| Charitable Site | Does this site have an operational element to it (e.g. storage / welfare / vehicle storage) | Is the site self-contained (i.e. everything is done from and stored on this site)? | Do the staff (and any facilities on the site) also service other sites? If so, which? | If the site does not have an operational base or some elements are housed elsewhere – where is it serviced from (i.e. where do the team go for welfare / where are the vehicles stored)? | Any notes / comments |
