Norfolk Park	No/object	I agree with a parking scheme, but not the proposed parking scheme.  I believe every household should have a free parking scheme, which permits for extra vehicles being charged at a higher rate.
Norfolk Park avenue	No/object	Remove on street all day pay and display option
Ingram Road	No/object	As the proposed parking scheme also includes pay and display options, I do not believe that this will solve the minor problems that some streets around here have with comutors parking in our area. I believe the bigger issue is the lack of parking for teachers & 6th Formers at All Saints school and the volume of houses of multiple occupation in our area, some of which have five cars for one normal sized family house. I believe they will be HUGE problems if some streets opt in to this scheme and some streets out because this will then push the problems to other streets. It should be a all or nothing situation.
Norfolk park Avenue	No/object	
City road	No/object	My address is 195 City Road. The council needs to consider how this will impact low income families, if I could not use a car I would, but with 2 children who are autistic and unsafe on public transport I have no other option but to drive to ensure their safety. Commuters affect norfolk park and Granville road for sure, but further up city road from Duke Street onwards it isn't a commuter issue.
Norfolk road	No/object	
Seabrook road	No/object	I object to these plans and believe they are being bought in by to serve no purpose than to disrupt and bring in a revenue stream for the council.
Norfolk road	No/object	I am against this scheme, having previously lived in sharrow where this scheme was implemented, it did not resolve any parking problems instead it just cost more and more in permits and vouchers with a year on year increase in these costs.
Hyde Park terrace	No/object	cost more and more in permits and vodeners with a year on year increase in these costs.
Granville road	No/object	I object to these proposals as a resident in the area.  I am a resident who does not support this scheme. I have never had any problem parking/finding a space and I cannot afford a parking permit for 2 cars
Granville Road, South Yorkshire, S	No/object	just to park outside my house
		I support some aspects of the scheme. However, I believe the parking should be restricted to residents only. This will be the only way to remove commuter parking.  I also believe residents should not have to buy a permit for the first vehicle. If they need an additional permit that could come with a charge.  Pay and display will not reduce the commuter parking or make the roads safer.
Castlecroft Drive	No/object	Castlecroft croft drive should double yellow lines.
Granville road	No/object	This seems to be easier a money making plan by the council. Or racism towards the taxi drivers that live locally. Itis definitely not for the benefit of the area or the residents.  It also seems to be very undemocratic.  For example- sinead keeps telling us it was suggested by residents for residents but refuses to give firther information.  The postcard and the survey suggest different tomes- one of them has to be inaccurate.  Furthermore, it will make the green space of Norfolk Park less accessible.
Glencoe Road	No/object	Some people can't afford this extra cost but really need their vehicles so I completely object to paying also having to ask visitors to pay means I may not get to see my family often
Glencoe Road	No/object	
Granville Road	No/object	We DO NOT need parking control we have never had an issue and have been living in the same house for over 43 years.
Granville Road	No/object	
Granvilla Baad	No /object	Parking permits are totally useless and does not help with parking in the community at all. I am totally against this idea and would make me leave the
Granville Road	No/object	I am against the proposal. The postcard we received states mon-fri 8am - 6:30pm but on this survey it is 7 days a week 8-8:30.

		I don't object altogether, I understand the issues that people have parking near their homes in certain roads, and appreciate that I am very lucky to not

		We would have no choice but to park on this road as we live here. We do not want to see parking zone markers on our street or parking ticket meters
		as this is supposed to be a Heritage area and it would go against all the reasons that we moved here.
		We have very elderly relatives who need to visit un-announced occasionally and we wouldn't be able to help them in an emergency if we have to mess

		With the exception of South Street Kitchen in the Park Hill flats complex I'm not aware of any other businesses likely to be affected by a current lack of

		I strongly object to the introduction of paid parking/ a paid residents permit scheme. The council state that the proposed parking zone is intended to

		I would reluctantly continue to park on Tylney Road if the controlled parking scheme was introduced because I have to park outside my own house, but
Tylney Road	No/object	I would only be hindered by the scheme - there would be absolutely no benefit to me as a resident if the scheme was introduced.
Granville road	No/object	
		This is ludicrous you are going to charge me to park outside my house. Parking is not an issue here i dont understand why this is being introduced.

Tylney Road	No/object	I live in this street it's a quiet residential street, most of the day it's empty. Introducing a parking scheme is just ridiculous and bring another expense at a time when family's are already struggling. The proposed zone is too big we don't get commuters all the way up here
Tymey Rodu	140/OBJECT	a time when raining 3 are already straggling. The proposed zone is too big we don't get commuters an the way up here

		It is ridiculous this is being proposed at a time where cost of living is through the roof, a few busy body's who get annoyed at the fact some one parks near their house is going to cause suffering and disruption to others. I have an autistic daughter and have no choice but to have a car. To have to pay to

Arbourthorne St Aidan's Rise	No/object No/object	Farm rd has no residents so it's not as if we're restricting local use of the rd. just another scheme to make cash for the council at its citizens expense  I would be unable to drive to work and park my car nearby causing stress, exhaustion and the possible news to alternative employment.
<u>service</u> is a service of the servic	ito, object	I think this initiative is a ridiculous money making scheme. The suggested zone to make permit only spans so far from the city centre I cannot see how the Council can justify this is due to commuters. Whilst I don't dispute this is a problem closer to town it's certainly not an issue as you move further
		out of the city centre.
		There are lots of elderly residents nearby have you considered the impact this will have on them having visitors/carers? And on a personal level I don't see why I should have to pay to park outside my own house -or why my friends and family should have to pay to visit me in a residential area?!
Tulnov Pood	No/object	I hope this plan is thrown out due to strong objection. I'll be taking this to the local media online to see if we can get enough support to demonstrate Sheffield City Councils money making scheme
Tylney Road	No/object	I would probably park in the nearest non-pay road. If everyone else did this it would cause chaos. Has this been thought through? If so, I want to see

		Where I park (Old street) the problems I see are related to time restrictions where the parking spaces are meaning I can't park in the parking space
Bernard Street, Park House Room		because there is a time limit.
Norfolk park avenue	No/object	Why not just make parking within the city more accessible and/ or CHEAPER to stop people parking in residential areas??? You're now penalising
		residents making them pay for parking? Why not stop the problem at the source rather than trying to get more money out of us as residents??
Glencoe road	No/object No/object	Absolutely ludicrous
Ingram road	No/object	There is no need for parking scheme on the road as it is used only by the residents.
Classes Band	No fablach	If the scheme will go further I believe that the permit cost for a resident is too much for the year.
Glencoe Road	No/object	I would like to be updated if this will go further.  This is very shocking that we need to pay for parking outsides our homes. The area which you have selected contributes to where residence live and
Granville road	No/object	need to park their cars outside their homes.
		When people visit me they don't have any problems parking but I don't want to have to pay for visitor permits or anything like that. I'm a disabled person so my income is already limited and I'd have to become more isolated as I wouldn't be able to afford the permit to allow friends/family to help

Tiolalings Noad	No/object	consider it a right and essential to park outside our own front door .
		My daughter aged 18 is learning to drive and is doing so for safety sake due to the high level of risk and violence against girls and women so she can be
		safe going around and able to easily access our home at night time and the Council despite asserting their commitment to supporting the safety of girls and women are putting in their pathway restrictions and obstacles to safety by this proposal.
		In respect of Disabled people i our household having access to accessible transport is essential too and charging to park outside one's own home and
		being picked up and dropped off is restrictive to as per this proposal. No regard is being given to our older residents or families with child re n either in what is being proposed and their access and struggles financially bringing up a family and costs therein that this proposals brings added costs to.
		In addition I would assert that we have had no problems on our road regarding parking but have had problems with people, crashing and including
		children being almost killed on the junction of Fitzwalter Road /Stafford Road and we as residents requested of the Council intervention then, all to no
		avail. We were told in effect that nothing would or could be done regarding this serious traffic and pedestrian risk until in effect someone gets killed and now we are having thrust at us traffic measures to generate income for the Council instead. Thus demonstrating where the Council's priorities lie in
		this instance .
		I am a lone parent on a low income and any parking charge is far too prohibitive to households like mine.  In addition I question the fairness of this proposed imposition, there are numerous areas across the City where non-residents park outside residents
		property and I note that these areas are not being spotted for a comparable imposition.
		If such an imposition should be getting imposed or enforced then it should be city wide for the sake of fairness

Granville rd	No/object	I find controlled parking to be more of an issue than free parking. Although controlled zones seem to be disguised as aiding residents, this does the
		exact opposite. As someone who lives in the inner city centre zone and pays £260 a year for a parking permit, I have seen few positives to not only the
		cost but the controlled parking itself. Visitors are still able to park in these areas, but for a cost, making no difference to any issues with residents
		struggling to park. This continues to be an issue regardless, except now we are paying to have the same struggle. If a controlled zone is introduced, permit fees need to be reduced and it is a necessity that there be at least 50% of the parking spaces reserved for permit holders. This is rarely the case
		in areas where both permits and ticketed parking is at a high cost, purely so the council can make as much money as possible through something they

Consequently, I wouldn't be visiting the City Centre at all therefore I

		I would like more information about what the proposed parking scheme will look like, its street furniture and road markings.  I do not object to the whole scheme I understand there are issues around the Parkhill, Norfolk Road area as well as Blagden Street, Samson Street and Coates Street, which is mainly due to a local body repair shop parking many vehicles within a TRO, this issue has been reported and no enforcement has ever been effective.
		Recent parking issues on Manor Oaks Road have come from the development of Parkhill with work vans and trades peoples vehicles.  I currently live in a quiet cul-de-sac where all residents have off street parking and usually park the occasional work vehicle on the road.  The street is block paved and open plan, with children playing safely on the street.
		Q, Will the street be plastered with road marking and unsightly ticket machines, and how will the implementation of this scheme change the feel of the

		You've already demolished Sheffield city centre. No one wants to go there because all the shops have disappeared. If you do this it'll be another nail in the coffin. Sheffield will become derelict. You complained about Meadowhall when it was being built that everyone will go there, well you're not helping this now. Parking there is free which is why everyone goes there. You do this and you'll stop the few that are still going to the centre to try and keep it alive. Can no one see this in the council? 		Having worked and parked on the industrial part of Fitzwalter Road and travelling along the surrounding roads during the day for over 12yrs I don't particularly think there is such an issue that justifies parking restrictions. All of my colleagues commute from some distance and public transport links are not an easy option, due to hours of work, so it's my feeling any restrictions would just move any existing problems(if they do indeed exist) just a little further along to the edge of the proposed boundary.  Please think carefully about this and may I suggest that surveys are done on each road and at various times of the day to get a true picture. If its truly a case of easing congestion then surely the first option should be No Parking restrictions at the pinch points? Woodseats	No/object	I don't want to have to pay to park on the road where I live. I appreciate that there are certain roads where it is difficult during the day but the scheme is far too wide reaching and will mean some people will struggle to afford to park. Although there are 3 vehicles registered to my house often there are only one or two parked at one time. The parking issues are not just during the weekdays but also in evenings when there is an event at Bramhall Lane. There are people who park on the pavements and no tickets are given out. I am not convinced that the scheme will be policed to ensure compliance. I also think it could potentially create less parking available which would increase the problem. I should be grateful if this ridiculous idea could be stopped as it is to satisfy a small number of people who are very vocal about their issues. It is a real case of a sledgehammer to crack a nut. My objections are based on cost, inconvenience, lack of ongoing support, silly times (too early and too late) as something in the middle section of the day would prevent all day parking, too widespread, less potential spaces to park and the cost if permits is high. People will not visit the area and businesses will suffer with the restrictions in place. If there was more affordable parking in the city, or even some free zones, there would be less trouble out of the city. 		I must admit when I initially started this survey I expected it to be about the introduction of a residents parking scheme. However, if it's the
		introduction of parking meters then in effect it's the same thing as the prices the council charge for parking for any length of time are prohibitive.  If you want to introduce a residents parking scheme on Stanhope Road I would be fully supportive as it would be nice for me to park near my house for

Holdings Road	No/object	I strongly object to the proposal of the charged parking scheme. I have lived in the area for 20years and I have never had an issue with parking.
		I believe this proposed parking schemes main objective is to make money at the residents expense. With everything else going up in price, the local residents do not need to be charged for parking outside their own homes, or staff to park outside their places of work.

		First a couple of questions: Are the hours until 8:30pm as it says on the website or 630pm as it says on the leaflet? Can we buy more than 2 permits?
		Will the whole area have the option for people to pay and display? Can we still park across our own drive?  I can't see the benefit of the scheme. We don't have a problem with commuters. If it is purely to reduce commuters the hours do not need to be as
		long and residents should be able to get as many permits as they need at a minimal cost or for free. The main roads that are affected by commuter
Cronvilla Bood granvilla road	No /object	parking may see a reduction in this but the problem is just moved elsewhere. As more people are working from home more residents have cars that

		I've been a resident of Norfolk Road for over 30 years and strongly object to having to pay to park outside my own home. This scheme will also
Norfolk Road	No/object	negatively impact our local community and businesses.  I work for the NHS stroke rehabilitation unit. Not being able to park for free outside the unit would be yet another cost for commuters and NHS workers
		like myself. Public transport is not an option due to late working and early mornings, and due to the fact that I live 15 miles away and can't get their

		Introducing paid parking around the area, will impact of the amount of cars which already park their to use services such as the college, school and NHS
		facility's. Many of which will be staff, resulting in staff having to also park their cars in order to commute to work. In some cases individuals commute to
		work and have no option but to drive, meaning they would be forced to pay the parking charges. Which long term could also impact them financially
Sheffield	No/object	and the buildings it surrounds, which could also result in individuals having no choice but to find a different job.
		It seems very cynical that pay and display is being put in place AND residents have to pay for permits. If this is meant to help residents then the money
		made from pay and display should mean residents do not need to pay. If driveways and current resident off road parking will not be protected then the
Norfolk park avenue	No/object	scheme will cause more problems than the current occasional parking problems.

		This feels very much like a sledgehammer to crack a nut. There are some identifiable parking problems opposite the school/college on Castle Croft Drive
		and Farm Bank Road, though only during pick up/drop off times, and identifiable long-term commuter parking on the streets closest to the rear of the
		station, specifically Norfolk Road and South Street, and to a lesser extent Stafford Street, Talbot Gardens and Talbot Place. However, on Norfolk Road,
		nearly all of the houses have driveways, negating the majority of the impact of this commuter parking. I fail to see why this warrants an area-wide permit parking zone, especially extending so far into Norfolk Park. The permit scheme seems to prioritise revenue generation and evidence short-term
		thinking. A better use of funds would perhaps be to future-proof the area, which will suffer from the difficulties of charging street-parked electric
		vehicles outside of dense terraced houses/flats by, instead of installing pay and display areas, installing communal park and charging areas for the local
		residents, or car club bays to encourage car sharing. Having said that, I would strongly support a pay and display bay (with 20 minutes free for drop
Seabrook Road	No/object	off/pick up) stretching along the top of South Street, directly at the rear of the station.  I feel that if one parking space was allocated to each house on Tylney Rd, that would mean everyone could park, and there would be spaces for extra
		cars, where the home owners don,t have a car. This would need spaces indicated on the road and small signs, but would solve inconsiderate parking.
		(One car taking up two spaces)
		If I could be allocated a space outside the house where I have lived for over 50 years, I would gladly pay say £25 pa, BUT I will not pay just to park on my

If a parking scheme is introduced in the Park Hill area, permits should be given freely to residents as they already pay council tax. If charges must be introduced, they should be tiered based on council tax band, with significant discounts for people with disabilities and limited incomes.  Additionally, if this scheme is introduced as proposed, I and many other households like mine will be forced to pave over our front garden to create a parking space. This will increase water run-off, exacerbating the already considerable flooding risk at the bottom of the hill - i.e. the town centre.  Whatever money the council hopes to make off this scheme will be lost in increased flood severity due to countless more gardens being concreted over.

Holdings Road	No/object	
Glencoe Road	No/object	We have no choice as we live here so we have to park here. Cost-wise for residents for one car, the proposed amount is reasonable. My concern is that the price for non-residents to park here, especially the all-day price, is incredibly cheap. The prices should be high enough to deter people from wanting to park there. £1.50 for an hour and £6.50 for all day would not be enough to deter me if I were the one having to pay. In the NCP and Q Park the all day prices are more around the £20 mark. The proposed prices will not do anything to improve the parking situation for residents. Low parking fees will still making the Park Hill area a more attractive (cheaper) option than the city centre, thereby increasing traffic and emissions in a residential area. Park Hill/Norfolk Park should be upgraded, not continue to be the communal car park for visitors/commuters to the city/station.  My other concern with a parking scheme in general would be that even more people would turn their front gardens into driveways, which is the case for a couple of houses on our road, including a house on the Conservation Area side, and it looks terrible. If more people were to do that, it would considerably change the aesthetic of the street. It already looks bad enough with quite a number of houses having paved over their front gardens. If a parking scheme is introduced, we would welcome enforcement of Conservation Area regulations with regards to changes to the front garden.

I don't think that parking meters will deter non-residents from parking here either because a lot of the extra parking is often work vans and i imagine they will just bill their employer for the parking fees. The parking in this area has not been a problem - and particularly at weekends there is lots of space. I don't believe residents should have to pay for permits to be able to park outside their homes.

Norfolk Rd	No/object	The parking in and around Norfolk Park is not so much a problem. It's what you would expect being so close to town. Speeding is much worse.  There are no problems with parking on Granville road or most of the area on the proposed parking scheme. Most commuters park on Norfolk Road to walk to the train station, The majority of residents on Norfolk Road have access to off street parking so I don't see the issue, I don't think there should be a permit scheme in this area because the residents mainly can't afford it, and even if one was needed it should be limited to the parts of the area with parking issues. For example the bottom of Granville road is quite busy due to the schools and colleges, but where we are at the top of is not and

If there was nowhere to park then i would totally understand and support a parking scheme but there's plenty of space so i dont think its necessary at this time.
Old Street	No/object	Although we do not own a car ourselves we are regularly visited by friends and family who if these proposed changes would effect our street (Old street) would not be able to visit as often. In light of recent times and the rise in costs for everyone I don't believe this is an acceptable change to make, I have not noticed any issue on our street with people parking and if this was an issue perhaps putting money towards making parking more affordable and accessible in the city would be a much better approach than finding another expense for people to have to pay.

You need to make up your mind, if you are forcing me for the privilege of having a job then at least give me the support to make driving as sustainable as possible.  You are introducing the 'clean air zone' which we will live at the edge of, which is presumably why you are doing this, because you know the problems this will cause with redirected traffic and you are trying to profit from the change.  This is a terrible idea and will not resolve any traffic issues, which must be perceived as I have never experienced or seen any parking issues in the 7 years I have lived in the area.

		Parking is not a real issue for us. You would provide a great disservice to our community through this scheme - especially those among us who are already vulnerable. Please don't isolate residents so that you can raise a few thousand pounds.
		Making it harder to visit Sheffield will inevitably effect business and the cultural life of our city. Please don't ruin our city centre for a few thousand pounds!
		This is a thinly veiled scheme to raise taxes surreptitiously and an attempt to force drivers to use the over-priced car parks (that are mostly empty).  Instead, represent our community by addressing our real concerns. Traffic Calming is a serious issue. Because there is no left turn from Granville Road
Fitzwalter Road	No/object	on to Duke Street, Fitzwalter Road (a small residential street) is misused by traffic. We suffer continually from damage to our cars and the threat to our children as they try to cross the road.
Park Hill	No/object	I am a resident, I live at Crown Place I pay my Council Tax, I pay my car tax why do I have to pay outside my house??? I am a disabled person why do I have to pay to park outside my house?? Norroik ka seems to be the area that began this proposal. Many of the houses there have drives. As for Shrewsbury Hospital, it has long drives with locked gates that could be used for residents and visitors.
		Perhaps some disabled parking areas would help.  Or H markings outside drives.  This proposal has a monetary impact on residents who currently gave no issues. And to introduce measures only in the lower area would move the problem up the hill.
Holdings Rd	No/object	I strongly object to this proposal.
		We don't have any problems with parking on Park Grange Croft. Even when football is on at Bramhall lane, it is only busy for a couple of hours. Putting in a parking charge would only make it difficult for residents and they're visitors who will have to now pay.
PARK GRANGE CROFT	No/object	It seems like a money making scheme by Sheffield council with no real justification.  You are making this scheme too expensive for residents - the first permit should be free, or vastly reduced, so that people can afford a pass for visitors.
Tylney Road	No/object	Pay street parking g would be OK under these terms as people could still have guests. There is a huge worry for many that the cost will continue to rise and that people are being penalised while the actual issues over safety are ignored. I do think you need to rethink this as it feels like the council hasn't listened or understood the problems. Where is the 20 mile zone, or traffic calming?
Talbot Crescent	No/object	The hourly and daily charges are a lot if it was for a visitor. Rather than being charged to park on the road there should be the ability to also get visitors permits when you pay for the resident permit.
City Road	No/object	I object these proposals as it simply seems like more money-making from the council. I live in terraced housing which does not have a private driveway, therefore I have no choice but to park on the street close to my home. If these changes go ahead, this will be another household cost of of £40+ for the year, possibly even £90+ if my partner and I were to purchase separate vehicles.  In a time where household costs are increasing (energy, council tax, petrol, food shopping), I think it's an absolutely awful idea to add yet another expense. I do wonder who the people are who have suggested this is a good idea - maybe people lucky enough to have their own driveways who don't like others parking around their homes, or people with the luxury of spare funds who wish to throw money at a problem in the hope that this gives them (and them alone) the entitlement to park on the road outside their house. I think much more consultation needs to be given to the residents of this area, you can't lump this entire area together when there is a very different situation on a street by street basis. For example, you can't park directly on City Road, so many residents park just behind around Granville Road - you can't lump these residents in the same pool as the houses who live closer to the train station towards Park Hill (Glencoe for example) who have private driveways. Maybe narrow the circle down tighter - closer to the train station if you really want to target commuters who might be taking advantage of the free parking - I don't see how this affects the area towards me and I certainly don't wish to pay to park my car around my house.

Holdings Road	No/object	We strongly object to the proposed parking scheme.  Mu foreille and visit me constitute. I think if you introduce and parking morale would be less likely to visit me.
Duke Street	No/object	My family and visit me sometimes. I think if you introduce paid parking, people would be less likely to visit me  Because it is already difficult to park on our flats car parks, due to public being able to come in and pay to park as well, especially those that are using the train station as it's way cheaper than the extortionate station car park, this will create further problems for us. All the people that currently park for free on these streets when going into town etc, will then come and use our car park because it will still be cheaper than the new charges on the street. Therefore, for us residents of the flats, who have no other option of where to park, that's anywhere close to our homes, will be pushed out. We are paying £50 per month, which is a very high charge. If you bring in these new charges we will have even less chance to park near our flats. You should put pressure on Urban Splash to give us a guaranteed designated space if we pay £50 per month. To pay this price and find other people using the car park and no room for us is not OK. I believe the new parking zone will make matters far worse for all us and there are many new flats coming in this

Park Hill Flats, South Street	No/object	The situation as it is, is fine and we don't see any reason to complicate things by introducing this scheme.

		First of all I do not live in Parkhill so why have you sent me this leaflet?
		If these proposals are intended to apply to me please let me know.
		Generally speaking this is no more than a money making exercise for an incompetent local administration which takes no notice of the general public's
		requirements.  With the current situation of increases in food, heating, lighting, petrol, etc how dare you add additional expenses to the ordinary man and woman in
Norfolk Park Avenue, ,	No/object	the street that you as a council claim to represent?
Norfolk Park Avenue	No/object	
Long Henry	No/object	Please don't do this. It will cause problems and not resolve anything - It's a very bad idea.
Tylney Road	No/object	I live on Tylney Road and we don't seem to have a problem with people parking on our road and then walking into town etc. The people who park here live here, albeit that some have two cars. You may not always be able to park outside your own house, but we seem to work it out. Having a permit doesn't guarantee you a parking space and so we are no better off. I am really not happy that you are even considering this proposal at this time. It is another added financial burden placed on us. The same week I received your flyer I also received notification that my Gas Bill of £1,204 per year would go from the 1st April to an estimated £2,126 and my Electric From £859 to an estimated £1,214and possible further increases! This is not the only cost of living increase we facethere is water, petrol, council tax, food and the list goes on. My husband and I are pensioners, during Covid he was classed as 'vunerable' and the last 2 years have been very difficult. Now we are having friends and family starting to visit and life is slowly getting back to normal. That is not going to happen if they have to pay £1.30 per hour to visit us! You might saybut that's just Mon. to Fri. between 8am - 6.30pmduring those time's the road is half empty because people are back at work. I can understand that there maybe a problem with street parking nearer the town but as you go further back there is not. I strongly feel this is not appropriate.

Manor Oaks Drive	No/object	I will start a petition to ensure this is not progressed. Haven spoken to alot of locals they are against this idea. The idea is only support by one women who works for the council and she is trying to push this through.  I can't park on Shrewsbury hospital estate and people visiting me can't park on the estate.  My relatives would find the parking fees prohibitive and would be forced to reduce or stop their visits altogether. I am seriously concerned about the impact this will have on my own, already frail, mental health.  The hospital trustees have recently introduced a rule stating that there will be no parking allowed on the site at all.  I would like you to get the Shrewsbury hospital to allow daytime parking again.

		This scheme will only push the people parking there to avoid city centre parking charges further up the estate onto neighbouring roads which are
Guildford Avenue	No/object	already struggling to accommodate residents vehicles, the residents of parkhill shouldn't have to pay you for permits when the problem isn't getting solved just moved further into the estate
		I live here so where else would you want me to park?
Talbot Street	No/object	The council has obviously lost the plot  I would have no choice but to have to pay for the other two cars in my house!
		Don't want the charges and have never had a problem. My eldest parents both live in the "zone" and I don't feel I should have to pay to visit as do my
Ingram road	No/object	grown up children.
Tylney road	No/object	This is disgraceful. Money for the council. This is not what the majority of residents want. They wanted speed bumps but someone on the council sees this as a money making concern.
		I can understand why residents have complained about parking, however my concern is that pay and display and it's prices won't deter commuters and as such not solve the problem (especially as they can still park all day rather than short stay) and that essentially it will stay the same but we are now paying for permits and the hassle of visitor booklets. I also think that the parking meters and markings will look very unattractive in the area especially as the houses are beautiful Victorian houses. Our area has many issues that I wish time and energy were being thrown at litter, fly tipping, crime,
Stafford Road Tylney road	No/object No/object	maintenance of the parks I can't believe that parking cars is a priority as I don't believe it will add anything to the area.  I could not afford to pay.

Coates Street	No/object	This would be terrible for the local business and park library. It will not be good for the value of our houses. I strongly appose this I should not have to pay to park outside my own home which I own!!! So annoyed by this action and I would NOT gave bought a house in the area if I know you ere planning This! Plus it will kill the city centre what are you thinking!!!! Residents of the area DO NOT WANT THIS SCHEME!!!!!  Q27 - should have answer "I have no other alternative".
Stafford Road	No/object	This 'consultation' is not fit for purpose
		I strongly object to the proposals. They would have a significant negative impact on me. I park in the area to attend groups for my health and wellbeing, as well as my child's nursery. If I had to pay to park this would put me off attending these vital community support activities. I have no problems parking
Harwich Road	No/object	so do not see the need for such measures.
Stafford Street	No/object	I would rather find a space nearby until space becomes available outside my door. I've never had a problem parking outside my own home each night.  My guests are also able to park in safe visible distance near my house.
Skye Edge Road, Sheffield S2	No/object	
		There are no problems therefore I do not wish to partake in purchasing a parking permit which seems to just be a money making scheme by the council is an already coars financial climate.
Tylney Road	No/object	In an already scary financial climate  There are far too few parking bays for residents. At the moment residents park on both sides of Donnington Road/Norfolk Park Avenue, but the proposal shows nothing for the Norfolk Park Avenue side of the road. There are also spaces that small cars currently squeeze into that aren't on the plan, meaning even less space. This parking scheme will cause more problems for residents and not make any difference to the commuter situation, as
Donnington Road	No/object	they don't park on our street anyway. Ridiculous!  It would be unacceptable to force residents of the area to pay a charge to park outside their own homes.
		If the council insist on this, residents should be allocated free parking permits; therefore charging visitors and (above all else) football fans who are the
Tylney Road	No/object	main culprits in this scenario.

		I find it bewildering that we as a street have to find out about these proposed changes through word of mouth and not by the council themselves when it has a huge impact on us. Why are residents not being given prior warning of these supposed proposals? A lot of people can't or don't know how to
Skye Edge Road	No/object	access the internet and are therefore not given the right to oppose/support changes which are affecting them directly
		This is a disgrace to make money from residents when they already pay council tax and road tax not to mention income tax and national insurance

		I think it would be extremely unfair to charge people to park on Norfolk Park Road when most are visiting the park or the hospital or going to college.
Norfolk Park Road	No/object	Resident parking is not needed on this road  The proposed parking scheme would not make it any easier for residents to park just expensive and congested, Difficult for visiting family, health and

Stafford Road	No/object	I don't agree as a resident that we should have to pay. Also I believe it will actually increase traffic in the area making it harder to park.  Treally don't agree with this, the cost of living is going up, its the wrong time and the wrong way. People are going to try and park on small streets like
		ours at Norfolk Park Drive and then I'm guessing that will be made into pay to park. I know money is tight for the council but there has to be other ways but its really scary right now wondering what this year is going to hold for us all, I just don't think this is the right time. If its to address the issue of the
		environment/car use then surely making public transport better, bringing it back into public control would be the first step - more buses etc, more
		reasonable and reliable services, then look at charging for car parking. In the past, my partner has been fined for having to park temporarily on a yellow on our own street as he had to nip back home to sort something before going back to work and that was bad enough. I hope you reconsider this

		Difficulties parking outside your own home seem to be a modern day problem in every city. Charging the residents does not seem the fair way to deal with solution. For myself, struggling with all the current cost of living increases are making life financially harder and harder and then having to pay to
		park on my own street will just increase the burden. The proposal to charge visitors £1.50 an hour is also outrageous, which other residential areas
Tylney Road	No/object	charge this hourly rate? What if one of my adult children wish to come and stay for a few days? I feel this whole scheme is just an unfair financial on local residents
		Residents of Norfolk Park should at least get free permits and friends and family permits. With the inflation of prices of everything at the moment it is
Norfolk Park Avenue	No/object	unfair to expect residents to find the money to pay for permits to park outside their own houses
Norfolk Park avenue	No/object	
Seabrook Road	No/object	I think it's absolutely disgusting that you are planning on changing me to park outside my own home. Especially in a time when cost of living is out of control! Why not let residents have a couple of free passes at least?
City road	No/object No/object	
		I have no choice but to continue parking here, as I am a resident in the area. If this scheme is enforced, this will not deter the majority of existing commuters who park in the area, as the cost to park for a day is still cheaper than parking in the town center.
		The people who will lose out are the local residents, who will have to pay for parking and guest permits, and even then there will be no guarantee that there is a parking space for them.
		Furthermore, local businesses will also lose out because customers will be put off by the charges and restrictions. We do not need this in this day and age, especially in an already poverty stricken area.
		As I said in an earlier section, parking in this area has never been an issue for me and I have always found a space outside or near my house on Glencoe

Glencoe Road	No/object	All in all, I am highly opposed to this scheme for the reasons outlined earlier.

		I'm a housing association resident of parkhill. With the high rents and already high hearing cost. The parking scheme is another expense I can barely
Parkhill	No/object	afford. For me what would be a good idea is to mark the parking areas so people park with more consideration

City Road	No/object	I think this scheme is very unfair for local residents. I do not use on street parking because my house has a driveway, but most residents in the area do not. The cost of living is already rising rapidly and adding unnecessary expense to this is unacceptable. A fairer solution to the parking issues would be to have free permits for residents and some pay and display bays around the area, or to make all parking in the residential streets for residents only with free permits. As it stands I think the scheme is extremely unfair to local residents.
S2 2RD	No/object	I would like to know the reasoning for this  After being a resident for over 30 years will no difficulty parking i strongly disagree with this decision. Being close to city road, which has controlled parking, I feel this will make parking for residents on our road extremely difficult, as the only other places to park would be Manor Laith road, half of which is also to be controlled and the other half will be a free for all between residents of city road and us. How will this help, it is a ludicrous idea, and
Skye Edge Road	No/object	one that I am sure all residents of Skye Edge Road will disagree with.
		Farm Bank Road has 8 houses, many have no drive or a single drive. The road is also used for parking by residents of Granville Road whose houses (and drives) back onto Farm Bank Road.  Parking is generally fine and not a problem.  I have seen the proposals. I would guess that it means around six cars can park on the street at any one time, which is not enough for the people who live here. I also don't understand why the parking is on that side of the road when the other side has fewer drives and so more space to put in bays.
		If we are only going to have six bays (or fewer) I do not want this to go ahead. There would be no where for us to park and we wouldn't have parking
Farm Bank Road	No/object	available for visitors either.
Ingram Road	No/object	I think this is going to cause a lot of hassle and cost a lot of money for people who live in the area. We already pay council tax and now we have to pay for a parking permit and our visitors have to pay for parking? This is wrong
City Road,	No/object	I feel that the scheme would not improve the parking situation and that I would be paying for the privilege of potentially not being able to park in my residential area.
		The area is well away from the city centre and parking restrictions are totally unnecessary. Why should anyone have to pay to park outside a house
Doncaster	No/object	nowhere near any congestion?
coates st	No/object	
Glencoe road	No/object	
		I disagree with parking charges. It takes 30 minutes to walk from city road to the city centre, and if commuters are already commiting to parking further away to avoid paying for
		parking then it is proven that parking is too expensive for people that are already working and struggling to pay - or they wouldn't include a 30 minute
		walk on top of their current driving travel.  Also, not a lot of companies support their staff with parking charges, which means it will come directly out of commuters pockets and will be forced to
		pay just to get to work.
		The benefits of paying for parking in the city centre (if people choose se to) is convenience and short distance walking, however parking charges at a further distance do not provide any benefits for people that are employed and that are just trying to get to work.
		Not having parking restrictions encourages people to walk and live healthier lifestyles, and limiting this will leave people out of pocket and reduce
City road	No/object	wellbeing - ontop of the current price increase of basic living.  I am 82, my children and grandchildren visit me and my wife regularly. This permit scheme is a ridiculous money making scheme, there are no parking
		issues in 80% of the area covered by the map. This will reduce the number of visitors I get as I am bed bound and unable to visit them.
Granville Road, South Yorkshire	No/object	Do something useful instead  We don't think this scheme is necessary for Donnington Road as we don't have parking problems here. This scheme will likely make our lives more
		awkward and more expensive. We would have to pay to park as residents.
		We do urgently need speed bumps on Donnington Road as people routinely speed down our residential street.
Donnington Road	No/object	There also needs to be a safe way to cross Talbot Road from the bottom of Norfolk Road. Thanks.

Norfolk park	No/object	They should get cheaper or be free for the residents that have no issues at the moment. Making money from the residents to try and solve issues that may be on the other roads doesn't seem appropriate. Making money from the pay machines should be enough

City Road	No/object	
Robinson Road	No/object	
Hyde Park Terrace	No/object No/object	If we have permits or pay zones then my children who help care for me would have to use public transport
		As a local resident I strongly object to the introduction of a controlled parking scheme. I believe this scheme will penalise rather than benefit local
		residents. Parking is not an issue within the proposed zone. Yes, some people park at the town end of Norfolk Rd in order to access the city but, considering our unreliable and overpriced public transport and the current cost of living crisis, I don't believe this is a bad thing.
		People also park in this zone to access the fantastic parks we have in our area and I don't see why they should have to pay to do this. With people
		suffering financially at the moment, having parks accessible without cost is essential to the well being of people in our city.
		I feel that the introduction of this parking zone is designed purely to raise money for the council, not to benefit residents or visitors to the area. I have a drive so would use that to park rather than paying to park on the road as I do at present, but not everybody in the area is so fortunate and I don't see why they should have to pay what is essentially a parking tax when times are already hard enough financially.
		If you wish to make an improvement to the roads in our area, why not introduce a 20 mph speed limit on all residential streets? This would make roads safer for children (there are multiple schools, nurseries and parks within the proposed zone) and would help to reduce pollution. Reducing the speed limit and helping to enforce it by introducing speed bumps would have a positive impact, introducing a parking zone would not.
Stafford Rd	No/object	I am aware that other areas have been offered a vote on whether a parking zone should be introduced (e.g. Hunter House Rd in Hunters Bar) and believe that in the name of local democracy, this should also be the approach taken here.

		I don't understand why this scheme is in progress. There is a much greater need for speed restrictions on side roads (Stafford, Norfolk, Fitzwalter roads for example). Many residents have signposted their desire for this through "20s plenty" placards in their gardens. Parking does not seem a problem.
		People do use Norfolk road to park on to go into town but most residents have their own driveways. Other roads around here are fine for parking.  Please can we all have a vote, rather than Sheffield Council bringing something in that seems to me to be mostly to generate income for them, rather
Stafford Road	No/object	than benefitting local residents?
		As a volunteer working at Park Library I am very concerned about the way this consultation has been conducted. there is only one document online, lots of people are coming in to look at the folder but not really understanding the maps - there is not much in it to help them make an informed decision

		My partner and I live on Norfolk Park Avenue, so our only vehicle access is via Donnington Road. We are both in our sixties and need our cars for work, shopping and caring responsibilities.
		At the moment we have no problems parking on Donnington Road, despite living at the Granville Road end. We negotiate with our neighbours about who parks where in a friendly community. We have to park on the street, as although our house technically has a garage, this was built a long time ago
NORFOLK PARK AVENUE, SHEFFI	E No/object	and it is simply not possible to park a modern car in the garage, or to open the gate to the house when there's a car in front of the garage.  Although there is a problem with non resident parking, I don't think charging residents to park outside their houses is a good idea. It seems that a
		inconvenient parking is is being turned into a way of making money by the council.  Cars parking on both sides of our road in combination with cars speeding is for me the real problem. It's possibly only a matter of time before someone

St Aidens	No/object	I think it's a joke, the road I park on is nowhere near town not a single person parks here as a midway point every car on this street is a local resident putting permits/metres in place is not going to help anyone apart from your accounting department. One of the reasons the city centre retail industry is in tatters and Meadowhall and crystal peaks thrive is because of the stupid prices to park. If these permits where here to help residents every household should get a permit free of charge upon proof of car ownership and legitimacy I.e tax m.o.t insurance and proof that the person actually lives at that address. I personally have somewhere else to park just a few minutes away from my normal space what is off road so I won't be paying charges either way. I don't think it's fair on everyone else and the affects it will have on local businesses and residents for example having to pay for a day permit for a removal van if moving house or getting things delivered. If Manchester City council can issue free parking permits why can't sheffield. Sheffield city council are a bunch of thieves wanting to profit off of the people in park hill. It's disgusting. I object to this. I hope everyone else does as well. As it hurts the working class people like me and other people in the area who don't have driveways. It's disgusting.
		Re the above statement of whether you would park in the area, this is not really an option but a fleeting statements for people that have the properties
Tylney Road	No/object	in the area, we want to live and park on our street without being harassed by the council.
Castleton Hope Valley Norfolk Park	No/object No/object	As I said before introducing these scheme only has a negative impact. Traffic calming measures and a 20 mph limit would help improve speed.  This is going to make visiting and caring for my elderly parents increasing difficult
		This scheme will have a negative impact. The general consensus is that there aren't parking problems in this area, yes there are commuters along norfolk and adjacent roads but this has never affected our ability to park on our road. Occasionally the area becomes busy with cars when a football match is on but this is outside of the proposed hours anyway - and when that does happen we can still park close to our home.
		Many people won't be able to afford parking, it affects visitors and carers - e.g our parents who are pensioners do 2-3 days childcare a week and would add a financial weight for them, and with the designated bays there will actually be less room to park on the street, so parking may actually become a problem for us on this road.
		It may also result in some people choosing to convert their front gardens into parking spaces which isn't good for wildlife / is unsightly so less green footprint.
		People may move out of the area to avoid paying to park outside their own homes, it's a hassle, unaffordable for many, and isn't the aim to improve this area and make it more desirable?
Fitzwalter Road City road	No/object No/object	The issues WE DO have however in this area are speeding and break-ins (on Norfolk Road). Traffic calming measures and a 20 mph limit would help improve speed and cctv cameras on the quiet end of Norfolk Road.

Mosborough	No/object	I feel that if public transport was reliable and frequent more people would use it. This is another way of taxing those people who are actually working & struggling to make ends meet as it is.
Fernbank Drive, Eckington	No/object	The charges appear largely unnecessary as the street is rarely full due to amount of crime in the area and damage to property. It will have a huge
Crookes	No/object	impact on nhs staff who cannot afford to pay these substantial charges to park each day. The streets are not safe for staff to walk along in the evenings or early mornings if they have to park elsewhere. It will put a huge demand on parking in other areas outside the zone. Also metered parking will give a clear indication to thieves how long the car will be left for making them even more of a target. I have strong objections to being made to pay substantial charges to park to go to work providing a public service.
Limb Lane, Dore,	No/object	A further comment is - What is this parking scheme? I thought it was to stop commuter and student parking in the area. On the card you've put through the doors it says it's Monday to Friday between 8.00 am and 6.30 pm, however on the plans on your website the how of the area is covered in Double Yellow Lines, so no parking anywhere ever!!!  Shouldn't they be single yellow lines? Don't you know what you're doing? Obviously not? It's just a con to get money out of people who own their own homes in the area.
Holdings Road	No/object	So why the Double Yellow Lines everywhere. It'll end up a ghost district where people drive through, never stop and nobody visits it's residents.

		As an older single woman living on my own, I object to the introduction of permit holder/meter parking for the following reasons.
		I have friends living in areas where a similar scheme has been introduced and they report that it has made parking harder for both residents and visitors. Yellow lines reduce parking spots for everybody not just commuters. I rely on my car for work and socialising. I do not relish the thought of having to walk further on my own at night and would feel unsafe in the dark. My friends will have to pay to park outside my home when visiting me. Some of my neighbours are vulnerable and isolated and risk this isolation increasing due to parking charges. I rely on workmen for essential maintenance. They tell me they often decline jobs in areas with parking restrictions. Too much expense and hassle.
		I have never had a problem parking. I worked from home during the pandemic and still do this part of the time so tend to come and go during the day. What I do have a problem with I are motorists using Stafford Road as a shortcut which inevitably causes problems with the amount of traffic. One obvious solution to this would be to make the road a cul de sac which would have the added benefit of reducing commuter parking due to access and exit being less easy. The junction with Fitzwalter Road has long been a dangerous one as motorists tend to treat it as a continuation rather than a junction requiring the usual caution and observations. I believe the residents have campaigned long and hard for something to be done about this. I
Stafford Road	No/object	myself moved from  Fitzwalter Road last year where my flat had a parking space. Please reconsider the proposal as I don't want to regret my decision.  I really think it is a bad time to be charging residents that live here for parking permits with energy prices on a rise, along with fuel and household costs
		and now we have to pay parking for where we live?? Why can you not just charge the people that come to visit or use spaces to get to work? I really think this stinks this idea and its only sucking out more money from residents pockets. Can't believe your going to charge residents to park where they

	,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,	This scheme is misleading saying it is for Park Hill, the scheme covers most of Norfolk Park and areas where people don't park to commute into the city centre. There is no guarantee by implementing this scheme that residents will be able to park, if anything it will make the situation worse as there will be less spaces overall. Targeting the wider Norfolk Park area is a clear money making scheme and will do very little to ease parking or congestion.

		I would have to continue to park in this area if I was unable to park on my drive as I have no alternative.  I object to these changes because I do not feel they are necessary in this area and it feels like they would only penalise residents who live here; the only road I have observed having lots of cars parked on it is the bottom of Norfolk Road and the majority of these houses have drives on which residents can park their cars.  Even on match days I do not notice that many cars are parked on the streets.

		I live on Bard Street, and I understand that people do park in the car park to commute to the centre and this sometimes causes issues for residents to park. However, there are always spaces and I do not see why residents are now going to have to pay to park where they live. Permits should be issued to residents for free, we pay enough council tax (which is already increased yearly with many people not receiving pay rises to cover the difference) already and with the price of bills and fuel increasing immensely why are you proposing another financial outgoing for residents? Additionally, why is the price for a second vehicle double that of for the first vehicle? It is not unusual for a couple to have a car each. I'm sure the council will earn enough money from issuing fines and from people paying for parking to cover the costs of enforcement officers etc. this cost should not be put on residents of

Holdings Road	No/object	I see the issue with commuters as they tend to clog up streets with no concern but to get in to work and out without paying. This is a issue for some residents on some roads. It seems unfair though that us residents have to pay for their bad habits. Why not give residents one street permit FOC and then charge others. This seems to be a fairer option.

		The Town Edge Garage would struggle. Although they use up parking spaces, they do feel part of the community and it could have a big impact on them.
		We have been lucky however, and quite unique in the courtyard where we have controlled parking outselves but introducing these measures elsewhere

Norfolk Road,, Norfolk Road	No/object	parking spaces available as there would be double yellow lines preventing us from parking in front of our own house.
		We have complained before about the number of cars parking on Norfolk Road and the difficulties of driving down the road during the working day, when there is only one car width - so some solution would be very welcome. However, allowing non-residents to pay for all-day parking would probably
		not deter anyone and therefore not change the situation. It would be better to have maybe a 3-hour limit or much better as in other parts of the city
		some parking areas designated for permit holders only. It seems contradictory to get residents (if this is meant to be helpful to us) to pay for a permit
		and not guarantee a spot. I would be happy to pay for a permit if this were the case.
		We have a pull-in in front of our house, which people do not usually block so we can use the pull-in and allow a visitor to park on the road in front of that. Were there to be yellow lines across our pull-in, this would prevent us parking there or allowing visitors to do so - therefore counter-productive -
		making the situation even worse.
		In addition, the installation of pay and display machines, double yellow lines and (to some extent) parking signs would visually pollute our conservation

		resources on what would be a catastrophe for the area. Reasons as follows
		resources on what would be a catastrophe for the area. Reasons as follows
		1. Whilst I understand a few roads in the area do have a parking issue (Norfolk Rd being one), looking at the area suggested for this scheme, the majority of the roads in the Norfolk Park area do not have parking issues. I hope the level of objection to these plans from other residents will
		demonstrate this. I would question what reasons the proposed parking zone includes roads past Glencoe Rd, let alone up to St Aidan's Rd? I worry it is partly due to what minimum coverage would be needed to make this scheme financially viable for the council? This scheme should not be implemented at the expense of the majority of residents to satisfy the needs of a few residents nor for the purpose of adding an additional income stream for the council.
		2. would unfairly tax residents for parking on their own street, targeting one of Sheffield's less affluent areas. If we were to demographically compare the S2 area with for example S10 which has several parking permit zones in place, the average household in S2 earns around half of those in S10 (£27,560 vs £52,520) and unemployment rates are more than x3 higher (10.5% vs 3.3%). The S2 area also performs significantly worse in these figures compared to S7 and S11 where parking permit zones have also been implemented. Quite simply the average household in this area does not have the disposable income that these other areas do and would be hit much harder were this proposal to go head. And this would be on top of the cost of living crisis we're all struggling with and will likely continue to under this Conservative government. (demographic data source - https://www.postcodearea.co.uk/postaltowns/sheffield/s2/)
		3.It will damage the existing local businesses, discouraging customers from visiting the area and adding further costs to the business with the need for permits, and this being after the awful impact that Covid has had. It will also discourage further businesses from wanting to invest in the area, something that is very much needed.
		4.It will reduce the total parking spaces available causing further issues. This is not a simple case of permits means residents are guaranteed a parking space outside their own home, the restrictions suggested in this proposal will have knock on effects which I believe will worsen the parking situation. Having lived on City Road in the past, most of the residents with cars have to park on side roads (e.g. Fitzwalter Rd, Essex Rd) to avoid the restricted parking times as it's an urban clearway. There will simply be no space for everyone if bays are added. Having more recently moved to Ingram Road I can tell you there is no problem with parking here, even on football match days. Unfortunately, the worry of this proposal has already led to my next door neighbours moving to another neighbourhood. Residents with driveways are currently able to park in front of their drive if they have more than one
Ingram Road	No/object	car, if this parking scheme were to go ahead that would no longer be an option for them due to the addition of yellow lines in front of their driveway. Holdings Road,	No/object	disgusting. If its not broken don't fix it! We don't have parking issues on holdings road, Essex or Donnington Road.
		The provision for parking in the centre of Sheffield is inadequate and what is available is privately run and expensive, and such I park further away form

I would prefer to use public transport however the timetable for busses is prohibitive and the traffic is such that my supposed 45 minuet travel time is often 1hour 30mins with a young family my ability to return home promptly is required therefore I am forced

Skye edge avenue	No/object	I live on City Road, we have just spent £4,000 renovating the front of our property to allow a car to park on the drive. However, under the plans, our

		Furthermore, under the current plan, the road outside 33 City Road would have a parking place subject to a parking charge except for permit holders, Monday - Friday, 8am - 6:30pm. So someone could legally park outside my house, blocking my driveway!

		I do not understand why we need to have a controlled parking scheme, we are not classed as Park Hill do not know why we are part of this. What I find

		The soon to be implemented CAZ for the centre of Sheffield will I imagine reduce the demand for and therefore revenue from parking in the centre. By extending the charging area under your Parkhill and other schemes do you hope to recoup that lost revenue?
		Is this why your proposed parking scheme, has not considered a solely residents only parking scheme? A residents parking only scheme (with permission badges for visitors), a low cost and simple solution adopted by other authorities to combat city centre users clogging up neighbouring residential areas.
		The CAZ scheme will undoubtedly exacerbate the parking situation in the area immediately above the railway station and extend non-residential

Dalmore Road, Carter Knowle	No/object	She also doesn't mind people parking outside her house.  I think this proposal is disgusting, why should residents like myself who have lived here for over 20 years have to pay to park in front of their own
		houses. It's criminal. I OBJECT. The people who propose this wouldn't like having a dirty parking meter in front of their house. Most people have more than 2 cars in their household, what do we do with that??? £90 for a second permit that will probably go up is criminal and I hope sheffield city council
Tylney Road	No/object	crumbled if this happens. First energy bills council tax it's embarrassing. You bunch of money grabbers.
City Road	No/object	
		The area I live in has never had any issues with parking as everyone has a two car drive. The only money that would be made from the meters would be family and friends of residents. That would not be a significant amount of money and likely would take multiple years to recoup the costs of inputting
		the infrastructure necessary to set up the scheme. This is without taking into account the resources necessary to police the area.  As for the surrounding areas such as City Road and Norfolk Park Road ect, this does nothing to solve the issue of residents being able to park. To
		present an example, if person A parks on City Road and pays for parking. When Person B, a resident who has paid for their permit comes home from work later that day the parking space is still being used.
		As for the clean air zone increasing the amount of cars being parked in these areas due to people not wanting to drive into the city centre. Private
		vehicles are exempt from the clean air charge so this is a moot point.
		Research into the demographic of the residents and people who work in the local businesses. You will find that this is a historically deprived area with a lack of oppurtunity. People who are already going to be massively impacted by the imminent rise in fuel prices. So introducing paid parking and parking
		permits would only contribute to the current cost of living crisis.
		To present alternative solutions. You could subsidise the cost of the private parking already available in Sheffield City Centre as its knowingly under utilised. You could look into the areas where people drive into the City Centre and introduce park and ride in these areas. Alongside this you could
Manor Oaks Drive	No/object	improve the current public transport such as extending the tram and increasing bus services.
		The real reasons behind this guise of limited parking is to extort money from residents and our visitors to line SCCs pockets, the cost of living is going through the roof and charging people to park outside their own homes is an absolute joke. I don't know of anyone, residents or visitors, that can
Holdings Road	No/object	actually see the benefit of this proposal?! Shame on you SCC if this goes ahead.

		Please stop saying that this is wanted by the residents, there is nothing to be gained by us, this is obviously pushed by certain interests and not by those living and/or working here. 		require room to park. Age 21-30 year olds are already alienated due to high property prices, meaning, we cannot afford to live in our own houses and have to share a property through renting because of the current economical climate. I feel the parking scheme is another way of extraditing young
		professionals and forcing us further and further away from cities. The current scheme only allows for 2 car park spaces due to the 'lack' of spaces
		available. However without per determined spaces, you can allow many more cars to park in the area. I know there are many shared houses with commuting young professionals in this area. In already financially stressful times are you really going to force us to choose who gets to commute to

City Road	No/object	then that would get rid of the street parking issue that council are creating just another way of council making money unfortunately.
		Our parking problems around Park Hill are in relation to free on-street availability during working hours (9am - 5pm). Our staff cannot afford to pay for private parking due to the unaffordable tariffs in place, nor can the small business we run afford the very limited on-site parking for staff who commute.
		private parking due to the unanordable tarms in place, nor can the small business we run arrord the very limited on-site parking for stall who commute.
		Our business is based at Park Hill and as this becomes more populated, we believe residents and business employees around the site and connected
		roads should be prioritised and not penalised with further costs. Attention also needs to be paid towards future of Park Hill flats. The proposed zoning plans will negatively impact the area - making it harder to live, work and visit the flats that will hopefully become a destination for the people of
		Sheffield. Urban Splash + Sheffield Council have a vested interest in this area and shouldn't be adding further charges to residents who cannot afford
		permits via zoning. Two further sections of the Park Hill flats are still pre-development and accounting for future people and vehicles needs careful
		consideration, nearer the time. These zoning plans are in our opinion two or three years too early.
		I would also like to add that many workers, residents and visitors rely on their cars as a means of supporting their careers and their families, and adding
		further costs and stresses at such a difficult time for many people already battling rising council tax, interest rates, fuel costs, and general living costs
		would be unreasonable.
		I would support a scheme that allows for residents and businesses to park in close proximity to Park Hill for free. Heavily restricting on-street parking
		during day hours would be short-sighted and damaging for local businesses, local residents, community feeling and city centre footfall. Charges for
South Street, Park Hill	No/object	access and visitors in the future needs careful consideration, but only once Park Hill is fully occupied.
		I can currently park on Duke street for free between 9:30am and 4:30pm.
		I cannot afford private parking due to the high tariffs and availability at Park Hill, and the even higher tariffs in the City Centre.
		Local bus services are unreliable and unaffordable.
		In my opinion, adding further parking costs at such a difficult time (rising council tax, fuel and energy costs etc) would be unreasonable.
		If further costs are introduced, I like many others, will need to return to working from home. Or have to find work outside the City. This is damaging to
		businesses in the City Centre, lowering an already low footfall. I try to spend my lunch in local cafe's and businesses in the city, and support like this

		I have friends and family that I visit in the area and I've rarely had any issues parking. The public transport links from where I live to the area are very poor and expensive, so driving is the only real option. I'm obviously frustrated that as a result of these proposed changes I'll incur additional costs as a visitor, however far worse than that, the cost of a residence permit seems massively disproportionate per individual compared to potential administrative costs and it appears to me to be based on nothing more than profiteering on your part, which really is disgusting given the current cost of living crisis. This would significantly impact on the health and well-being of many people who make use of the building for activities and services. For some groups who pay a more commercial rental like slimming world, paid parking would reduce the numbers of people attending our site as they could have the same cost elsewhere which would make these groups unviable to run and would potentially lose further commercial revenue.  For many who attend the specialist support groups and day care services, this scheme would impact on them greatly as a number are disabled and require parking nearby. Should they be unable to park; not only from being unable to afford it, but due to the reduction in parking areas, this would have a significant impact on there health, mental health, and increase the risk of them becoming lonely and isolated.

Eyre Crescent	No/object	This is a ridiculous idea, and from what I've seen there is very little support for this. Cancel it and stop wasting our time and money.  I am in favour of any measures which reduce car use and encourage public transport use, which this scheme may do, and I am conscious that it has been proposed to address the parking problems which some residents of Norfolk Park may have. My concern with the scheme relates to charging for and restricting visitors parking. There is a high percentage of elderly residents in Blackwell Place, Court and Close in purpose built or accessibly retirement flats, many of whom rely on daily visits from family and/or carers. A number of my neighbours also rely daily on family for childcare.  Restricting and charging for visitors parking permits, and then requiring pay and display on subsequent visits, may prevent or impede this help, as the resident or family has to pay for the care, or carers (and family) may squeeze their visit into under 20 minutes to park for free, also restricting care. I appreciate the council may have measures in place to deal with these circumstances, such as carers permits, however this does not cover family and trying to apply for exceptions or extensions to the number of visitors parking permits is unnecessary hassle, and possibly unaffordable, for the residents
Blackwell Place	No/object	and their family.

		I have a number of objections to the proposal put forward in this scheme and how it has been communicated which will impact its introduction and has led to a lack of awareness and understanding of it impact upon people and the wider community. I understand why this proposal has been brought forward by the council but it is ill conceived. I have lived in two different regions outside of Sheffield which have had parking schemes and I am not against them in general but this scheme is full of contradictory and objectional proposals.
		The charging of residents for a each permit they require, charging resident for a visitor permit to a resident and charging people who visit the area to access the city is unlikely to reduce the amount of parking in the area when the price of the parking is less than facilities offered in town. All this will do is charge resident for the pleasure of the ongoing status quo. I have lived in an area where a resident parking permit was free for one vehicle to a household and where there was an annual payment at a considerable cheaper cost than that proposed. This had impact as the area was resident parking only. The proposal will not deter many visitors who use the area for access to work and the city centre as its cheaper than alternatives in public transport and parking. This scheme will just cost residents more money at a time when the cost of living is already having major consequences but not make any impact on their ability to park.
		It will impact resident who rely on carers who visit to support with childcare but also with elderly residents who rely upon support that is provided by family and friends. The communication of the need and cost for a visitors permit has been poorly communicated and left many who do not have a car but reliant on visitors to support them unaware of the impact of the scheme upon receiving the support they need. For this reason the communication of the proposal needs to be completed again as you have not provided people with the relevant information to make an informed decision on actions that will impact their wellbeing.
		The proposal shows little foresight to the need to move electric cars and the changes that are needed within infrastructure to support that move. There are options and changes that could be made to support this change by making certain bays electric charging points and only allow such cars to park in that area. This could be a source of income for the council.

Seablook Road	No/object	My concern about the parking scheme is that those of us who live in Park Hill flats will not be eligible and that this will put even more pressure and
		stress on us in terms of parking as more people will want to park around the flats if they cannot park on the surrounding roads. There are more and more people moving to the area and less and less places to park. My primary response to receiving notification of this proposed plan was one of disgust that yet again the council is looking to exploit the residence it is responsible for, for financial gain without providing services that we so readily require, time and time again we have seen as residence of this city how the council has, bowed to this government's cuts ensured that cost is passed onto the tax payer, along with costly and poorly considered contracts that there seems little accountably for.  I categorially state my opposition to this proposed scheme, not seeing it as any solution to the parking issue experienced by the few streets surrounding the station and Park Hill and being able to see other solutions available that the council have not considers (not surprisingly). Why have you have applied the scheme to such a large area when only a few streets are really affected? How can you justify this amount? This again makes me think that it is more about revenue generation rather than any form of real parking management. And if your response is: if we do only apply it to those affected streets it will just displace it to surrounding streets, then that proves in its very logic that it is not a viable solution, and most be reconsidered, displacement is not a solution providing facility is  It must be considered that on the inequality of this proposed scheme most of the affected streets have residence have off street parking (Drive ways) but there is a large proportion of affected addresses my self-included that do not have a property with the means to have a drive way and our only option is to be obliged to pay for parking outside our own property when we already pay both road tax on the vehicle and sizable council tax, please remembe

Stafford Road	No/object	I am a resident and am against parking restrictions being introduced. I am on a small income, am a father of two and with rising energy and fuel bills this will be another increase I cannot afford. I have no garage, so need to park on the street, and this appears just to be revenue-raising and unfarily punishes residents of Park Hill.

Fylney Road	No/object	I'd like to reiterate that I strongly object to the introduction of the scheme on our road and the surrounding roads Ingram, Seabrook and Stafford Road. As we have no issues with parking the introduction of a parking scheme that would require us to pay - particularly for two cars and potentially visitor permits - would be a real strain on our young families budget without bringing us any benefits. We rely on regular support from our family as well as have friends from our home ed circle visiting us for educational meet ups - many travelling to us via car. None ever having any issue parking near us. In conclusion, it would be a paid scheme that introduces issues with parking for us!

		WE WILL NOT BE PAYING A PENNY! towards this extornionate plan, if it is implemeted the charges will be deducted from my road and council tax! This is a product of Sheffield city councils balls up of the town centre, pointless one way streets / no parking zones / bus and taxi only lanes / blocking streets off for no reason (Devonshire street) I'm sure people who need mobility vehicles to get out and about must love you for that, half of the city centre is now inaccessable to them. It's because of these dimwitted decisions by the council that the city centre is dying. Then again I guess some over paid, under worked somebody has to jusitfy their job.
Granville Road	No/object	Where do you expect people who work in town to park without paying extortionate parking charges?. You've chased them out of town into our areas and now want to charge us for parking outside our own homes and your cock ups, no thanks!
		I am very angry about the proposed parking scheme we are an elderly couple who no longer drive and not very mobile. We relie on family and close friends to visit and provide some much needed close interaction especially with our young grandchildren, niece's and nephew's. The majority of our family and friends live outside of the proposed parking scheme. I would feel very guilty knowing that they would have to pay for parking everytime they visited. I wouldn't like to burden them with extra costs at a time when household bills and food prices are rising. I feel this parking scheme is a very bad thing to happen in my area.
		I also feel the parking scheme will also affect the amount of people who visit Norfork park for some much needed long walks/relaxation and well-being
		I feel very sad about this parking scheme and is making me very anxious.
Norfolk Road	No/object	Please reject this parking scheme.
		The following concerns are related to my objections of the scheme:
		- on my road (Ingram Road) parking is never a problem. I use my car currently for work (commuter to Huddersfield) and as a flexible/hybrid worker, I often leave and return home at various times within the day and never struggle to park my car.
		- the proposed pay and display meters and requirement of a permit concern me. I am concerned how this would impact the decisions of friends and family about visiting me. I am even more concerned for elderly/vulnerable people in the area and the detrimental effect that family/friends decision to not visit because of fees would have on their health and well-being.
		-i am wondering whether possible barriers to this scheme working have been considered, from a behavioural science perspective. I am thinking about my own experience and my own motivation to avoid spending money at parking meters, I.E pushing the problem of parking (where this exists - as mentioned it is not a problem for me on my road) to another area, making parking meters obsolete here - particularly since this area is residential, and in the immediate vicinity there are no shops/bars other local amenities unlike other parts of the city where people may pay (I.e sharrowvale/Hillsborough)
ngram Road, Sheffield S2	No/object	-I was thinking of getting an electric car, having read about the installation of street based chargers being trialled in some areas in the country, as somebody with no driveway, I was hoping this could have been a possibility in Sheffield at some point in attempts at creating a greener city with reduced emissions. The installation of parking meters, to me does not seem to support efforts or reflect motivations for the council to reduce emissions.

If parking permits are introduced in the proposed zone Parkhill Estate residents will be unduly affected. There are too few street spaces; as we cannot
		park on the majority of Duke St. during the peak hours and potentially won't be eligible for a resident's permit on other zonal roads. Which road would Parkhill residents be able to park on?  There is a clear disparity between the annual cost of a parking permit through the proposed Parking Zone circa. £47 to £94 per annum for residents in the wider area; versus the cost of parking as a resident at either of the two carparks at Parkhill Estate circa. £600-750 per annum, which does not guarantee a space to Parkhill residents either (which is absurd).  I would hope the Council will give consideration to this specific issue during the parking zone consultation. As this scheme could potentially leave

		While I believe the parking scheme is beneficial to deter the non-residents occupying as many spaces, I believe introduced paid permits for each household's cars is unnecessary. As I'm sure you can appreciate, we are currently experiencing a cost of living crisis with petrol and energy prices exceeding past records, for example. Many residents will be placed under significant financial strain from this already, therefore I believe it unjust to expect the additional costs of permits. I myself live in a rented household, and part of the decision to move into this property was the available parking, and no need for a permit. After the painful few years of complete isolation and reduced social contact due to covid that we all experienced, I believe most people are encouraging more visits from friends and family than ever. With the introduction of this scheme, this will also impact visitors, which is greatly unfair. I believe each house should be entitled to free permits, and visitor permits also. By the council placing fees associated with this scheme, it is clearly not just for the benefit of the residents, who may still not be able to park outside their homes, in spite of the permit. I appreciate the

Tylney Road	No/object	I think the proposal of the parking scheme to such a large area is ridiculous. I'm sure you'll have many objections to read through with many people saying the same thing. There is no issue with parking on Tylney Road or the surrounding streets.  Apart from this, the idea to then charge residents for a permit is insulting. At a time when the cost of living is the highest its ever been, you are proposing to take more money off people just to park outside there own house.  I have 3 dependencies and am the only person who works in the family, quite simply any cost is a cost I'm unwilling to pay.  If you would like to issue all residents with free permits, then charge people who work in the city, that might be a better that wouldn't get as much objection. As for making the city cleaner and greener, I haven't seen any vision to promote electric vehicles or increase the number of charging stations in and around the city.  This is overall a very poorly thought out plan that could potentially cripple people who are already struggling on a day to day basis.

We need to park outside our own property in any way that makes their and our life as easy as possible. Introducing permit parking will cause us stress due to additional cost and worry regarding whether we will still be able to park if other drivers can pay to park outside our own house. We also have many visits from NHS staff, physios, occupational therapists etc. Paid parking will make it very difficult for them to visit our property. This is an unnecessary scheme that will reduce property value, create financial difficulty for residents and increase stress during already difficult times where soaring costs are everywhere.

No point even trying to get round our estate or Granville road when there's a football match on at bramall lane or if it's school opening/closing time. It's limiting when we can actual leave our homes safely. Not to mention the abuse and snide looks you get off of school parents who block off the entrance to the estate when you try and squeeze your car through the small gap that is left. I Would not wish anyone on the estate to require the emergency services but in peak parking or pick up/drop off times it's near impossible to be able to get an emergency vehicle safely through. That being said, kier who built our homes was obviously aware of the parking issues that may arise from the location of the estate and still made areas of the estate only able to fit one car down despite being a 2 way system on a blind bend.  If any of us needed the fire brigade at peak times then we would be screwed quite frankly.  As for the council profiting off of using our estate as a paid for car park that's also ridiculous. Allow for only residents and their visitors to park and the safety issues would be solved.  But being honest, who's going to man the permits? I highly doubt the council will employ someone to check every car has paid to park, and the general
Castle Croft drive	Yes	public know this so the problem will remain a problem while ever the general public are allowed to park here.
Talbot Street  Castle Croft Drive	Yes	If we had to pay there would be no other choice as we live in this area.  The Castle Croft Drive community has been asking for a resident parking scheme to be put in place since 2015 and were very surprised the council had not made this an original condition of the planning consent for the estate. Many of the residents have been in contact with the council over the years including a large number of meetings held in the Town Hall with councillors and Terry Fox. We are glad that this is finally happening and the daily misery of speeding / badly parked cars and cars parked on the pavement blocking pram users will finally come to an end.
Norfolk Park, Beeches Bank		There are signs in Norfolk Park stating street parking on Beeches Bank please remove this as it only results in residents private allocated parking being abused

Ingram Road	Yes	you need people around you  I would continue to park here because it is my home. I totally support restrictions on parking. I would prefer it if it was permit only and not pay and display in my road. If introduced it needs properly enforcing. I think this fits with the wider environmental impact by reducing non residents from
Castle Croft Drive	Yes	driving into the city.  I'm in favour of restrictions but feel residents should be allowed parking permits to enable them to park near their homes.
Hyde Park terrace	Yes	The first two permits per house should be free, with replacements/extras charged a small fee.
Park hill- Robinson road	Yes	I would support parking controls to be in place Mon-Fri 8:00am- 6:30pm. Parking controls beyond those times feel unnecessary as the I feel the majority of the problem with parking is caused by people parking to access the town centre or train station during the day on weekdays. I feel that extending parking restrictions past 6:30pm on a week day or at any time on a weekend would penalise residents who may have people come visit them via car.  I don't believe residents or visitors of residents should have to pay, but I do believe the introduction of some kind of pay/permit for parking would make
Castle Croft Drive	Yes	it safer for residents
Granville road Sheffield	Yes Yes	I don't think residents should have to pay for their place as this penalises them.  Disabled drivers must be allocated specific parking spaces
NORWICH, SOUTH STREET, PARK		It would need to be affordable for residents and residents should be able to have visitor passes. If there was more provision for cycling and cycle parking then there would be less cars.

		Cars are often damaged due to street crime. As parking officers patrol the streets, when parking restrictions are in place, this will reduce this The charges need to be reasonable.  Some 'residents only parking' needs to be in place too.
S11 9FY Park Hill	Yes Yes	Building just 2 storey car parks would be helpful!
South Street, Park Hill	Yes	There has been an unacceptable rise in inconsiderate and dangerous parking, including pavement parking. The introduction of the controlled area scheme (if properly policed) is welcome  The increased number of vehicles in getting more problematic in our area. I would be happy to pay to alleviate this. I do have concerns that the scheme covers a wide area and objections from residents living further from town may prevent it going forward so I hope that there is a process for
Fitzwalter Road Cricket Inn road	Yes Yes	adjustments to the scheme to ensure that it can go ahead in the areas most affected.
Parkhill flats PARK GRANGE CROFT	Yes Yes	we need more parking for residents in the area with the huge number of flats
Crown Place, S2	Yes	
Norfolk Road,	Yes Yes	The above doesn't apply to me as I have a driveway so wouldn't have to pay. I resent having to pay to park in other parts of the city, near the centre, yet other people come to Park and park for free, filling up the whole street, and surrounding streets.  To support the residents, parking should be prioritised for them.
Crosspool	163	To support the residents, parking should be prioritised for them.

		As I said, each household should get a free permit. You don't make people I Sheffield with a drive pay to park, so why is it any different for people living in flats?
		And the parking restrictions on Dukes Street need to be removed. They make absolutely no sense to restrict parking for an hour in the morning and I'm
Long Henry - Phase 2 - Park Hill	Yes	the evening. There is never rush hour on that road at anytime, so I cannot see what that is there. It is just inconvenience for the sake of inconvenience
Talbot Place	Yes	A controlled parking scheme is required, however I do not believe charging the residents surrounding park hill is a correct solution. At the very least the council should react to park hill contractors using the residential parking around park hill.

dichece Road	163	My issue would be that if you only had to pay for parking Monday - Friday then it wouldn't stop our issues with students as they're also here many weekends or after the time of 6:30pm (as it says on the leaflet). I think it may be better to make our road completely private parking and give the option of permits to the residents on our street, that way it would stop students parking on our road and would allow employees (who work in town)
Old Street	Yes	pay for parking if they park here.
		Cheap or free parking is needed close to library and post office. Park Grange Croft	Yes	The parking scheme, if fairly implemented on ALL Park Hill roads, will make access to my land easier and increase the value of my home which has

		I fear however enforcement will mostly impact residents who already park legally and considerately, while little will be done to enforce against those parked inconsiderably on the pavement / causing dangerous obstruction.

Castle Croft Drive	Yes	I strongly support the proposed parking scheme - besides improving my quality of life and reducing the risks of blocking the street for emergency vehicles etc., it could be a source of revenue for the Council as there are a large number of drivers shamelessly violating road rules when they park here rather than pay for parking for Sheffield College, the station, etc.
		I think the permits must be affordable as in my household we are 3 young professionals who all have the travel for work. If the costs of the permits

		The proposed days and times of the parking restrictions will not necessarily help castle Croft drive with all the parking issues caused by non residents. Between Monday and Friday, there are non residents freely parking their cars to go to work/college but also frequently, there are football events taking place on evenings and weekends which also disrupt Castle Croft Drive. I would happily pay for a permit if the council made sure during events special

Bard Street	Yes	I actually think the parking should be 7 days a week 24/7 as parking on a weekend is as bad as through the week. There are times when emergency services would not be able to access the street due to the parking.
		I strongly support your proposal to introduce a controlled parking scheme around Park Hill. I anticipate this will help deter people who use this residential area as a car park for the city centre, rail station and college because it is currently free. This in turn will make for a more pleasant and less-polluted and -congested environment because it will reduce the volume of traffic travelling into and around the area. I am pleased you are proposing to include my Road, Glencoe Road, and a good range of roads from the city centre up to Skye Edge, to dissuade people simple parking nearby. I understand I would need to pay for a resident permit, but feel this is a reasonable cost to incur for the benefit the scheme should provide. I'd also like to know some more information and/or make suggestions for the scheme, including:
		* Is there a facility for guest/visitor permits to be available for family or friends visiting residents within the scheme boundary other than simply paying the £6.50? I have family who live outside of Sheffield but within a controlled parking zone and they are able to buy visitor parking permits when we visit at a lower cost than buying pay & display tickets.  * The scheme runs onto Manor Laith Road, but seems to end a short way up. Could this boundary be extended to cover the entrance onto Park Rifles allotment site? Drivers parking on this road often park over the entrance to the site, which makes it difficult for plot-holders to access the site.
Glencoe Road	Yes	Thank you for your work to propose this parking scheme.

		I have recently applied for a dropped kerb extension so our double driveway can be used effectively by 2 cars. I hope this won't be affected if the parking scheme is introduced? I'm a little concerned that if the parking bays are marked before the dropped kerb is authorised/implemented, the new
Donnington Road	Yes	bays might obstruct our access.
		All my family live away if they come to visit it is extremely difficult for them to park any where round here.  I think parking permits are needed. The amount of litter these non residents leave behind is appalling.
Talbot St	Yes	Does this mean that at weekends my neighbours won't have the right to park in their designated spot? I'm a little confused on all this?
	,	Leaflet in post indicated residents permits of £46.80 a year.
Norwich, Park Hill	Yes	Happy to support this charge if it means spaces are available. Concerns about unavailability persisting. Permit wont guarantee space?  I don't feel as though residents should have to pay to park outside their house. We already pay a large amount of council tax and with the rising cost of
Castle croft drive	Yes	living I think this is really unfair. Each resident should be issued with two permits.

		Understand the idea, bit expensive for visitors/trades people ?
		Could start the free parking a little earlier?, say 5.30 if the aim is to just discourage commuter parking, they will mostly be all day parkers who will already have paid the £6.50.
		Bit concerned that the managed areas will be set out as such to reduce the actual street parking, especially for those lucky enough to be able to afford a house large enough to accommodate a driveway, and therefor avoid all costs. British std turning circles for accessing driveways are very generous.
		Not much detail on your web page on the actual specifics just an outline of the area, there must be more, to enable a more informed response to this consultation.
SEABROOK ROAD	Yes	Do you have a review process to see if your plan actually worked ?
		No issues parking on street. I do not want parking restrictions on the back side of Norfolk park avenue as cars are parked blocking the driveway and I do
Shrewsbury Road	Yes	not want there to be a restriction on doing this. I do not want to pay for a permit to park nor do I  Will residents be able to buy books of Visitors permits as in other parking schemes in City. I can not see any reference to visitors permits in the Draft
		Traffic Regulation order. I see this as essential, particularly for residents who do not have their own vehicle and rely on carers/relatives and friends. It is
Castle Croft Drive	Yes	not reasonable to have to pay the Pay and Display rates to visit a resident.
Park Grange Croft Castle Croft Drive	Yes Yes	
		We are a car-free household, so are not affected by this directly.
		For this scheme to be fair:  Households should be issued with one free permit - for them or visitors. These should be non-transferable.
		Trouserious should be issued with one free permit - for them of visitors. These should be non-transferable.
		Although I support this scheme, as it may discourage car ownership, I am concerned that it would lead more people to convert their front gardens to

Norfolk Road	Yes	
Glencoe Road	Yes	I do not own a car
		I live at 76 Norfolk Road and have had a detailed look at the plan. At the moment as cars park on both sides of Norfolk Road I often cannot turn east out
		of my drive towards Fitzwalter Road, or back in from Fitzwalter Road. The particular problem is that cars park so close to the dropped curve, often
		overhanging the white H lines, meaning that the turning circle is impinged on. I also use a trailer making the problem worse.  The parking space as shown on the new plans, on the east to the exit of my drive is currently showing as approx 7.5 Meters, not enough for two cars
		according to normal planning. I would request that the space be reduced to 5M, ie, suitable for a single car and be moved east towards Fitzwalter Road,
Norfolk Road,	Yes	away from my drive entrance so that I can then manoeuvre to/from the east as mentioned above.
Swallownest	Yes	Park Hill area needs to have some sort of control, but I strongly object to have to pay to visit and look after my elderly relative because of inconsiderate commuters parking up for free then going to work in the city centre.
		What are the arrangements for tradespeople working on properties? e.g. if a resident needs a builder, plumber etc. at short notice do they need to buy
		a parking ticket? Would the green parking permit allow parking free of charge?
Talbot Place	Yes	I think a higher parking price is needed for non residents, as £6.50 a day seems low and may encourage commuters to continue to park and ride.

		In principle I support a scheme that allows residents and their visitors to be able to park easily and safely near to their properties. But what I would say
		is:
		* I'm not convinced how much commuter parking is taking place on either Hyde Park Walk or Terrace. More residents have vehicles and work vehicles
		and 2nd cars etc. In that sense it feels like the residents/visitors will now be charged but wont get any of the benefits of the scheme. Its being grouped
		with much busier main roads that clearly have a commuter parking problem and that seems a little unfair. A ban on work vehicles might help as they
		take up a lot of room and could possibly be left at work premises overnight instead? For example there is a large SCC works transit van regularly parked
		overnight and other similar vehicles with company logo's.
		overnight and other similar vehicles with company logo s.

		* As caring for somebody essentially saves the local authority resources in more than one sense, I would object to having to pay to park whilst I was
		providing that service. Yes we would visit our relative in any case but not every day of the week as we do in order to provide the care she requires. I'd
		also like to see the proposed times changed to earlier on in the evening as we tend to call in on our way in from work at 4:30pm and most commuters
		would not benefit from free parking that late in the day I am sure?
		* The cost of the scheme would impact heavily on whether my relative would support a scheme or not. The information online mentions that road tax
		and council tax pay for many things and what the cost of the scheme would cover but the bottom line is that this area is occupied by low income
		households who have previously never had to pay to park their vehicles. There is a cost of living crisis ongoing and the recent budget announcements
		have done nothing to abate those problems. Adding another burden to the residents pockets seems ridiculous and when they can't pay for the scheme
		and inevitably pick up a fine that they then cant pay, the local authority have paid to implement the scheme, paid to enforce the scheme, paid to
		invoice for fines and paid to chase debt that they will never recover. Isn't it then the residents of the entire city that will pay? My relative would rather
		see her council tax pay to care adequately for older people, for the police to clean up the drug dealing issues that are rife in that area or for somebody
		to enforce the shoddy housing associations that are clearly all about the profit, despite apparently not being so.
		* Would the scheme impact on deliveries/tradespeople? I think I read online that they would have to apply for a pass? Would there be a cost to that?
		Would that cost potentially be passed onto the residents again?
		* If residents have care staff visiting their properties several times per day, would there be a cost to those staff/companies and would that be passed

I wish to also add that I am currently taking driving lessons and intend to buy a car in the next year. I do not, however, believe that I have an inherent right to store that private asset on public land for free. Filling our streets with increasingly large cars and trucks has an impact on everyone, and as an able bodied person, I expect to pay to park in the street, and to have parking rules rigorously enforced. I hope that pavement parking will soon be made illegal and the dignity of human beings (not cars) trying to move in our communities is held as the highest priority when making future planning decisions.

I wish to also add that I am currently taking driving lessons and intend to buy a car in the next year. I do not, however, believe that I have an inherent right to store that private asset on public land for free. Filling our streets with increasingly large cars and trucks has an impact on everyone, and as an able bodied person, I expect to pay to park in the street, and to have parking rules rigorously enforced. I hope that pavement parking will soon be made illegal and the dignity of human beings (not cars) trying to move in our communities is held as the highest priority when making future planning decisions.  I have a particular concern about the inclusion of a different issue within this consultation about a controlled parking scheme. We currently can't park outside our home 8-9.30am, 4.30-6.30pm Mon-Fri. The plans change this to 7.30-9.30am and 4-6.30pm. This clearly makes parking close to our home more difficult. For example, we regularly leave the vehicle in City Road overnight on a Sunday, to move it at 8am on a Monday morning, which fits our schedule. To change this to 7.30am means we would need to move our vehicle the night before onto a neighbouring street - adding to the parking issues already there.  2. 		I broadly welcome the scheme but have a number of concerns:
		1) Currently the urban clearway operates 8:00 -9:30 &16:30 to 18:30. Mon to Fri.
		The plans show this is changing to 7:30-9:30-16:00-18:30. There is nothing to indicate why this is changing. Our part of B6070 City Road below Granville
		Rd has much less traffic than other roads such as Abbeydale Rd which has the extended urban clearway times. This extended time will adversely affect
		my household I formally object to this part of the proposal. The proposed change to urban clearway times should be subject to a separate consultation
		not part of the parking scheme.
		2) It is not clear if the £16.25 for 25 single use visitor permits is in addition to being able to purchase a 2nd permit. This must be the case otherwise it
		would prevent family & friends from parking.
		3) There is reference to trades people being able to obtain temporary permits . This would need to be easy & quick to do as repair companies need to
l		attend quickly for urgent repairs eg heating breakdowns
City Road	Yes	4) Many properties are HIMO properties with 5 or more single tenants. Could 5 tenants and there partners buy a permit up to 10 per property needed
		I would prefer it to be controlled parking in my area as it would encourage residents to park on their own property. It may also lead to some people
		reducing the amount of cars that they have which would be better for the environment.
City Road	Yes	I think that the money raised from the permits/fines should be used to install EV charging stations in the parking bays created in the controlled areas.
Granville Road	Yes	This that the money ruised from the permitsy lines should be used to instance the find state of the permitsy lines should be used to instance the permitsy in the permitsy lines should be used to instance the permitsy lines should be used to

		Vehicles often park on Donnington Road on both sides of the road, and too close to driveways. (My address is Norfolk Park Avenue, but vehicle access i

		would strongly support the introduction of parking controls to reduce problem parking.
		In addition, I would very much welcome a 20mph speedlimit on Donnington Road, and enforcement of the no right turn/no left turn signs at the top

		This is a badly constructed survey, which does not offer the ability to capture a wide range of views. On the question, where do you park your vehicle,
		there was no option for 'on my driveway', which many residents in Norfolk Road can benefit from. I answered question 9, and the survey then moves to
		question 26. Where are the other questions? This issue is a contentious one, and anyone could anticipate that there would be strong views. It seems to
		me that you are not capturing the positive views, or rather, not giving any platform for them to be collected. I dearly would like the roads to be clearer,
		less polluting, less litter [as many users of the road are careless and leave fast food litter when they take their vehicle away]. What about the views of
		cyclists, trying to navigate the one lane that Norfolk road becomes when the litter bin lorry is in the road? I could go onI am afraid that this scheme

Some of what it says is not true, but I am afraid that this vocal group may adversely affect any chance we have of ameliorating what is a very unsatisfactory parking situation in my residential street and those adjoining.  I dont feel I should pay for parking outside my mums house, As I said before she as lived there years and It should be a no parking zone to none residents and the residents should be aloud a free parking permit per household registered to the address to display as all times. So if a another member of family visits they can use it. The parking problem as only happened because the council have put restrictions on the city centre So they park around this area and either walk into town or bus in. We should not be made to pay more to the council when they have caused the problem in the first place  please keep me informed  I worry that displaced commuters will park in the SIP managed private car park at Park Hill flats and that this will lead to difficulties for residents here

Mum has owned her flat for 32 years, I used to live here before I got married in 1991. It's always been free for residents to park. Will the new scheme still allow free parking for residents or in mum's case her daughters who provide care for her on a daily basis?  I am happy for you to keep me informed via email.  I would have to pay to park near my home. Not good for a woman travelling on her own.  I can't see how causing a problem for far more people is seen as a plausible solution for far fewer people.  As you do not enforce the parking restrictions outside the school on Manor Lane or the no right turn at the top of Donnington Road or the speed limit on said road I have grave doubts about your capability to enforce this project which many people (the MAJORITY), do not want!  There are other ways of solving this problem, but they would not swell the coffers of Sheffield's Labour Council. I think that most people reali

Pat Midgley Lane	Yes	
. at magicy tune		I can support a reasonable controlled parking scheme if it is fair to residents and does not contribute to preventing people from all over spending time
Park Grange Croft	Yes	in the town centre - maybe some central Park and ride schemes could help and by this I mean ones close to the town centre.
		Why are residents having to pay for a problem caused by others? Why not just issue 2 permits to each property requesting parking and ask them to
		display in vehicles then use a traffic warden to enforce? Don't bother with cluttering our roads with parking meters signage etc. It's bound to result in
		less available parking than we have now and is another extra cost for city residents which are not incurred by residents who live further out in the
		leafy suburbs.
		Also very difficult to answer Q26 and Q27 without you using the answers out of context. I have a car so I would still have to park it in the area no matter
Glencoe Road	Yes	what you inflict on us. See above re parking scheme which would be answered yes but not the one you are proposing.

Castle Croft Drive	Yes	Right now, my parking issues are minor. However, given the long-term city regeneration plans, I would like to bullet-proof my street Blackwell Place
		and create a safe and secure parking zone for me and other residents of my densely populated 40 flat zone. Ideally, I would like to eliminate the
		opportunistic-parking altogether.
		If instead, sing poweris modeling release models is 24/7 day, and night A mounts for the proposed because in a fine value / pointless (Your it at the agent
		If introducing permit parking, please make it 24/7 day and night. A permit for the proposed hours is of no value / pointless. Keep it at the same

		My queries are as follows:
		The flats 1 to 74 Blackwell Place are privately owned and each have individual private owner- led contractual repair and maintenance needs as and
		when they fall due. Each flat of the 4 buildings is independent to the rest.
		when they fail due. Each hat of the 4 buildings is macpendent to the rest.
		My flat is a fixer-upper and in need of significant works - corner to corner.
		Have de Lacares visiteur / deliveries / have belongedied and / contractors with an decreasing lacare half are allowed as a contractors.
		How do I manage visitors / deliveries / home-help, medical care / contractors private and communal (eg. builders, plumbers, maintenance workers, cleaners, caretakers.)
		When I sell up and move away, is my permit (unused part) transferable / refundable?
		Miles de la fachale and advisa an acceptance 2 (Carafacha and face for a face (Carafacha and face)
		Where do I go for help and advice on your parking scheme? (I prefer to pay face to face for my financial security.)
Blackwell Place - 40 flats - adjacen	Yes	(Thank you for the opportunity to feedback to you.)
Castle Croft Drive	Yes	(Thank you to the opportunity to recastic to you)
Norfolk Road	Yes	
		I have been concerned that quite a few vehicles have been broken into recently. I think that this is because non-residents are less careful about not
		leaving things on display in their cars. There are also lots of cars driving about trying to find spaces, which makes the streets less safe than they would
		be with a scheme. There are also incidences of cars speeding on Talbot Street, Shrewsbury Road, Norfolk Road and Fitzwalter Road. It would be good
		to introduce speed bumps to reduce this, and limit the through traffic on Fitzwalter Road and Stafford Road. An Active Travel Neighbourhood would be
Norfolk Road	Yes	a good idea in this area, to co-incide with a parking scheme. Enforcement needs to be an necessary part of the new scheme.
Norfolk Road	Yes	
		As I said previously, I Do not believe residents should pay to park outside their own homes, I do believe that people who commute into Sheffield and
Granville road Sheffield	Yes	use the area to park for the day/work etc should have to pay to park their to maybe discourage them taking up all the spaces
		If we knew we could always get in and out of the driveway due to reduced parking on the street we would only need to park one car on street.
		My tenants at 4 adjacent properties would be able to have residents permits as part of their contracts.
Norfolk Road	Yes	There is a lot of opposition to this from other streets but I think Norfolk Road really needs it.
Norfolk Road	Yes	
		I have recently been in hospital due home today I completed my disabled bay application weeks ago so I will bring the application to howden house on
Hyde park terrace	Yes	Tuesday in person so hopefully can get it sorted
Castle Croft Drive	Yes	
Fitzwalter Road	Yes	
Castle Croft drive	Yes	
Castle croft drive	Yes	
Norfolk Park Avenue	Yes	Great idea!
		I put yes to continuing to park in Park Hill if I had to pay.
		This is because where I live does not allow many cars to park here overnight including mine. I find it useful at present to continue to own a car as I do
		some work for a charity for which a car is useful as well as other more personal reasons.
Shrewsbury Hospital, S2	Yes	Not sure how this would work for visitors.
