

Addendum to Equality Impact Assessment EIA 2589

14/08/2024 UPDATE RE: FRIENDSHIP WITH NABLUS -

Subsequent to the submission of this EIA, direct contact has been made with an Officer employed by Nablus Municipality for due diligence purposes and as a means of better understanding the make-up and remit of their political structures.

Discussions also enabled an exchange in respect of potential areas for collaboration.

These discussions have enabled a report to be drafted, which includes the proposed wording of a Friendship Agreement, for consideration by Strategy & Resources Policy Committee on 29 August 2024.

Once the wording has been agreed and a Friendship Agreement has been signed, we will continue to monitor the situation, ensuring that any necessary amendments or additions to this EIA are effected, as appropriate.
