1 Why don't you go to Hillsborough Park to use the large tarmac sports area?

Too far away

Worried about other kids there

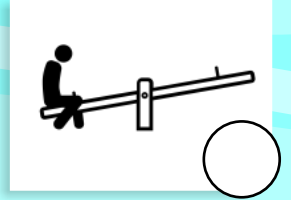

There's no space to play

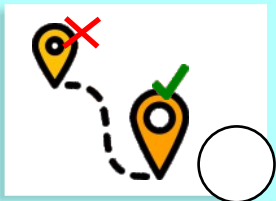

I don't feel safe

Nothing to do there

My friends don't go there

I go to a different place

Some other reason? Tell us

2 Would you use the large tarmac area to do any of these things?

Tick as many as you want

Football

Biking

Cricket

Basketball

Scooting

Seeing friends

Something else? Tell us...

3 Is there anything you would change about the large tarmac area that would make you use it?

Sheffield City Council want to ask you about a...

Multi-Activity Hub

We would like to change how things are set out at Hillsborough Park.

This is what it looks like at the moment ?

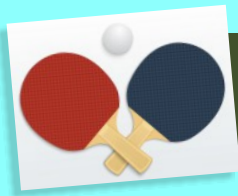

There are:
4 tennis courts
1 large tarmac sports area

We are thinking of making the large tarmac area a bit smaller so we can fit in some new things for people to do. It would look like this. ▼

We want to fit in some new things for people to do. There would be:

An area for table tennis, basketball shots and playing

Tennis courts

Padel tennis courts

Mini golf

People would have to pay money to do these 3 things!

We also want there to be:

- ▶ Toilets
- ▶ Café with food and drink
- ▶ Indoor activity space

You would still be able to use the MUGA (multi use games area) to play football and basketball for free.

At the moment other groups, like the Sheffield Cycling For All group, use the big tarmac area to ride bikes on. They would keep using the MUGA in the day time.

This would be the new MUGA

4 If the MUGA was being used, are there other free activities you would want to do in the park and in the multi-activity hub?

Tick a number between 1 and 5 for your answer: **1** = Definitely not! **5** = Yes! I want to

Something else that would make the park better? Tell us...

7 Which one would you choose for Hillsborough Park?

Option A

- Keep the park as it is.
- This means you keep the large tarmac sports area, next to the tennis court area

Option A

Option B

- Build a new multi-activity hub with a high quality MUGA.
- The big tarmac area would be smaller.
- There would be new things to do in the park.

Option B

Option C

I'm not sure
