Homecare arranged during<br>Covid response                      | 3470                          | 2628                            | 76%              | 87%<br>(3.017m)  | 2.628                          | £2628 planned to be delivered by 31st March<br>2023 with a further £389k forecast by 1st April<br>2024, making a total of £3017m.  | Capacity issues due to priority of responding to new referrals.  |
| Right-sizing Home-Care packages increased during Covid response & Review of Direct Awards. | 4408                          | 1356                            | 31%              | 96%<br>(4.2m)    | 1072                           | £1,356 planned to be saved by 31st March 2023. A further £1.87m is forecast to be delivered in 23/24 making a total of £3.2m by 1st April 2024. This leaves £1.2m saving to be mitigated, of which £1m is planned via review of direct awards. | Agency staff have been required to complete this work, as initial attempts to incorporate work into current workload was unsuccessful due to responding to new demand. |
| Managing new demand for high-cost support through a new Enablement test for change         | 1281                          | 1281                            | 100%             | 100%             | 747                            | Metric is average new starter costs for homecare (now £288pw compared to £380pw last year).  No completion date as target is ongoing.  | The Enablement Team have not been deployed as intended due to a priority of supporting homecare sector to deliver new support.   |
| Managing demand for<br>Homecare through Equipment<br>& Adaptations                         | 380                           | 380                             | 100%             | 100%             | 222                            | Project due to be completed by June 2023.  | Reducing backlog at same time as increased demand of 22% on the service.   |
| Reducing additional staff costs in STIT  | 812                           | 812                             | 100%             | 100%             | 0                              | Additional funding to meet these responsibilities has now been secured.  | Levels of absence and long-term absence have increased costs and use of overtime. Loss of Staffplan IT System has added to capacity issues.                            |
| Resetting the localities staffing budget   | 537                           | 537                             | 100%             | 100%             | 537                            | Delivered  | n/a  |
| Total  | 10,888                        | 6994                            | 64%              | 94%<br>(10.23m)  | 5206                           | £661k remains to be mitigated through additiona  | lactivity  |

# 3. Adults with a Disability

| Project Title   | Target<br>31/03/23<br>(£000s) | Forecast<br>31/03/23<br>(£000s) | % By<br>31/03/23 | % By<br>31/03/24 | Achieved<br>to Date<br>(£000s) | Timeline for completion  | Challenges  |
|---|-------------------------------|---------------------------------|------------------|------------------|--------------------------------|--|---|
| Direct Payment Reviews  | 2800                          | 334                             | 12%              | 100%             | 216                            | 334k forecasted by 31/03/23. A further £820k is forecast to be delivered as FYE in 23/24. Full value £1.2m (£1.6m short of target). £3m saving from ongoing review activity will be required in 23/24 to cover shortfall and meet 23/24 budget plan. | Several recruitments attempt from permanent workforce were unsuccessful. Agency team put in place in September to complete project.               |
| Complex Care Review Team  | 1000                          | 600                             | 60%              | 130%<br>(£1.3m)  | 437                            | Work to be completed by April 2023. £700k delivered as full year effect in 23/24 will exceed target.   | Reviews have been picked up as business-<br>as-usual. Dedicated resource to review<br>started in October 22.                                      |
| Improved Transitions Planning                                     | 252                           | 130                             | 52%              | 100%             | 130                            | Work is ongoing. Team will be able to review support for young adults methodically from 23/24 onwards and it's planned to meet the target in 23/24 due to this.  | Transitions Team are newly established and have prioritised managing the transition of 100+ young adults who have not had an adults assessment.   |
| Improved Social Work Practice through Strengths-Based Reviews     | 1157                          | 0                               | 0                | 0                | -                              | Increases to existing packages are forecast to exceed target, making this saving unachievable. Saving cannot be recovered in 23/24 because it relates to growth rather than a specific task.   | A small number of high-cost placements related to provider closures or providers withdrawing support have increased costs for existing customers. |
| Efficiency through integration of Continuing Health Care Services | 400                           | 400                             | 100%             | 100%             | 266.4                          | Metric is Joint Package spend. This has reduced from £51.3m in April to £50.6m. Assuming 75% paid by SCC, that's £490k less  | System data quality needs to improve to fully assess impact of joint reviews and CHC specialism.  |
| Direct Payment Service<br>Transformation                          | 359                           | 385                             | 107%             | 214%<br>(770k)   | 230                            | New costing £261 compared to £464; saves 385k in 22/23 and a further £385k FYE in 23/24  | New Direct Payments are coming in at a lower cost (£261pw compared to £464pw) but increases to existing support are driving costs.                |
| Reduced liability for contract void charges                       | 549                           | 271                             | 49%              | 100%             | 271                            | One project completed and second project due to be completed by March 2023. Saving from second project will be realised in 23/24.  | Transfer from one property completed to schedule but delays to agreement on second property delayed, incurring ongoing fixed costs.               |
| Vacancies and Voids costs   | 700                           | 700                             | 100%             | 100%             | 433                            | On course for full delivery of saving in year.   | n/a   |
| Supported Living TUPE contract ends                               | 1000                          | 400                             | 40%              | 600k             | 314                            | A phased plan has been implemented to schedule reduction in TUPE payments by 1st April 2025.   | Contractual requirements and provider sustainability required ongoing payment of TUPE monies on a phased agreement.                               |

## **Appendix 1: Recovery Plan Performance by Service Area**

| Review of Befriending, Short<br>Breaks and Day Activity<br>Services | 678   | 728   | 107% | 107%<br>(728k) | 440   | Work complete   | New frameworks for Short Breaks and Day<br>Services did not yield any savings. This was<br>mitigated by use of in-house short breaks.   |
|---|-------|-------|------|----------------|-------|---|---|
| New Accommodation Strategy  | 111   | 100   | 90%  | 100%           | 96    | Project due to be completed by March 2023.  | Delays in finding suitable tenants that can share properties meant that vacant places were not taken up as quickly as desired.  |
| Provider Services staffing budget adjustment                        | 500   | 290   | 58%  | 100%           | -     | Budget is overspent, but there are underspends in other areas of the service. Staffing budgets will be in balance by 1st April 2024 | In-house services were closed during covid, so staff costs were static. Since services reopened there has been increased overtime to facilitate cover, creating a cost pressure on staffing budget. |
| Total   | 9,506 | 4,312 | 45%  | 92%<br>(8.71m) | 2,833 | £796k remains to be mitigated by additional activi  | ity   |
