Anti-Fraud and Corruption Policy Statement

1. This Statement sets out Sheffield City Council's (the Council's) policy in relation to fraud and corruption. It has the full support of both the Council's senior management in the form of the Senior Management and elected Members through Audit and Standards Committee.
2. The Council takes its responsibilities to protect the public purse very seriously and is fully committed to the highest ethical standards, in order to ensure the proper use and protection of public funds and assets. To achieve the objectives set out within the Corporate Plan, the Council needs to maximise the financial resources available to it. In order to do this, the Council has an ongoing commitment to continue to improve its resilience to fraud, corruption and other forms of financial irregularity.
3. The Council advocates **strict adherence** to its anti-fraud framework and associated policies. A **zero tolerance** approach to all proven to fraud and corruption in all of its forms is taken. The Council will not tolerate fraud or corruption by its councillors, employees, suppliers, contractors, partners, service users or members of the general public and will take all necessary steps to investigate all allegations of fraud or corruption and pursue sanctions available in each case, including removal from office, disciplinary action, dismissal, civil action for recovery and/or referral to the Police and/or other agencies. The required ethical standards are included in our Members' Code of Conduct and Officers' Code of Conduct, with both documents forming part of the overall Constitution of the City Council.
4. Sheffield City Council fully recognises its responsibility for spending public money and holding public assets. The prevention, and if necessary the investigation, of fraud and corruption is therefore seen as an important aspect of its duties which it is committed to undertake. The procedures and also the culture of the City Council are recognised as important in ensuring a high standard of public life.
5. The Council's general belief and expectation is that those associated with it (employees, members, school governors, service users, contractors and voluntary bodies) will act with honesty and integrity. In particular members and employees are expected to lead by example and will be accountable for their actions.
6. The City Council will take steps to help ensure high standards of ethical behaviour are adopted in partnerships of which the City Council is a member.

This will be done through applying appropriate elements of this framework to all partnership working, where it is relevant to do so. With regard to partnership working, responsibility for Codes of Conduct and policies of this nature (and so for enforcement action for breach of those codes or policies) generally lies with the relevant individual organisation in the partnership. Where appropriate, the City Council will draw the attention of the partner organisation to its concerns.

Anti-Fraud Framework

Introduction

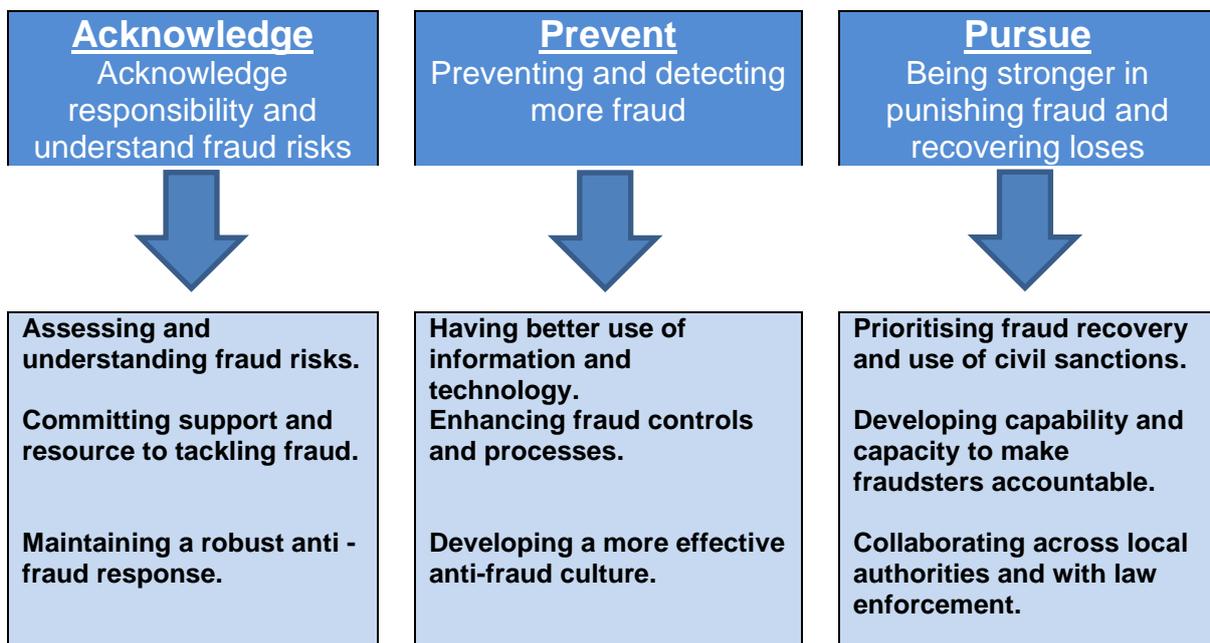

1. This framework is designed to give an overview of the arrangements and policies regarding the anti-fraud work of the Council. It is supported by a number of additional documents which together allow the organisation to develop a broad and coherent approach to the prevention, detection and investigation of potential fraud and irregularities across the Council.
2. Sheffield City Council (the Council) advocates **strict adherence** to its anti-fraud framework and associated policies and adopts a **zero tolerance** approach to all forms of fraud, corruption and theft, arising both from within the Council and externally. The Council recognises that fraud and other forms of financial irregularity can:
 - Undermine the standards of public service that the Council seeks to achieve;
 - Reduce the level of resources and services available for the residents of Sheffield; and
 - Result in major consequences which reduce public confidence in the Council.
3. This framework defines both the proactive and reactive components of a good practice response to fraud risk management. It sets out the key responsibilities within the Council with regard to fraud prevention, what to do if fraud is suspected and the action that will be taken by management. The framework provides overarching governance to the Council's suite of counter fraud policies and procedures which include: -
 - The Council's Constitution
 - Members' Code of Conduct
 - Officers' Code of Conduct
 - Guide to Managing Fraud Risks
 - Fraud Response Plan
 - Financial Regulations
 - Financial Protocol
 - Financial Framework of Accountability
 - Contract Standing Orders
 - Financial Procedure Rules
 - Whistleblowing Policy
 - Gifts & Hospitality Policy
 - Policy on the Declaration of Personal Interests
 - Anti-Bribery Policy
 - Anti-Money Laundering Policy
 - Information Security Policy
4. This Strategy adheres to the CIPFA Code of Practice on Managing the Risk of Fraud and Corruption 2014 (the Code). The Code requires leaders of public sector organisations to have a responsibility to embed effective standards for countering

fraud and corruption in their organisations, in order to support good governance and demonstrate effective financial stewardship and strong public financial management.

5. The five key elements of the CIPFA Code are:

Acknowledge the responsibility of the governing body – in the Council’s case Elected Members and the Executive Management Team – for countering fraud and corruption.	<p>Acknowledge</p> <p>Prevent</p> <p>Pursue</p>
Identify the fraud and corruption risks	
Maintain an appropriate anti-fraud and corruption strategy	
Provide resources to implement the strategy	
Take action in response to fraud and corruption	

6. Sheffield City Council has developed its Anti-fraud and corruption framework under these three key themes: Acknowledge, Prevent and Pursue, these form the basis of the Council’s work to reduce fraud.

What does the framework cover?

7. The framework covers the Council’s response to fraud, theft and corruption. It also covers the areas of bribery and money laundering.

The framework in practice

8. The Council has developed a framework of processes and policies which, when implemented appropriately, allow services to demonstrate that an anti-fraud culture is fully embedded into the operation of the Council. Below is a chart that shows how each of these documents mesh together to give the overall coverage and responsibilities of the Council towards fraud:

Acknowledge – Prevent - Pursue

Prevent	<p>The Council has in place a strong governance framework to ensure that anti-fraud controls are included in all of its financial systems and processes, these are:</p> <ul style="list-style-type: none"> • Financial Regulations. • Financial Protocol. • Financial Framework of Accountability. <p>There is also a requirement on all services to have in place robust processes to combat potential fraud. Increasingly computer controls are being introduced to prevent and detect fraudulent activity. These elements are designed into systems that are being developed with the Council.</p>
	<p>The Council has in place a robust risk management process which ensures that all risk pertaining to the delivery of its objectives are identified and managed at an appropriate level. To support this there is a Fraud Risk Guide for management to allow them to identify and manage any potential fraud risks that they face. Risk is reported to and overseen by the Leadership Boards and Audit and Standards Committee.</p>
	<p>All Directors are required to review their governance arrangements and report any issues as part of the Annual Governance Statement sign-off process.</p> <p>Internal Audit undertakes risk based reviews across the Council and will report any control deficiencies found. In addition they carry out a number of proactive fraud reviews in specific high risk areas each year in order to test the anti-fraud controls in place.</p>

Pursue	<p>The Council has a number of detective controls that are built into systems to allow it to detect or prevent fraudulent activity. It is a requirement of all staff contained within the Code of Conduct to report fraud and irregularities, so that these can be investigated. If the normal lines of communication are not appropriate, then the Council has a whistleblowing process in place that allows officers to report any issues with the appropriate safeguards in place.</p>
	<p>Where fraud is detected the Council has a comprehensive document “Fraud, Theft and Corruption Response Plan” to assist managers in the investigation of fraud issues. This is to be used alongside the Human Resources document that is used in all management investigations. There is support available from Internal Audit and Human Resources so that managers can be confident and consistent to their approach to investigating fraud. All outcomes are monitored for patterns and potential weaknesses in systems that may arise.</p>

	<p>The Council will, following a thorough investigation, report on the issues found and management will then undertake the appropriate levels of disciplinary. This will potentially be the dismissal of the employee for gross misconduct. All cases are investigated in line with best practice and any mitigating factors will be sought and taken into account in deriving the outcome. Any criminal activity will be reported to the appropriate authorities. Where a loss is identified, this will be pursued through the civil processes or insurance routes as appropriate.</p>
