Matters Reserved to All Policy Committees

Strategic Service and Financial Planning and Review

Contracts

Agreeing the commission or purchasing decision and the budget on any given requirement is reserved to a Policy Committee except where the proposed course of action is a contract which:

- is within available budget (including any proper virement) and does not, in the opinion of either the Chief Finance Officer, significantly affect the Council's overall budget strategy;
- is not contrary to any duly approved policy of the Council;
- is not a significant departure from a relevant Council Service Plan;
- has with a service delivery period of 4 years or less; and
- (a) has (or, is expected to have) a Contract Value which does not exceed £250,000 or (b) is for Commonly Recurring Items.

'Commonly Recurring Items' means (a) those things which the Council routinely purchases to enable the continuation of its day to day business activities (such as for example office supplies, fuel, utilities, IT support, travel and transport services, maintenance supplies and protective clothing); and (b) services purchased by the Council for which there is a constant need and where a break in provision could lead to the Council incurring a legal liability for breach of duty (such as for example adult social care services); but it does not simply mean

any thing or service of a kind which has been purchased by the Council, whether from the same or a different supplier, by way of a previous Contract.

After a Policy Committee has made a reserved commissioning or purchasing decision, procurement and contracting decisions are reserved to Committee only if:

- It is proposed that the contract is not awarded to the person submitting the most economically advantageous tender decided by reference to pre-determined award criteria, where payment is to be made by the Council, or the highest, where payment is to be received by the Council, unless the decision maker has decided on a single tender procurement strategy for the contract; or
- The contract is not within the approved budget (including any proper virement); or
- Award of the contract would contravene a Council policy; or
- Award of the contract would represent a significant departure from a relevant Council Service Plan.
- A variation of an existing contract results in:
 - An increase in contract value of more than £250,000;
 - An increase in service delivery period of more than four years;
 - A significant effect on Council's overall budget strategy; or
 - It is not within the available budget, contravenes policy or is a significant departure from a service plan.
- There are any additional procurement requirements imposed by an external funder which require consideration by the Committee

Council Supply Agreements

A Council Supply Agreement is a contractually binding agreement under which the Council agrees to provide works, services or supplies to a third party in return for payment, in money or in-kind, otherwise than in fulfilment of a statutory duty, but does not include an agreement under which the Council receives grant aid.

The decision to enter into a proposed Council Supply Agreement or to agree a variation where one of the following criteria applies or to terminate an existing Council Supply Agreement which fulfils any of the following criteria is reserved to the Committee:

- in the opinion of the Chief Finance Officer it would significantly affect the Council's overall budget strategy;
- in the opinion of the either the Chief Finance Officer or the Chief Legal Officer it would involve a significant level of risk to the Council;
- it would require the Council to incur gross expenditure in order to discharge its obligations under the agreement which is (a) reasonably anticipated to be in excess of £100,000 or (b) not provided for in a relevant budget;

- it would involve the Council in receiving payment the value of which is reasonably anticipated to be in excess of £250,000;
