Week 2

Week 3

Week 4

- Replacement black bins cost £32 (unless damaged during collection)
- Larger black bins are available for household of six or more people (by application)
- Bins should be at the kerbside by 7am on collection day
- Veolia will return for missed collections where they are at fault or general access issue
- We use in-cab technology to record bin presentation
- All collection vehicles are fitted with CCTV
- Assisted collection policy (age or ability not able to present bins)
- Garden waste collection service provided from March – November with collections every two weeks (£61.10 full service)
- Council Housing & some social landlords provide first bulky collection free
- Services at flats can vary in regards to bins used, collection frequency, but the services are still based on our capacity policies

All our policies are available here....

- £80m+ build cost
- Ensures we achieve landfill less than 1%, amongst best in UK
- Receives all our black bin waste
- Capacity for 245,000 tonnes of waste a year, approx. 120k tonnes of SCC waste, plus surrounding area commercial waste & some neighbouring areas household waste
- Provides heating through District Energy Network
 - Approx. 45km of pipeline exporting 60MW of thermal energy for heating and cooling to 150 buildings across city centre.
 - Up to 19MW of electrical energy exported to the grid
- Saves around 50,000 tonnes of carbon compared to using fossil fuel

- The MRF separates the different grades of paper and card
- The sorted paper and cardboard is baled and sent to paper/board mills to be recycled (UK and Internationally)
- 98% of received material is recycled, very low contamination
- But our paper and card recycling rates are stagnant only very minor uplift during lockdowns
- Brown bin contents go through a similar facility designed for separating those materials

There are five Household Waste Recycling Centre's (HWRCs)

- Shirecliffe, Beighton, Gleadless, Deepcar and High Green
- Free of charge disposal for a range of domestic waste and recycling
- Van Permit scheme in place to help manage risks of trade waste getting onto site
- Not licensed for trade/ commercial waste
- All open Fri- Mon: 9.30am – 5.30pm, changes to 09.30am – 3.30pm from 1st October
- Only Shirecliffe open 7 days a week

	Recycling	Composting	ERF	Landfill
2019/20	27.52%	5.45%	66.77%	0.21%
2020/21	27.87%	4.82%	67.00%	0.31%
2021/22	28.22%	5.15%	66.58%	0.05%
2022/23	28.18%	5.17%	66.64%	0.01%

- Our recycling rate is very strong in comparison to other core cities & our south Yorkshire neighbours
- 2020/21 we collected around 10,000 tonnes more waste last year than year previous – in no small part due to lockdowns, working from home changes etc
- Circa 13m bin collections in 2022/23
 - 99.96% completed on scheduled day
 - most of the missed collections relate to access/roadworks
- Less than 300 incidents out of 13m collections in 2022/23 where Veolia failed to return for collection within agreed timescales

Waste Collection Consistency (Simpler Recycling)

Designed to improve the quantity and quality of what is recycled

- collect the same set of core materials from all households, this will include all plastic packaging
- provide weekly food waste collections

Extended Producer Responsibility

- Improves upon previous legislation to make producers responsible for the whole life costs of packaging materials
- Intended to move the cost from the public purse to the producers
- Proposes clearer labelling of materials to ensure better recycling segregation

Deposit Return Scheme

- Intended to help improve recycling by placing deposit value onto key materials (like drinks bottles) that are only refunded when returned to a recycle point

The waste portal allows residents to see collection information for their property
 Developed with Veolia using live data from collection vehicles to show the status of
 collections and record any collection issues

Allows residents to report issues, request replacement bins, purchase garden waste
 services or bulky collections and set calendar reminders for their collections.
