

Report to Communities and Neighbourhoods Transitional Committee 12th October 2021

Report of: Policy & Improvement Officer

Subject: Introduction to Transitional Committees

Author of Report: Deborah.glen@sheffield.gov.uk

At its Full Council meeting in May 2021, Sheffield City Council established 4 Transitional Committees on a politically proportionate basis, including representation from Executive Members; to help the Council begin to work within a system where all parties' views are taken into consideration when making decisions or setting policy, as we move towards implementing a Committee System in May 2022.

As Transitional Committees are now beginning their first round of formal meetings, it's a helpful introduction and starting point to set out the role and purpose of Transitional Committees, to ensure a shared understanding as the Committees begin their work.

The attached briefing sets out what Transitional Committees are, how they are intended to work and how they relate to other structures within the Council for the Committee to discuss, note and draw on as it starts to develop work plans and ways of working.

The Committee is being asked to:
