---

Transitional Committees are being introduced to provide an early opportunity for Members to work on a cross party basis, advising the Executive in advance of decisions being made, as we make the transition to a Committee System in 2022/23.

### **Work Plan**

Transitional Committees are advisory to the Co-operative Executive. It is therefore important that the workplans focus on key topics for the administration, aligned to the One Year Plan; and are achievable within the capacity of Transitional Committees – approximately 6 meetings during 2021/22. Transitional Committee Chairs and Executive Members have been in discussion about priorities for Transitional Committee consideration, and these are set out in the attached draft work plan. It will come to each meeting of the Transitional Committee for consideration and discussion.

### **Ways of Working**

A key role of the Transitional Committee is to trial new ways of working, and use the feedback from this to help the Governance Committee decide on the final model, including ways of working, to recommend to Full Council prior to the transition to the Committee system of governance in May 2022.

### **The Committee is being asked to:**

Consider and comment on the draft work plan for the Education, Health and Care Transitional Committee.
