

PART A - Initial Impact Assessment

Proposal Name: Corporate Parenting Strategy 2023-26

EIA ID: 2507

EIA Author: Isobel Fisher

Proposal Outline:

Corporate Parenting is the term used in law to describe the collective responsibility to provide care for and support children in our care and our care leavers to ensure they have every opportunity to reach their full potential. The Corporate Parenting Strategy 2023-26 demonstrates the Council's commitment to ensuring that the life chances of every child and young person in its care are improved in line with their peers. We will act as strong advocates to ensure their needs are met in the best way possible, and to prioritise access to resources. We believe that every child and young person in Sheffield should have the best possible start in life and the opportunity to thrive. We want to ensure that care experienced children and young people receive the right support, at the right time and in the right place. When providing a service for our children and young people in care, we will challenge ourselves by asking, 'would this be good enough for my child?'. This strategy outlines our commitment to ensure that children are at the centre of our practice, that they feel safe and secure, have stability in their lives, that they are emotionally well and that we help them to achieve their full potential by supporting them in fulfilling their ambitions and aspirations.

Proposal Type: Non-Budget

Year Of Proposal: 23/24

Committees: Policy Committees

- Education, Children & Families

Portfolio

Primary Portfolio: Children's Services

EIA is cross portfolio: No

EIA is joint with another organisation: No

Overview of Impact

Overview Summery:

This proposal will have a positive impact on our looked after children and care leavers who come from a range of backgrounds. Our Corporate Parenting Strategy has been designed around feedback from our children looked after and care leavers and sets about how we will continue to provide Outstanding services for our children and young people. This will help contribute to better longer term outcomes for this cohort. The use of robust performance and quality assurance information as a result of the strategy will enable us to measure the impact of the work we will do over the next 3 years.

Impacted characteristics:

- Disability
- Health
- Poverty & Financial Inclusion
- Race
- Religion/Belief
- Sexual Orientation
- Sex
- Other

Consultation and other engagement

Cumulative Impact

Does the proposal have a cumulative impact: Yes
