

Report to Transport, Regeneration and Climate Policy Committee

24 July 2024

Report of: Director of Policy and Democratic Engagement

Subject: Committee Work Programme – Transport, Regeneration and Climate

Author of Report: Rachel Appleyard, Principal Democratic Services Officer

Summary:

The Committee's Work Programme is attached at **Appendix 1** for the Committee's consideration and discussion. This aims to show all known, substantive agenda items for forthcoming meetings of the Committee, to enable this committee, other committees, officers, partners and the public to plan their work with and for the Committee.

Any changes since the Committee's last meeting, including any new items, have been made in consultation with the Chair, and the document is always considered at the regular pre-meetings to which all Group Spokespersons are invited.

The following potential sources of new items are included in this report, where applicable:

- Questions and petitions from the public, including those referred from Council
- References from Council or other committees (statements formally sent for this committee's attention)
- A list of issues, each with a short summary, which have been identified by the Committee or officers as potential items but which have not yet been scheduled (See Appendix 1)

The Work Programme will remain a live document and will be brought to each Committee meeting.

Recommendations:

1. That the Committee's work programme, as set out in **Part 2 of Appendix 1**, be agreed, including any additions and amendments identified in **Part 1**;
2. That consideration be given to any further issues to be explored by officers for inclusion in the next work programme report, for potential addition to the work programme; and

3. That any referrals from Council (petition and resolutions) detailed in **Section 2** of the report be noted and the proposed responses set out be agreed.

COMMITTEE WORK PROGRAMME

1.0 Prioritisation

1.1 For practical reasons this committee has a limited amount of time each year in which to conduct its formal business. The Committee will need to prioritise firmly in order that formal meetings are used primarily for business requiring formal decisions, or which for other reasons it is felt must be conducted in a formal setting.

1.2 In order to ensure that prioritisation is effectively done, on the basis of evidence and informed advice, Members should usually avoid adding items to the work programme which do not already appear:

- In the draft work programme in Appendix 1 due to the discretion of the Chair; or
- within the body of this report accompanied by a suitable amount of information.

2.0 References from Council or other Committees

2.1 Any references sent to this Committee by Council, including any public questions, petitions and motions, or other committees since the last meeting are listed here, with commentary and a proposed course of action, as appropriate:

3.0 Member engagement, learning and policy development outside of Committee

3.1 Subject to the capacity and availability of councillors and officers, there are a range of ways in which Members can explore subjects, monitor information and develop their ideas about forthcoming decisions outside of formal meetings. Appendix 2 is an example 'menu' of some of the ways this could be done. It is entirely appropriate that member development, exploration and policy development should in many cases take place in a private setting, to allow members to learn and formulate a position in a neutral space before bringing the issue into the public domain at a formal meeting.

2.2 Training & Skills Development - Induction programme for this committee.
